The Endurance Handbook Philip Maffetone, 2015-06-09 Are you a triathlete runner cyclist swimmer cross country skier or other athlete seeking greater

endurance The Endurance Handbook teaches athletes how to stay healthy achieve optimal athletic potential and be injury free for many productive years Dr Philip Maffetone s approach to endurance offers a truly individualized outlook and unique system that he has refined over three decades of training and treating athletes ranging from world champions to weekend warriors Maffetone s training and racing philosophy emphasizes building a strong aerobic base for increased fat burning weight loss sustained energy and a healthy immune system Good nutrition and stress reduction are also key to this common sense big picture approach Dr Maffetone also dispels many of the commonly held myths that linger in participatory sports and which adversely impact performance and explains the truths about endurance such as The need to train slower to race faster will enable your aerobic system to improve endurance Why expensive running shoes can actually cause foot and leg injuries The fact that refined carbohydrates actually reduce endurance energy and disrupt hormone balance How overtraining can be avoided in its earliest stages And much more If you are looking to increase your endurance and maximize your athletic potential The Endurance Handbook is your one stop guide to training and racing effectively Skyhorse Publishing as well as our Sports Publishing imprint is proud to publish a broad range of books for readers interested in sports books about baseball pro football college football pro and college basketball hockey or soccer we have a book about your sport or your team In addition to books on popular team sports we also publish books for a wide variety of athletes and sports enthusiasts including books on running cycling horseback riding swimming tennis martial arts golf camping hiking aviation boating and so much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home

Your Healthy Pregnancy with Thyroid Disease Dana Trentini,Mary Shomon,2016-06-28 Experts address the myriad concerns for women with thyroid disease who are trying to or have conceived **Does This Pregnancy Make Me Look Fat?** Claire Mysko,Magali Amadei,2009-10 How to deal with your raging hormones

Breastfeeding and Media Katherine A. Foss,2017-06-14 This book centers on the role of media in shaping public perceptions of breastfeeding Drawing from magazines doctors office materials parenting books television websites and other media outlets Katherine A Foss explores how historical and contemporary media often undermine breastfeeding efforts with formula marketing and narrow portrayals of nursing women and their experiences Foss argues that the media s messages play an integral role in setting the standard of public knowledge and attitudes toward breastfeeding as she traces shifting public perceptions of breastfeeding and their corresponding media constructions from the development of commercial formula through contemporary times This analysis demonstrates how attributions of blame have negatively impacted public health approaches to breastfeeding thus confronting the misperception that breastfeeding and the failure to breastfeed rests solely on the responsibility of an individual mother **The Ultimate Guide to Pregnancy for Lesbians** Rachel Pepper,2008-09-05 The Ultimate Guide to Pregnancy for Lesbians covers everything you need to make the thrilling and

challenging journey to motherhood from choosing a donor to tracking fertility to signing the right papers on the dotted lines Rachel Pepper's lively easy to read guide is the first place to go for up to date information and sage advice on everything from sex in the sixth month to negotiating family roles Why a second edition When the acclaimed first edition appeared the author's daughter was only a few months old This new edition takes into account the parenting know how Pepper has developed over the intervening six years as well as the evolving legal status of lesbian parents and the increasing importance of the Internet for information on fertility sperm banks and donors The resource section is greatly expanded as are the sections on each trimester of pregnancy on childbirth and on life with a newborn And Pepper provides more insight into preconception planning for both single lesbians and couples An indispensable resource The Ultimate Guide to Pregnancy for Lesbians is now bigger and better

The Working Mother's Guide to Life Linda Mason, 2002 After you've made the decision to return to work following the birth of a child you may still wonder Am I doing the right thing for my family and How on earth do I make this work Now The Working Mother's Guide to Life sets out to offer you hundreds of answers to these types of questions from nuts and bolts advice such as finding top notch child care and stress free ways to manage your household to more complex issues like separating from your child without feeling guilty and creating a rich strong family culture that will thrive regardless of whether or not you are working Author Linda Mason herself a working mom and founder of an award winning company that cares for the children of working parents across the country provides a reassuring practical and comprehensive guide based on interviews with more than 100 successful working mothers from diverse backgrounds Here are countless strategies and tips from these experts on everything from household chores and returning to work with a newborn to finding communities of support Building the Three Pillars of Success A supportive workplace a partner in parenting and excellent child care Running a household holding down a job and thriving while keeping it all together from getting food on the table to getting out the door in the morning Setting your priorities including nurturing your family satisfying your employer and taking care of your own needs Tips from caregivers on how to help your children blossom and grow in a variety of child care settings

