The Golden Widows:

The Golden Widows Isolde Martyn, 2014-08-01 Two young women on opposing sides find their lives wrecked by battle can they be restored by love As sister to Warwick the Kingmaker and cousin to the new young King Edward IV Kate Neville finds herself on the winning side of the latest bloody battle of the War of the Roses and under pressure to marry again Kate s family want to ensure her new husband will be someone they control such as the king s handsome chamberlain Lord William Hastings but Kate is refusing Hastings has a reputation as a womaniser and she wants a man who won t betray her like her first husband did But the debonair Hastings is determined to win her heart Can she thwart her brother s plans for her Elysabeth Woodville is a beautiful young woman much adored by her husband Sir John Grey but when he is killed in battle on the losing side and named as a traitor his estate is seized by the Yorkists and she finds herself penniless and friendless In her desperate struggle to restore her sons inheritance she finds herself not only kneeling before her enemy but winning his heart Is she is too proud to become his mistress Or does the King of England love her enough to ignore his friends advice and make her his queen In the precarious peace of a bloody civil war can love heal the wounds and reunite families Wonderful story telling enhanced by a depth of research that shows daily life in rich and fascinating detail Anna Jacobs Another well researched and lovely page turner from award winning historical novelist Isolde Martyn Felicity Pulman author of *Ghost Boy* *A Ring through Time* and *The Janna Mysteries* ***The Golden Windows*** Laura Elizabeth Howe Richards, 1903 *The Golden Windows* A Book of Fables for Young and Old by Laura Elizabeth Howe Richards first published in 1903 is a rare manuscript the original residing in one of the great libraries of the world This book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation Restoration Editors mission is to bring long out of print manuscripts back to life Some smudges annotations or unclear text may still exist due to permanent damage to the original work We believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it ***The House with the Golden Windows*** J. E. Buckrose, 1921 *The Public and Private in Dutch Culture of the Golden Age* Arthur K. Wheelock (Jr.), Arthur K. Wheelock, Adele F. Seeff, 2000 This volume of essays derives from a memorable interdisciplinary symposium At issue were various fundamental questions about the nature of Dutch sixteenth and seventeenth century society that fall under three broad categories civic culture art and religion The fourteen papers presented in this volume offer a number of fascinating insights into these and other questions that taken together greatly enrich our perception and understanding of this rich and varied society ***Widowhood in Early Modern Spain*** Stephanie Fink De Backer, 2010-11-26 Based on clerical ideals of female comportment and Golden Age playwrights fixation on questions of honor modern scholarship whether historical or literary has viewed women as subjects and objects of patriarchal control This study analyzes tensions and contradictions produced by the interplay of patriarchal norms and the realities of widows daily lives to demonstrate that in Castile patriarchy did not exist as a monolithic force which rigidly

enforced an ideology of female incapacity The extensive analysis of archival documents shows widows actively engaged in their families and communities confounding images of their reclusion and silence Widows autonomy and authority were desirable attributes that did not collide with the demands of a society that recognized the contingent nature of patriarchal norms

The Golden Legend Jacobus de Voragine,2012-04-22 Depicting the lives of the saints in an array of factual and fictional stories The Golden Legend was perhaps the most widely read book after the Bible during the late Middle Ages It was compiled around 1260 by Jacobus de Voragine a scholarly friar and later archbishop of Genoa whose purpose was to captivate encourage and edify the faithful while preserving a vast store of information pertaining to the legends and traditions of the church In this translation the first in English of the complete text William Granger Ryan captures the immediacy of this rich work which offers an important guide for readers interested in medieval art and literature and more generally in popular religious culture Arranged according to the order of saints feast days these fascinating stories are now combined into one volume This edition also features an introduction by Eamon Duffy contextualizing the work *The Golden Harp* ,1858

Widowhood and Visual Culture in Early Modern Europe Allison Levy,2017-07-28 Whereas recent studies of early modern widowhood by social economic and cultural historians have called attention to the often ambiguous yet also often empowering experience and position of widows within society Widowhood and Visual Culture in Early Modern Europe is the first book to consider the distinct and important relationship between ritual and representation The fifteen new interdisciplinary essays assembled here read widowhood as a catalyst for the production of a significant body of visual material representations of for and by widows whether through traditional media such as painting sculpture and architecture or through the so called minor arts including popular print culture medals religious and secular furnishings and ornament costume and gift objects in early modern Austria England France Germany Italy and Spain Arranged thematically this unique collection allows the reader to recognize and appreciate the complexity and contradiction iconicity and mutability and timelessness and timeliness of widowhood and representation

Spanish Women in the Golden Age Alain Saint-Saens,Magdalen Sánchez,1996-02-13 The history of women in early modern Spain is a largely untapped field This book opens the field substantially by examining the position of women in religious political literary and economic life Drawing on both historical and literary approaches the contributors challenge the portrait of Spanish women as passive and marginalized showing that despite forces working to exclude them women in Golden Age Spain influenced religious life and politics and made vital contributions to economic and cultural life The contributors seek to incorporate the study of Spanish women into the current work on literary criticism and on the intersection of private and public spheres The authors integrate women into subfields of Spanish history and literature such as Inquisition studies the Spanish monarchy Spain s economic and political decline and Golden Age drama The essays demonstrate the necessity and value of incorporating women into the study of Golden Age Spain
