The Glittering World:

From the Glittering World Irvin Morris, 1997 A collection of stories on the Navajo Indians The stories range from the Navajo version of the creation of the world to efforts by old people to save the Indian youth from white ways **The Glittering World** Robert Levy, 2015-02-10 In the tradition of Stephen King The Talisman Scott Smith The Ruins and Jason Mott The Returned award winning playwright Robert Levy spins a dark tale of alienation and belonging the familiar and the surreal family secrets and the search for truth in his debut supernatural thriller When Michael Whitley otherwise known as Blue takes three friends into the hinterlands of Canada to sell a house he s inherited it at first seems to everyone like the perfect getaway from New York But when Blue and the pregnant Elisa disappear into the forest it s not clear if they were running from their problems or toward something else Left behind the ethereal Gabe and Elisa s husband Jason are left to search for their loved ones unravel the truth behind the land they re in and in the process question everything they thought they knew about their relationships Locals talk of UFOs faeries and the Other Kind lurking out in the wild But when Elisa returns through the forest alone nothing could be stranger than the new mystery she brings with her Diné Peter Iverson, 2002-08-28 The most complete and current history of the largest American Indian nation in the U S based on extensive new archival research traditional histories interviews and personal observation **Restoring Relations Through Stories** Renae Watchman, 2024-04-30 This insightful volume delves into land based Din and Dene imaginaries as embodied in stories oral literary and visual Like the dynamism and kinetic facets of h zh Restoring Relations Through Stories takes us through many landscapes places and sites Renae Watchman introduces the book with an overview of stories that bring Ts Bit a or Shiprock Peak the sentinel located in what is currently the state of New Mexico to life The book then introduces the dynamic field of Indigenous film through a close analysis of two distinct Din directed feature length films and ends by introducing Dene literatures While the Din those from the four sacred mountains in Din tah in the southwestern United States are not now politically and economically cohesive with the Dene who are in Denendeh in Canada they are ancestral and linguistic relatives In this book Watchman turns to literary and visual texts to explore how relations are restored through stories showing how literary linkages from land based stories affirm Din and Dene kinship She explores the power of story to forge ancestral and kinship ties between the Din and Dene across time and space through re storying of relations A complex Din worldview and philosophy that cannot be defined with one word in the English language H zh means to continually strive for harmony beauty balance peace and happiness but most importantly the Din have a right to it **Alien Visions** Margaret Ziolkowski, 2005 There are many parallels and some revealing differences in the encounter between on the one hand the Americans and various Indian tribes and on the other the Russians and some of the peoples of the Caucasus and Siberia The enduring cultural consequences of these encounters provide a fruitful area of inquiry for the comparative examination of national images in literatures The major focus on this study is the perceptions and literary portrayal of the Chechens by the

Russians and the Navajos by the Americans Both the Chechen in Russian literature and the Navajo in American literature are often constructs images derived from a potent combination of prejudices and received assumptions In each case a relatively sizable corpus of writings produced over a century or longer exemplifies or attempts to counter persistent and influential modes of cultural stereotyping The diachronic analysis of the portrayal of either the Chechens or the Navajos illuminates patterns of prejudice that have immense implications for both popular and high culture The juxtaposition of the discussion of the two groups as they have been treated in Russian and American literature can deepen our understanding of the commonalities present in attempted cultural domination or ethnic idealization Margaret Ziolkowski is Professor of Russian at Miami University Ohio

Bitter Water Malcolm D. Benally, 2011-05-15 Many know that the removal and relocation of Indigenous peoples from traditional lands is a part of the United States colonial past but few know that in an expansive corner of northeastern Arizona the saga continues The 1974 Settlement Act officially divided a reservation established almost a century earlier between the Din Navajo and the Hopi and legally granted the contested land to the Hopi To date the U S government has relocated between 12 000 and 14 000 Din from Hopi Partitioned Lands and the Din both there and elsewhere continue to live with the legacy of this relocation Bitter Water presents the narratives of four Din women who have resisted removal but who have watched as their communities and lifeways have changed dramatically The book based on 25 hours of filmed personal testimony features the women s candid discussions of their efforts to carry on a traditional way of life in a contemporary world that includes relocation and partitioned lands encroaching Western values and culture and devastating mineral extraction and development in the Black Mesa region of Arizona Though their accounts are framed by insightful writings by both Benally and Din historian Jennifer Nez Denetdale Benally lets the stories of the four women elders speak for themselves Scholars media and other outsiders have all told their versions of this story but this is the first book that centers on the stories of women who have lived it in their own words in Navajo as well as the English translation The result is a living history of a contested cultural landscape and the unique worldview of women determined to maintain their traditions and lifeways which are so intimately connected to the land This book is more than a collection of stories poetry and prose It is a chronicle of resistance as spoken from the hearts of those who have lived it