E-Book Risk and Choice in Maternity Care Andrew Symon, 2006-11-16 This title is directed primarily towards health care professionals outside of the United States This book explores the complex interrelationship between risk and choice in maternity care taking a close look at how high and low risk are defined and what impact this has on a woman's ability to exercise informed choices throughout pregnancy It offers an international collaboration that highlights different perspectives on debated issues with chapters on maternity care in the UK United States Australia and Ireland contributed by midwives obstetricians risk management experts and sociologists The aim of this book is to illustrate the changing reality of risk management as it relates to maternity care and to highlight risk management concerns that may limit the choices available to pregnant women Clarifies how applications of risk affect the choices pregnant women are able to exercise Locates pregnancy risk considerations within the overall scheme of risk management

Analyzes practitioners responses to the requirements of risk management Presents risk management and choice from the risk manager s perspective providing an understanding of risk as a macro concept in health care Highlights medico legal opinions on exercising choice underscoring the need for accurate information and the ability to make informed decisions Two chapters examine women s perspectives on risk labeling and the impact this has on choice one in which the concept of safety within maternity care is discussed and one in which the views of women with defined risk factors are explored and their ability to make choices is evaluated Two chapters written by health service risk managers discuss the differences between an inner city approach and a rural approach to the debate surrounding risk and choice Discusses midwifery s focus on normality in childbirth and considers how this viewpoint affects the risk dialogue including a chapter on clinical trends in maternity care An obstetric perspective on risk refutes criticisms of obstetricians as being more likely to impose risk labels and limit choices by discussing how risks and choices are presented and considered within obstetric care Explores the debate surrounding a woman s right to have a home birth in Ireland in light of its risk management climate Two chapters discuss the collaboration between service users midwives and obstetricians in Australia regarding the organization and delivery of maternity care as well as the views concerning risk among indigenous Australians Perspectives from nurse midwives in the U S discuss the complex relationships among nurse midwives obstetricians and pregnant women with regard to choice including views on risk within immigrant communities

Writing Childbirth Kim Hensley Owens,2015-06-24 Women seeking to express concerns about childbirth or to challenge institutionalized medicine by writing online birth plans or birth stories exercise rhetorical agency in undeniably feminist ways In *Writing Childbirth Women s Rhetorical Agency in Labor and Online* author Kim Hensley Owens explores how women create and use everyday rhetorics in planning for experiencing and writing about childbirth Drawing on medical texts popular advice books and online birth plans and birth stories as well as the results of a

childbirth writing survey Owens considers how women's agency in childbirth is sanctioned and how it is not. She examines how women's rhetorical choices in writing interact with institutionalized medicine and societal norms. Writing Childbirth reveals the contradictory messages women receive about childbirth, their conflicting expectations about it, and how writing and technology contribute to and reconcile these messages and expectations. Demonstrating the value of extending rhetorical investigations of health and medicine beyond patient/physician interactions and the discourse of physicians, Writing Childbirth offers fresh insight into feminist rhetorical agency and technology and expands our understanding of the rhetorics of health and medicine.

The Girlfriends' Guide to Pregnancy Vicki Iovine, 1996 Offers practical, light-hearted advice to pregnant women, including tips on dealing with mood swings, sex during pregnancy, common fears, and physical fitness.

