Trease,1999-04-01 **Fragrance English -7** mukesh ,2019-09-25 The New York Times Parent's Guide to the Best Books for Children Eden Ross Lipson,2000-11-14 The Classic Guide That Helps You Select the Books the Child You Know Will Love In this third fully revised and updated edition of The New York Times Parent's Guide to the Best Books for Children the children's book editor of The New York Times Book Review personally selects and recommends books for children of every age The most comprehensive and authoritative book of its kind has been completely updated for the new millennium It contains hundreds of new entries many expanded descriptions and notations of additional companion and related titles more than 1 700 in all The best loved classics of the twentieth century are included as well as a thoughtful selection of outstanding titles from the last decade Six sections are organized according to reading level Wordless Picture Story Early Reading Middle Reading and Young Adult In addition to a summary of the book each entry provides the essential bibliographic information you need to find a book in your local library or bookstore including title author and or illustrator hardcover and or paperback publisher and publication year major awards related titles The unique and most popular feature of the guide is its system of special indexes more than sixty in all They make it easy for parents and grandparents teachers and librarians even children themselves to match the right book to the right child Browse through the indexes and find titles for every interest and mood picture books about cats mice or dinosaurs for babies funny books to read aloud to toddlers series about family life or school or fantasy adventures for a middle grade child books on divorce or death and coming of age novels just right for someone starting junior high school There are also indexes for books about minorities and religion an age appropriate reading level index and much more Lavishly decorated with more than three hundred illustrations from representative titles the guide also features extra wide margins for notes on which of your children liked which book at what age and why Thus the guide becomes a family reading record as well as an invaluable resource you'll use again and again Seventeen Anita Agnihotri,2013-07-22 A brother and sister visit the unique crater lake that their dead estranged mother had written to them about in her letters A middle class executive's orderly life turns upside down when his employer holds back his pay cheque without explanation The employees of a forgotten outpost in a sun baked town threaten mass suicide because they have no hope of survival Seventeen is a collection of short stories from Anita Agnihotri's vast oeuvre By turn intense bitter angry sad and torn apart by conflict the stories bring out different faces of human hardship and explore a country that is still unknown to many Set in metros and villages in small town India and international suburbia Agnihotri's stories run the gamut of experiences both everyday and extraordinary This is literary craftsmanship at its best Published by Zubaan **Sutra of the Wise and the Foolish** ,2006-01-01 One of the great treasures of Buddhist literature is mDo mdzangs blun or the Sutra of the Wise and the Foolish as it is known to the Mongols The text was translated to Mongolian from Tibetan as the lighter Dalai or Ocean of Narratives It is one of the most interesting enjoyable and readable

Buddhist scriptures For centuries it has been an inexhaustible source of inspiration instruction and pleasure for all who have been able to read it The history of this unusual scripture is still uncertain Legend has it that the tales were heard in Khotan by Chinese monks who translated them but from what language into Chinese from which it was translated into Tibetan then into Mongolian and Oirat The Narratives are Jatakas or rebirth stories tracing the causes of present tragedy in human lives to events which took place in former lifetimes The theme of each narrative is the same the tragedy of the human condition the reason for this tragedy and the possibility of transcending it But unlike Greek tragedy Buddhist tragedy is never an end in itself i e a catharsis but a call to transcend that which can be transcended and need not be endlessly endured The people we meet in the Sutra of the Wise and the Foolish although supposedly living in the India of the Buddha s time might also be living at present in New York City a small rural town or Leningrad and the problems they face are the same problems that men have had to face always and everywhere Herein lies the timeless appeal of this profound Buddhist scripture

Constantinople Old and New H. G. Dwight,2024-01-05 Excerpt A number of years ago it happened to the writer of this book to live in Venice He accordingly read as every good English speaking Venetian does Mr Howells s Venetian Life And after the first heat of his admiration he ingenuously said to himself I know Constantinople quite as well as Mr Howells knew Venice Why shouldn t I write a Constantinople Life He neglected to consider the fact that dozens of other people knew Venice even better than Mr Howells perhaps but could never have written Venetian Life Nevertheless he took himself and his project seriously He went back in the course of time to Constantinople with no other intent than to produce his imitation of Mr Howells And the reader will doubtless smile at the remoteness of resemblance between that perfect little book and this big one

Constantinople Dwight,2019-06-04 This substantial account of Constantinople or Istanbul as it is known today is both a history and a guide to that magnificent and fabled metropolis where east and west have met for many centuries Written in 1915 when as Stamboul the city was the last stop on the Orient Express it is illustrated with many rare period photographs This book for the general reader evokes all the colour and richness of the ultimate oriental city ancient capital of the Byzantine and Ottoman empires captured on the brink of modernization in the first years after the revolution The author describes everyday life in the city the features of permanent interest such as mosques gardens fountains the traces of Byzantium and the quays of the Golden Horn as well as the feasts custom s festivals and holidays that once enlivened Constantinople but are now only a memory The work concludes with an account of the revolution and of the effects of World War I on the city This is a portrait of the Istanbul that all travellers hope to find and still can in the pages of this book

Heller,2025-01-31 In *Literature for Little Bodhisattvas* Natasha Heller makes two key interventions first she argues that picturebooks are a new genre of Buddhist writing and second she calls attention to an emergent family Buddhism in Taiwan that fashions children as religious subjects through shared attention with adult readers Surveying Taiwanese Buddhism from the ground up Heller explores the changing family dynamics that have made children into a crucial audience for Buddhist education and the home a key site for Buddhist cultivation By taking picturebooks seriously as part of the Buddhist textual tradition Heller demonstrates their engagement with canonical sources alongside innovations for modern audiences Close readings analyzing both text and image trace narrative themes about Buddhist figures and connect representations of buddhas and bodhisattvas to a visual culture where new values such as cuteness are articulated Heller shows that picturebooks have become an integral part of a contemporary Buddhist education that equips children with strategies to interpret everyday life in Buddhist ways and provides religious models for action in the modern world *Literature for Little*
