

A person in a dark suit is shown from the waist down, holding a handgun in their right hand. The person is standing in a dark, possibly underground, space. A bright light source, likely a flashlight or a light from above, is visible in the background, creating a strong silhouette effect and illuminating the person's legs and the gun. The overall mood is dark and suspenseful.

Weekly Report ,1993 The Art of Risk Kayt Sukel,2016 Are risk takers born or made Why are some more willing to go out on a limb so to speak than others How do we weigh the value of opportunities large or small that may have the potential to change the course of our lives These are just a few of the questions that author Kayt Sukel tackles applying the latest research in neuroscience and psychology to compelling real world situations Building on a portfolio of work that has appeared in such publications as Scientific American Atlantic Monthly The Washington Post and more Sukel offers an in depth look at risk taking and its role in the many facets of life that resonates on a personal level Smart progressive and truly enlightening The Art of Risk blends riveting case studies and hard hitting science to explore risk taking and how it impacts decision making in work play love and life providing insight in understanding individual behavior and furthering personal success Handbook of Economic Evaluation of HIV Prevention Programs David R. Holtgrave,2013-06-29 If resources for HIV prevention efforts were truly unlimited then this book would be entirely unnecessary In a world with limitless support for HIV prevention activities one would simply implement all effective or potentially effective programs without regard to expense We would do everything useful to prevent the further spread of the virus that has already claimed hundreds of thousands of lives in the United States and millions of lives worldwide Unfortunately funding for HIV prevention programs is limited Even though the amount of available funding may seem quite large especially in the United States it is still fixed and not sufficient to meet all needs for such programs This was very well illustrated in the summer of 1997 when over 500 community based organizations applied for a combined total of 18 million of HIV prevention funding from the U S Centers for Disease Control and Prevention CDC Less than one fifth of these organizations received support via this funding mechanism Hence although 18 million may seem like a large amount of money at first blush it is not enough to meet all of the prevention needs that could be addressed by these community based organizations Worth the Risk Weston Parker,2024-02-26 I thought getting back to the forest would give me a chance to calm down Research is my passion And after my time in the city I need the wilderness to settle my nerves But Park Ranger Caleb Hunt has something else in mind Settling my nerves is definitely not on his to do list Tall handsome and cocky as hell He s everything I ve ever wanted In my world In my bed But something in his past is holding him back One second he s hot as the surface of the sun The next he s cold as the ice on a
