

THE GREAT WAR

The Great War

Churchill, Miller, and Reynolds

The Great War:

The Great War John Howard Morrow, 2004 Includes index bibliography p 333 347 **The Great War in History** Jay Winter, Antoine Prost, 2005-07-21 Since the Armistice a vast literature has been produced on the First World War and its repercussions In this 2005 book two leading historians from the United States and France have produced a fully comparative analysis of the ways in which this history has been written and interpreted The book identifies three generations of historians literary scholars film directors and writers who have commented upon the war Through a thematic structure it assesses not only diplomatic and military studies but also the social and cultural interpretations of the Great War as seen primarily through the eyes of French German and British writers It provides a fascinating case study of the practice of history in the twentieth century and of the enduring importance of the national lens in shaping historical narrative This interesting study will prove invaluable reading to scholars and students in history war studies European history and international relations

The Great War Robert Cowley, 2004 The First World War was the true turning point of the 20th century It brought down dynasties and empires including the Ottoman It changed the United States from a bumptious provincial nation into a world power It made World War II inevitable and the Cold War as well Above all the Great War was history's first total war an armed conflict on a world stage between industrialized powers Robert Cowley has brought together the 30 articles in this book to examine the war in all its diverse aspects A number of the subjects covered are not just unfamiliar but totally fresh Who originated the term no man's land and the word tank What forgotten battles nearly destroyed the French Army in 1915 How did the discovery of a German naval codebook bring the United States into the war What was the weapon that for the first time put a man made object into the stratosphere The Great War takes a hard look at the legend of the Massacre of the Innocents at Ypres in 1914 an event that became a cornerstone of Nazi mythology It describes the Gallipoli campaign as it has never been described before from the Turkish side Here too are the horrors of naval warfare as both British and German sailors experienced them at the Battle of Jutland the near breakdown of the American commander John H Pershing and the rarely told story of the British disaster on the Tigris River in what is now Iraq Michael Howard chronicles the summer of 1914 and the descent into a war that leaders were actually more afraid to avoid than to join John Keegan writes about the muddy tragedy of Passchendaele in 1917 Jan Morris details the rise and fall of Sir John Fisher whom she characterizes as the greatest British admiral since Nelson *The Great War* D. E. Marshall, 1988 **The Great War** Peter Hart, 2013 The Great War was the first truly global conflict and it changed the course of world history Empires fell others were crippled and new contenders emerged Economies crashed and millions would be affected by the Depression that followed Understanding The Great War is crucial to understanding the history of the twentieth century and the present day In this magnum opus critically acclaimed historian Peter Hart examines the conflict in every arena around the world in a history that combines cutting edge scholarship with vivid and unfamiliar eyewitness accounts from kings and generals and ordinary soldiers He focuses in

particular on explaining how technology and tactics developed during the conflict and determined which battles were crucial to its outcome Combatants from every corner of Earth joined the fray but their voices are rarely heard together This is a major history of the conflict whose 100th anniversary is fast approaching [The Myth of the Great War](#) John Mosier,2011-03-29 Based on previously unused French and German sources this challenging and controversial new analysis of the war on the Western front from 1914 to 1918 reveals how and why the Germans won the major battles with one half to one third fewer casualties than the Allies and how American troops in 1918 saved the Allies from defeat and a negotiated peace with the Germans **The Great War and the Anthropocene** ,2024-11-04 This volume places the Eastern especially

the Austro Russian fronts of the Great War centre stage examining the little known environmental and spatial dimensions in the history of the war The focus is particularly on the Austrian crown land of Galicia which was transformed from a neglected periphery into a battleground of three imperial armies and where for the first time nature was a key protagonist The book balances contributions by emerging and established scholars and benefits from a multi language approach expertise in the field and extensive archival research in national archives Contributors are Hanna Bazhenova Gustavo Corni Iaroslav Golubinov Kerstin Susanne Jobst Tomasz Kargol Alexandra Likhacheva Oksana Nagornaia David Novotny Christoph N bel Gwendal Pi gais Andrea Rendl Kamil Rusza a Nicolas Saunders Kerstin von Lingen Yulia Zherdeva and Liubov Zhvanko

