Jewish Identity in the Reconstruction South Anton Hieke, 2013-05-28 How far can Jewish life in the South during Reconstruction 1863 1877 be described as German in a period of American Jewry traditionally referred to as German Jewish in historiography To what extent were Jewish immigrants in the South acculturated to Southern identity and customs Anton Hieke discusses the experience of Jewish immigrants in the Reconstruction South as exemplified by Georgia and the Carolinas The book critically explores the shifting identities of German Jewish immigrants their impact on congregational life and of their identity as Southerners The author draws from demographic data of six thousand individuals representing the complete identifiable Jewish minority in Georgia South and North Carolina from 1860 to 1880 Reconstruction it is concluded has to be seen as a formative period for the region's Jewish congregations and Reform Judaism The study challenges existing

views that are claiming German Jews were setting the standard for Jewish life in this period and were perceived as distinct from Jews of another background Rather Hieke arrives at a conclusion that takes into consideration the migratory movement between North and South *Pony Express Courier* ,1949 *Annual Report of the Secretary of the Navy* United States.

Dangerous Business Pat Choate,2008-08-12 From one of the most respected and vigorous economic thinkers in Washington a wake up call about the perils of unfettered globalization In this impassioned prescient book Pat Choate shows us that while increased worldwide economic integration has some benefits for our fiscal efficiency it also creates dependencies vulnerabilities national security risks and social costs that now outweigh its advantages He takes the long view of developments such as technology driven progress the offshoring of jobs and open trade arguing that current U S policies are leading to worldwide economic and political instability in much the same way as before the Great Depression Choate writes convincingly about the Defense Department s growing dependence on foreign sources for its technologies the leasing of parts of our interstate highway system to overseas investors China s economic mercantilism and international currency manipulation that damages the dollar We have been borrowing heavily from foreign lenders who by 2009 will own more than half of the Treasury debt a third of U S corporate bonds and a sixth of U S corporate assets all of which if handled improperly could trigger a global economic collapse But our economic forecast need not be dire Choate sees a way out of these dilemmas and presents politically viable steps the United States can take to remain sovereign prosperous and secure He presents bold new research that identifies the special interests and structural corruption that have overtaken our democracy and shows how they can be corrected He illustrates how our policy making and legislative process currently beholden to the highest bidder can be transformed from one of corporatism and elitism into one of greater transparency Clear eyed and persuasive this is sure to be one of the most widely discussed books of the year **Commissioner of Patents Annual Report** United States. Patent Office,1926 **The Trow (formerly Wilson's) Copartnership and Corporation Directory of New York City** ,1901 **Report** Oregon. Office of the Secretary of State,1904 **Biennial Report of the Secretary of State of the State of Oregon to the ... Legislative Assembly ... for the Period ...** Oregon. Office of the Secretary of State,1904 Vol for 1897 98 includes an appendix containing the names of all officers of the territory and State of Oregon from 1823 1899 by H R Kincaid 1899 1900 1904 06 include Official directory of state officers state boards commissions schools and colleges state institutions circuit judges district attorneys and county officers compiled by the Secretary of State
