They say that legends are born not made But for Jeremy Goodson and Masaru Hagen that is far from the truth Confronted by something that neither of them can explain two complete strangers from opposite sides of the world embark on an unforgettable journey that will forge them into living legends It has been almost 4 000 years since magic disappeared from the Earth Hidden from humanity by the Veil those who possess magic live in ancient settlements across the globe Over the centuries these beings have pierced the Veil leaving behind glimpses and shadows of the fantastic and arcane Fueled by distant memories and humanity s desire for wonder familiar stories of myths and legends have been passed down for thousands of years in nearly every culture and nation Jeremy Goodson an average overweight teacher in New York City finds his entire world turned upside down when a stranger tempts him to leave everything behind and start a journey that will test Jeremy s mysterious gift and bring magic and hope back to humanity Masaru Hagen the adopted son of American tech entrepreneurs living in Tokyo has been guided by an unseen voice all his life On the eve of his twentieth birthday the voice leads him across thousands of miles on a mysterious and perilous mission he alone can undertake But there are principalities of this world that will do whatever they can to stop Jeremy and Masaru and keep magic out of the hands of humanity forever One of these men will bring hope to the world the other will bring death The world they once knew will be changed forever not only for themselves but for everyone on Earth and maybe not for the best **Rose and Thorne** Lorel

Clayton,2025-03-31 Highcrowne hits the fan when democracy comes to town Riots assassination One thing you can be sure of is that Eva Thorne will be at the center of it all Eva doesn t want to be the lead candidate for the Human Crown especially since she s Solhan and not human at all and certainly not after the elf interim council declares democracy a treasonous activity punishable by death The only thing no one counted on was a new player on the board or rather a very very old one People are turning into puppets under the control of an ancient bodysnatching plant but someone is pulling the puppeteer s strings and as usual nothing is what it seems Can Eva stop the plant creature from taking over the world Or should she let it win just to avoid a fate worse than death being elected Eva has become the cliché a hard drinking hard nosed private detective bitter and uncaring Or so she thinks A high profile murder throws Highcrowne into chaos and the man she s falling in love with despite her best efforts to avoid it is the prime suspect She sets out to prove his innocence and uncovers plots within plots and dangers far greater than the world s deadliest assassin or even the bodysnatching plant alien taking over the world Old lovers and old gods come back to haunt her and in the end she learns that sometimes winning means losing
