The Impact Of You English Edition:

Love's Redeeming Work Geoffrey Rowell, Kenneth Stevenson, Rowan Williams, 2003-10-23 There is a rich vein of writing within Anglican tradition that has helped to form the theology and spirituality of the contemporary church For many readers much of this material remains unfamiliar and is often difficult to access Love's Redeeming Work draws together the works of major writers from the sixteenth century to the present day who have contributed to this development Each selected writer is introduced with a brief biography which gives background information about the author and highlights the relationships that existed with others from the same period This will enable the reader to set the writings in their proper context enhancing understanding of the material The selections then follow In some instances these may be familiar but other examples will introduce fresh ideas for every reader Each writer's selection is concluded with a list of source texts which can encourage readers to explore in more depth those areas which intrigue and excite them Love's Redeeming Work traces a path that has enabled Anglicanism in particular and the wider church as well to develop an ever deepening awareness of the need for a spiritual depth in the Christian life informed by a better knowledge of tradition In exploring this material it is the compilers hope that readers will find new riches that will encourage and sustain their own quest for holiness

Leopold Lahola,2025-04-01 Slovak Jewish writer Leopold Lahola escaped deportation to a concentration camp and fought in the resistance only to find himself forced into exile by the postwar communist regime He emerged from obscurity during the brief thaw of the Prague Spring when he was able to return to his homeland thriving as a playwright and film director It was also in 1968 that his short story collection The Last Thing appeared in Slovakia The collection s title proved sadly prophetic with the author suffering a fatal heart attack in January 1968 just before his 50th birthday and as his short stories finally appeared in book form The nine stories which make up The Last Thing range from the prewar rise of fascism and its dangers for the Jewish community through the concentration camps and the partisan fight against the Germans concluding with a devastating summation of all that had been lost and destroyed in the war Lahola writes masterfully outside of conventional

tropes exploring moral ambivalences where others work comfortably within the simple opposition of good versus evil He punctures the standard historical image of the partisan fighters by depicting their heroism alongside their cruelty and pettiness while also showing how often bravery and madness kindness and stupidity can coexist Lahola has written a sequence of World War II stories whose translation will offer not only a compelling read but starkly new perspectives on the tragedy and grandeur of that momentous time in history *So Long! Walt Whitman's Poetry of Death* Harold Aspiz, 2004 Through a close reading of *Leaves of Grass* its constituent poems particularly *Song of Myself* and Whitman's prose and letters Aspiz charts how the poet's exuberant celebration of life is a consequence of his central concern the ever presence of death and the prospect of an afterlife **The Conduct of War 1789-1961** J.
