The Greedy Bastard Diary Around The States In Days:

The Greedy Bastard Diary Eric Idle, 2009-10-13 From the beloved Python and New York Times bestselling author an insightful and enjoyable memoir travelogue from his money grubbing tour The AV Club A stunningly witty exploration of the American landscape not to mention a brilliant comic s mind this diary is chock full of everything you ever wanted to know about Eric Idle Monty Python the United States and sleeping on a bus In these pages the sixth nicest Python is cheeky touching and funny as he travels the highways and byways and takes us backstage at the Broadway smash Spamalot Fascinating moving at times even amusing this book may dramatically improve your sex life make you feel intelligent and charming within the first several pages and after a few chapters permanently eliminate all your personal or health problems So come experience eighty days 15 750 miles and forty nine cities as you never have before Taking readers from Vermont to Vegas as he attempts standup for the first time and writing with wit and honesty Idle mixes memoir and tales from his tour bus and offers a Pythonesque pastiche of goofy observations as he analyzes audiences dissects his nightly performances and recalls showbiz friendships Publishers Weekly Idle is warm and witty reminiscing about the Pythons glory days meditating on the aesthetics of comedy his philosophy of comedy is fascinating and elaborate and recounting many odd happenings on the road Booklist Talking about the Pythons casual cruelty to each other or the difficulty of living up to a decades old reputation Idle is hilarious his diary touches on topics as diverse as his first meeting with his wife his long friendship with George Harrison and his mother s death and his stories are both revealing and touching The AV Club

The Greedy Bastard Diary: A Comic Tour of America Eric Idle, 2003 **Focus On: 100 Most Popular Grammy Lifetime Achievement Award Winners** Wikipedia contributors, **Monty Python** Douglas McCall, 2013-11-19 A chronological listing of the creative output and other antics of the members of the British comedy group Monty Python both as a group and individually Coverage spans between 1969 the year Monty Python s Flying Circus debuted and 2012 Entries include television programs films stage shows books records and interviews Back matter features an appendix of John Cleese s hilarious business training films an index of Monty Python s sketches and songs an index of Eric Idle s sketches and songs as well as a general index and selected bibliography **Playbill** , 2005 [Greedy Bastard Diary](#) Eric Idle, 2001-01-01 The legendary star of Monty Python fame takes fans on a deeply personal and hilarious whirlwind tour around America in this memoir published to coincide with the spring 2005 opening of Spamalot the new musical adaptation of Monty Python and the Holy Grail 16 page color photos insert **Kissinger** Niall Ferguson, 2016-09-27 From the bestselling author of *The Ascent of Money* and *The Square* and the Tower the definitive biography of Henry Kissinger based on unprecedented access to his private papers Winner of the Council on Foreign Relations Arthur Ross Book Award No American statesman has been as revered or as reviled as Henry Kissinger Once hailed as Super K the indispensable man whose advice has been sought by every president from Kennedy to Obama he has also been hounded by conspiracy theorists scouring his every telcon for evidence of Machiavellian

malfeasance Yet as Niall Ferguson shows in this magisterial two volume biography drawing not only on Kissinger's hitherto closed private papers but also on documents from more than a hundred archives around the world the idea of Kissinger as the ruthless arch realist is based on a profound misunderstanding The first half of Kissinger's life is usually skimmed over as a quintessential tale of American ascent the Jewish refugee from Hitler's Germany who made it to the White House But in this first of two volumes Ferguson shows that what Kissinger achieved before his appointment as Richard Nixon's national security adviser was astonishing in its own right Toiling as a teenager in a New York factory he studied indefatigably at night He was drafted into the U S infantry and saw action at the Battle of the Bulge as well as the liberation of a concentration camp but ended his army career interrogating Nazis It was at Harvard that Kissinger found his vocation Having immersed himself in the philosophy of Kant and the diplomacy of Metternich he shot to celebrity by arguing for limited nuclear war Nelson Rockefeller hired him Kennedy called him to Camelot Yet Kissinger's rise was anything but irresistible Dogged by press gaffes and disappointed by Rocky Kissinger seemed stuck until a trip to Vietnam changed everything The Idealist is the story of one of the most important strategic thinkers America has ever produced It is also a political Bildungsroman explaining how Dr Strangelove ended up as consigliere to a politician he had always abhorred Like Ferguson's classic two volume history of the House of Rothschild Kissinger sheds dazzling new light on an entire era The essential account of an extraordinary life it recasts the Cold War world
