Representations of Gender and Class in "The Great Gatsby". An Analysis of the Movie Adaptations of 1974 and 2013 Matthias Köbrich,2016-12-12 Bachelor Thesis from the year 2014 in the subject Film Science grade 1 3 Friedrich Alexander University Erlangen Nuremberg American Studies language English abstract A tendency in the realm of gender studies has been to mainly concern oneself with gender whereas the same can be claimed in terms of class analysis showing a tendency towards primarily and exclusively dealing with class This study tries to combine both fields in an attempt to not only expose how present forms of masculinity are established but also how these forms interact with class In addition to Crenshaw s intersectionality theory Pyke s concept of interpersonal power and Connell s theory of hegemonic masculinity will be dealt with The synergy between masculinity and class will be scrutinized by means of two movie adaptations of The Great Gatsby 1974 2013 It will be shown that factors such as social and geographical mobility career and the need or ability to display class marked objects as well as the male body can be identified as producing and helping to maintain multiple forms of class based masculinity as well as shaping and changing these masculinities

A Piagetian Reading of "The Great Gatsby". Gatsby's Character and Augmented Reality Marie H., 2014-10-14 Seminar paper from the year 2014 in the subject American Studies Literature grade 1-7 RWTH Aachen University Institut für Anglistik Amerikanistik und Romanistik language English abstract The paper at hand will focus especially on Piaget's second development stage, the preoperational stage, which covers children around the age of three. Subsequently, the character of Jay Gatsby will be analyzed. Does Gatsby act like a three-year-old boy, and in how far does this affect his reality? One question answered in the conclusion is if it is possible to analyze Gatsby only considering his egocentrism, and is Piaget the right theorist to use as a base. In how far can Gatsby be reduced to only one of his attributes? The most important literature that will be used is the novel *The Great Gatsby* by Fitzgerald, as well as three publications written by Piaget: *Meine Theorie der Geistigen Entwicklung* (eng. *My Theory of Mental Development*), *Possibility and Necessity*, Vol. 1: *The Role of Possibility in Cognitive Development*, and *Theorien und Methoden der Modernen Erziehung* (eng. *Theories and Methods of Modern Education*). Those three publications are used because they are primary literature as well as relevant to the topic, since they cover almost everything needed for this term paper. This literature, and such more, will first give a definition of what the preoperational stage includes, especially focusing on the egocentrism, which will then build the base for the character analysis. By analyzing Gatsby's character, I want to ascertain his obvious egocentrism. All in all, I believe that Piaget is a start to analyze Gatsby's psyche. He is not the usual theorist used for character analysis, since he focused his research on children. Yet, I believe Piaget is the right choice for this topic. I chose him as the foundation of the paper to point out Gatsby's inner child.

About "The Great Gatsby" by F. Scott Fitzgerald** Janina Gaiser,2018-03-06 Seminar paper from the year 2014 in the subject American Studies Literature grade 1 0 University of Constance language English abstract The Great Gatsby by Fitz Scott Fitzgerald is considered to be one of the greatest American novels one of the key themes in the book is Gatsby s dream and it will be the centre of this term paper Out of the various approaches to the book this paper will focus on the character constellation of the protagonist Jay Gatsby and Daisy the woman with whom he falls in love How does Gatsby s dream develop in connection with his fascination to Daisy Claiming that although two people are involved his dream is only focused on himself I will try to show at least to a certain extent how Gatsby s dream has three basic and related parts the desire to repeat the past the desire for money and the desire for incarnation of unutterable visions in the material earth Lockridge 1968 Since Daisy represents all of these dreams when they meet for the first time she becomes the personification of his dream but in the course of the events their paths become separated Therefore this term

paper will also investigate how Gatsby's dream further develops since being separated from Daisy and finally what happens when he meets Daisy again why does she in the end tumble short of his dreams Fitzgerald 2000 Regarding the often discussed issue whether or not Fitzgerald was writing a myth specifically about America and the American Dream or whether Gatsby's dream can attain a wider relevance I will not be able to refer to in much detail The paper will also not discuss the point of narrative but it is nevertheless crucial to mention that Gatsby is presented almost entirely through Nick's puzzled and often disapproving eyes Parkinson 1988

Choreographing Creativity Jennifer Lynne Bird, 2009-12-03 Choreographing Creativity Teaching as Artistic and Technical within the Curriculum of Composition views teaching as a combination of artistic and technical elements similar to a figure skating or dance routine Dr Jennifer Bird presents a fictional story founded in factual teaching methods to illustrate this concept The fifteen teachers in Cohort for Change join her on this journey to share snapshots of their classroom experiences and advice for educators who wish to reclaim classroom creativity in the current teach to the test culture of education Psychological Politics of the American Dream Lois Tyson, 1994 While it is reasonable to assume that our national literature would offer a fertile field in which to explore the interaction between the ideological and psychological dimensions of American life critics generally have kept these two domains separate and the dominant model has consisted of an archaic notion of the individual in society Discourse and Style Dan Shen, 2024-12-02 This book examines overlaps differences and complementarities between narratology and stylistics and shows the consequences of this examination for the practical analysis of prose narrative Narratology identifies discourse as one of its two main objects of study story being

the other and stylistics of course designates style as its concern Too often however work in each of these fields proceeds without attention to developments in the other This book corrects that situation by looking beneath the superficial similarities between the discourse of narratology and the style of fictional stylistics The author shows that the two seemingly interchangeable terms actually refer to different textual elements For example both narratology and stylistics identify point of view as an important element of discourse and style respectively but each approach conceives of it differently and thus analyzes it differently This book argues that the different analyses are complementary and shows how they can be brought together This synthesis leads to richer conceptions of point of view as well as more comprehensive and precise analyses of its functions and effects in individual narratives For its theoretical and interpretive contributions this book will appeal to scholars and students in narrative studies literary stylistics and literary theory and criticism Literary analysis for English Literature for the IB Diploma Carolyn P.
