Revival: A History of Modern Culture: Volume II (1934) Preserved Smith,2018-01-16 The understanding of history can be advanced only by the combination or alternation of analysis and synthesis Detailed research and generalizing survey are not antiethical but complementary For a long time however the specialist has reigned supreme in our schools The need is now surely for a return to synoptic writing The present work was undertaken to supply the need of a synthesis It is a map of a large region not a geological chart of a square mile or the plan of a single city Its value if any lies in its view of the interrelations of large tracts of social and intellectual life not in the intensive investigation of narrow fields **History Of France (Volume Ii)** Jules Michelet,G.
