The Ger War Some Sidelights And Reflections:

The German War Arthur Conan Doyle, 1914 This book contains nine essays upon different phases of the world drama which has made Conan Doyle's lifetime memorable. He himself thought them unworthy of republication were it not that at such a time every smallest thing which may help to clear up a doubt to elucidate the justice of the British cause or to accentuate the desperate need of national effort should be thrown into the scale. Included are I The Causes of the War II The World War Conspiracy III The Devil's Doctrine IV The Great German Plot V The Contemptible Little Army VI A Policy of Murder VII Madness VIII Great Britain and the Next War IX Afterthoughts **Twentieth Century Crime & Mystery**

Writers NA NA, 2015-12-25 **The Critical Reception of Sir Arthur Conan Doyle** Laurence W. Mazzeno, 2023 Examines both academic and popular assessments of Conan Doyle's work giving pride of place to the Holmes stories and their adaptations and also attending to the wide range of his published work. Twenty-first century readers, television viewers, and moviegoers know Arthur Conan Doyle as the creator of Sherlock Holmes, the world's most recognizable fictional detective. Holmes's enduring popularity has kept Conan Doyle in the public eye. However, Holmes has taken on a life of his own, generating a steady stream of critical commentary while Conan Doyle's other works are slighted or ignored. Yet the Holmes stories make up only a small portion of Conan Doyle's published work, which includes mainstream and historical fiction, history drama, medical spiritualist, and political tracts, and even essays on photography. When Doyle published whatever the subject, his contemporaries took note. Yet outside of the fiction featuring Sherlock Holmes, until recently, relatively little has been done to analyze the reception Conan Doyle's work received during his lifetime and since his death. This book examines both academic and popular assessments of Conan Doyle's work, giving pride of place to the Holmes stories and their many adaptations for print, visual, and online media, but attending to his other contributions to turn of the twentieth-century culture as well. The availability of periodicals and newspapers online makes it possible to develop an assessment of Conan Doyle's and Sherlock Holmes's reputation among a wider readership and viewership, thus allowing for development of a broader and more accurate portrait of Doyle's place in literary and cultural history. **Case of Sherlock Holmes** Andrew

Glazzard, 2018-08-13 *The Case of Sherlock Holmes* uncovers what is untold, partly told, wrongly told, or deliberately concealed in Arthur Conan Doyle's Sherlock Holmes saga. **The German War** Arthur Conan Doyle, 2021-11-09

In *The German War*, Arthur Conan Doyle crafts a compelling narrative that intertwines historical analysis with passionate rhetoric, reflecting on the complexities of World War I and its broader implications. Written with Doyle's characteristic clarity and vigor, this work is both a call to understanding and a defense of Britain's involvement in the conflict. The literary style blends persuasive essay with meticulous historical documentation, appealing to contemporary readers while also capturing the spirit of a nation grappling with unprecedented challenges and moral dilemmas during the Great War. Doyle, famed for his creation of the Sherlock Holmes character, was deeply engaged in the socio-political fabric of his time, marked by his fervent patriotism and

belief in justice His background as a physician and a war correspondent provided him with unique insights into the human condition which he channels into this work His experiences in the Boer War and keen interest in military strategy further influenced his perspective on the necessity and urgency of Britain's actions against German aggression during World War I The German War deserves a place on the shelves of readers interested in military history literature and the socio political ramifications of conflict Doyle's analysis not only illuminates the historical context of World War I but also resonates with modern readers questioning the moral responsibilities of nations in times of war *Catalogue of War Publications* ,1917
