The Girls Guide To Homelessness:

The Girl's Guide to Homelessness Brianna Karp, 2011-04-26 Brianna Karp entered the workforce at age ten supporting her mother and sister throughout her teen years in Southern California. Although her young life was scarred by violence and abuse, Karp stayed focused on her dream of a steady job and a home of her own. By age twenty-two, her dream became reality. Karp loved her job as an executive assistant and signed the lease on a tiny cottage near the beach. And then the Great Recession hit Karp like millions of others; she lost her job. In the six months between the day she was laid off and the day she was forced out onto the street, Karp scrambled for temp work and filed hundreds of job applications only to find all doors closed. When she inherited a thirty-foot travel trailer after her father's suicide, Karp parked it in a Walmart parking lot and began to blog about her search for work and a way back. *The Girl's Guide to Homelessness*, 2011

Life Narratives and Youth Culture Kate Douglas, Anna Poletti, 2016-12-26 This book considers the largely under-recognised contribution that young writers have made to life-writing genres such as memoir, letter writing and diaries, as well as their innovative use of independent and social media. The authors argue that these contributions have been historically silenced, subsumed within other literary genres, culturally marginalised or co-opted for political ends. Furthermore, the book considers how life narrative is an important means for youth agency and cultural participation. By engaging in private and public modes of self-representation, young people have contested public discourses around the representation of youth, including media, health and welfare, and legal discourses, and found means for re-engaging and re-appropriating self-images and representations. Locating their research within broader theoretical debates from childhood and youth studies, youth creative practice and associated cultural implications, youth citizenship and autonomy, the rights of the child, generations and power relationships, Poletti and

Douglas also position their inquiry within life narrative scholarship and wider discussions of self representation from the margins representations of conflict and trauma and theories of ethical scholarship **Survival Quest** Sally
