The Edge David Baldacci, 2023-11-14 The 6'2" man is back-dropped by his handlers into a small coastal town in Maine to solve the murder of a CIA agent who knew America's dirtiest secrets. Can Travis Devine uncover the truth before his time runs out? When CIA operative Jenny Silkwell is murdered in rural Maine, government officials have immediate concerns over national security. Her laptop and phone were full of state secrets that in the wrong hands endanger the lives of countless operatives. In need of someone who can solve the murder quickly and retrieve the missing information, the U.S. government knows just the chameleon they can call on: Ex-Army Ranger Travis Devine. He spent his time in the military preparing to take on any scenario, followed by his short-lived business career chasing shadows in the deepest halls of power, so his analytical mind makes him particularly well-suited for complex, high-stakes tasks. Taking down the world's largest financial conspiracy proved his value, and in comparison, this case looks straightforward. Except small towns hold secrets, and Devine finds himself an outsider again. Devine must ingratiate himself with locals who have trusted each other their whole lives and who distrust outsiders just as much. Dak, Jenny's brother who's working to revitalize the town, Earl, the retired lobsterman who found Jenny's body, and Alex, Jenny's sister with a dark past of her own. As Devine gets to know the residents of Putnam, Maine, answers seem to appear and then transform into more questions. There's a long history of secrets, and those who will stop at nothing to keep them from being exposed. Leaving

Devine with no idea who he can trust and who wants him dead *The Fix* David Baldacci, 2017-04-18 In this perfect fix for the thriller aficionado Associated Press and 1 New York Times bestseller maverick FBI detective Amos Decker must forge an uneasy alliance with the Defense Intelligence Agency to prevent an international incident that could spell the end of the United States as we know it Amos Decker witnesses a murder just outside FBI headquarters A man shoots a woman execution style on a crowded sidewalk then turns the gun on himself Even with Decker's extraordinary powers of observation and deduction the killing is baffling Decker and his team can find absolutely no connection between the shooter a family man with a successful consulting business and his victim a schoolteacher Nor is there a hint of any possible motive for the attack Enter Harper Brown An agent of the Defense Intelligence Agency she orders Decker to back off the case The murder is part of an open DIA investigation one so classified that Decker and his team aren't cleared for it But they learn that the DIA believes solving the murder is now a matter of urgent national security Critical information may have been leaked to a hostile government or worse an international terrorist group and an attack may be imminent Decker's never been one to follow the rules especially with the stakes so high Forced into an uneasy alliance with Agent Brown Decker remains laser focused on only one goal solving the case before it's too late

Siahaan, 2019-08-03 This book is comprised of a compendium of summaries from all novels that I have read for almost twelve years Obviously the summaries have been documented on my blog since 2016 and seemingly in my opinion it is better bundled in a book form since the statistic views show that the classic fictions are those among most read so I rose to comply with that demand The purpose for which I devote myself to compose 85 summaries is to provide quick reading for novel readers and students Numerous genres are presented because I am quite conscious those will bequeath you an imaginative horizon As a work of art many of them transcend their expiatory aspects And still more important to us than scientific significance and literary worth is the inspirational impact those novels have on serious readers Finally happy reading and I hope you will find this book useful *The Forgotten* David Baldacci, 2012-11-20 When Army Special Agent John Puller finds