Birth Control David E. Newton, 2019-12-02 Birth Control: A Reference Handbook provides a breadth and depth of discussion about birth control throughout human history and in the modern day, with attention paid to the controversies related to it. Birth Control: A Reference Handbook covers the topic of birth control from the earliest pages of human history to the present day. The book is divided into two parts. The first two chapters provide a historical background to the topic and a review of current issues and problems. The remainder of the book consists of chapters that aid the reader in continuing her or his own research on the topic, such as an extended annotated bibliography, chronology, glossary, noteworthy individuals and organizations in the field, and important data and documents. This book differs from other works on its subject primarily because of the variety of resources provided, such as further reading, perspective essays on the topic, a historical timeline, and useful terms in the field. It is intended for readers of high school through the community college level, along with adult readers who may be interested in the topic.

The Girlfriends' Guide to Pregnancy Daily Diary Vicki Iovine, 1996-11 Filled with straight talk from a four-time delivery room veteran, this book sees readers through the most exhilarating and exhausting time of their lives, one day at a time. An entire year's worth of invaluable, often hilarious advice on everything from stretch marks, morning sickness, and maternity underwear to bladder control, pregnancy insanity, and postpartum dementia is included.

The Case for Single Motherhood Katherine Elizabeth Mack, 2023-12-05 Delves into the rhetorical work of elective single mothers (ESMs) in the late twentieth and early twenty-first centuries as they sought and continue to seek to legitimize their maternal identities and family formations. Scholars of rhetoric have largely overlooked the inherent rhetoricity of family. In *The Case for Single Motherhood*, Katherine Mack posits family as a central concern of rhetorical studies by reflecting on how language is used by single mothers who seek to reenvision the personal, social, and political meanings of family. Drawing on intersectional and rhetorical theories, Mack demonstrates how the category of elective single motherhood emerged in response to the historically differential treatment of unwed mothers along racial and class lines. Through her readings of a range of self-sponsored ESM texts, guidebooks, memoirs, and interactive digital media written by and primarily for other ESMs, and from her perspective as an elective single mother herself, Mack evaluates the rhetorical

power as well as the exclusions and hierarchies that the ESM label effects She analyzes how ESMs envision motherhood visions that entail their musings about who can and should mother Ultimately Mack offers women who are considering nonnormative paths to motherhood a way to affirm their maternal identities and paths without disparaging others Scholars in the fields of rhetoric and feminist rhetorical studies will find in this volume an illuminating perspective on the rhetorical power of self sponsored texts in particular Crafting a methodology to identify and evaluate the goals and effects of legitimacy work and selecting sources that bring academic attention to varied genres of self sponsored writings Mack paves the way for future rhetorical studies of motherhood and family

Knock Yourself Up Louise Sloan, 2007-10-18 More information to be announced soon on this forthcoming title from Penguin USA *Black, Pregnant and Loving It* Yvette

Allen-Campbell, Suzanne Greenidge-Hewitt, Dr. Suzanne Greenidge-Hewitt, 2016-12-27 Yvette Allen Campbell and Dr Suzanne Greenidge Hewitt have created the ultimate pregnancy guide for today's black woman Most pregnancy books are geared towards white culture in language and approach as well as health issues While most of the development is the same regardless of race there are health and cultural issues specific to women of color But the biggest point of difference is a book written by black women an educator and a top doctor for black women Black Pregnant and Loving It includes information on the specific health issues common to pregnant black women from hyperventilating to dehydration as well as skin and hair concerns You'll learn how to select a doctor or midwife which diet is best for you and your baby how to identify your body's needs as well as a month by month view of what to expect In addition there are also flashbacks to older methods of childbirth and black folk myths and superstitions Overall this is a complete pregnancy guide rooted in modern science for the health and well being of the black community

The Stay-at-Home Survival Guide Melissa Stanton, 2009-02-23 Melissa Stanton's The Stay at Home Survival Guide is an all encompassing truth telling how to book that addresses the many practical and psychological issues facing stay at home moms today How do you create time for yourself Is there really time to do it all feed the kids keep them busy clean the house balance the checkbook and take a shower How do you deal with the absence of the professional you An invaluable resource for mothers The Stay at Home Survival Guide includes interviews with stay at home moms discussions with experts family therapists educators medical specialists career counselors checklists to help you make the most of your time and keep you balanced and Melissa Stanton's own experiences leaving a career as an editor for People magazine to become a stay at home mom herself
