The Ice Woman:

The Woman Who Loved the Moon Elizabeth A. Lynn, 2014-04-01 Elizabeth A Lynn stands as a groundbreaking author of fantasy and science fiction Her stories weave richly drawn characters and complex scenes of daily life into the intricate tapestry of speculative fiction But beyond her technical skill Lynn has changed the landscape of fantasy writing as one of the first authors to incorporate themes of gender and gay relationships into her work Importantly these themes are not part of the fantastic story line but simply of the unremarkable normal relationships around which the fantasy occurs This collection of Lynn s early short stories serves as a wonderful introduction to her influential work Soaring emotions eloquent prose and fully realized worlds are truly a joy to become lost within That explains why the namesake short story *The Woman Who Loved the Moon* won Lynn one of her two World Fantasy Awards With *The Woman Who Loved the Moon* and *Other Stories* readers will delight in an author whose work George R R Martin has described as the sort of fantasy we don t see enough of lyrical and literate and a treat from the first page to the last

Mathew, 2011-10-27 I have captured my own harrowing experience which followed after I was positively diagnosed with multicentric breast cancer The contents of the book are based on my own version of the experience I had This led me through many corridors I had to navigate myself through to possibly save my life or maybe add a few more years to the only form of life I am familiar to I did not understand what I had to deal with at the time and I desperately needed some kind of help at hand as I did not have any time to research the possibilities of my condition I became aware that breast cancer was on the increase long before my own diagnosis This drove me to recall many agonizing memories which I would have preferred to erase from my mind entirely but I chose to mentally relive my torment in order to be of some benefit to my reader Once I started with my chemotherapy sessions I quickly realized why I heard and read of chemo patients who by their own choice gave up on chemotherapy and lacked the endurance to complete the treatment Who chose alternative treatment instead until I was confronted to tolerate the shock of being treated for my condition I have included my own account of my experiences before and after having a mastectomy thereafter chemotherapy radio therapy and an attempt at having a breast reconstruction