Harlem's Rattlers and the Great War Jeffrey T. Sammons,John H. Morrow, Jr.,2015-09-26 When on May 15 1918 a French lieutenant warned Henry Johnson of the 369th to move back because of a possible enemy raid Johnson reportedly replied I m an American and I never retreat The story even if apocryphal captures the mythic status of the Harlem Rattlers the African American combat unit that grew out of the 15th New York National Guard who were said to have never lost a man to capture or a foot of ground that had been taken It also in its insistence on American identity points to a truth at the heart of this book more than fighting to make the world safe for democracy the black men of the 369th fought to convince America to live up to its democratic promise It is this aspect of the storied regiment s history its place within the larger movement of African Americans for full citizenship in the face of virulent racism that Harlem s Rattlers and the Great War brings to the fore With sweeping vision historical precision and unparalleled research this book will stand as the definitive study of the 369th Though discussed in numerous histories and featured in popular culture most famously the film Stormy Weather and the novel Jazz the 369th has become more a matter of mythology than grounded factually accurate history a situation that authors Jeffrey T Sammons and John H Morrow Jr set out to right Their book which eschews the regiment s famous nickname the Harlem Hellfighters a name never embraced by the unit itself tells the full story of the self proclaimed Harlem Rattlers Combining the fighting focus of military history with the insights of social commentary Harlem s Rattlers and the Great War reveals the centrality of military service and war to the quest for equality as it details the origins evolution combat exploits and postwar struggles of the 369th The authors take up the internal dynamics of the regiment as well as external pressures

paying particular attention to the environment created by the presence of both black and white officers in the unit They also explore the role of women in particular the Women s Auxiliary of the 369th as partners in the struggle for full citizenship From its beginnings in the 15th New York National Guard through its training in the explosive atmosphere in the South its singular performance in the French army during World War I and the pathos of postwar adjustment this book reveals as never before the details of the Harlem Rattlers experience the poignant history of some of its heroes its place in the story of both World War I and the African American campaign for equality and its full i The Great War in Verse and Prose Gilbert Murray,Arthur Conan Doyle,Edmund Gosse,Theodore Roosevelt,Rudyard Kipling,Bliss Carman,Woodrow Wilson,Henri Louis Bergson,Henry John Cody,2023-10-24 The anthology The Great War in Verse and Prose offers a profound exploration of World War I through an unparalleled amalgamation of literary forms showcasing the range from heart wrenching poetry to incisive prose This collection underlines the diverse experiences and interpretations of a conflict that reshaped the world presenting a tapestry of emotions and thoughts from different cultural and national perspectives The significance of standout pieces lies not in their individual authors but in their collective ability to capture the zeitgeist of an era marked by unprecedented turmoil and transformation The contributing authors and editors including notable figures such as Gilbert Murray Arthur Conan Doyle and Henri Louis Bergson bring to the table a rich background of literary historical and political involvement Their collective contributions highlight various facets of the war from heroism to tragedy and align with significant literary and cultural movements of the time This assemblage of viewpoints offers a unique lens through which to examine the socio political landscape of the early 20th century enriched by the personal insights and scholarly expertise of its contributors Reading The Great War in Verse and Prose is an invitation to traverse the emotional and intellectual breadth of World War I through a mosaic of literary expression For scholars students and general readers alike this anthology presents a unique opportunity to engage with the wars multifaceted impact exploring themes of heroism loss and the quest for meaning in a changed world The collection not only educates but also fosters a deeper understanding and dialogue between the diverse voices and narratives that define this pivotal moment in history *The Sherwood Foresters in the Great War 1914-1919 (WWI Centenary Series)* W. C. C. Weetman,2016-03-10 The book is not intended in any way to be a literary effort All that has been attempted has been a simple narrative of our doings for the use primarily of persons connected with the Battalion My main endeavour throughout has been to secure accuracy but it will be understood that in sifting the mass of material placed at my disposal errors may have crept in I trust however that these are few This book is part of the World War One Centenary series creating collating and reprinting new and old works of poetry fiction autobiography and analysis The series forms a commemorative tribute to mark the passing of one of the world s bloodiest wars offering new perspectives on this tragic yet fascinating period of human history Each publication also includes brand new introductory essays and a timeline to help the reader place the work in its historical context **Europe's Last Summer** David Fromkin,2007-12-18

When war broke out in Europe in 1914 it surprised a European population enjoying the most beautiful summer in memory. For nearly a century since historians have debated the causes of the war. Some have cited the assassination of Archduke Franz Ferdinand, others have concluded it was unavoidable. In *Europe's Last Summer*, David Fromkin provides a different answer: hostilities were commenced deliberately. In a riveting re-creation of the run-up to war, Fromkin shows how German generals, seeing war as inevitable, manipulated events to precipitate a conflict waged on their own terms. Moving deftly between diplomats, generals, and rulers across Europe, he makes the complex diplomatic negotiations accessible and immediate. Examining the actions of individuals amid larger historical forces, this is a gripping historical narrative and a dramatic reassessment of a key moment in the twentieth century. [The Legacy of Serbia's Great War](#) Alex

Tomić, 2024-01-05 In the winter of 1915, following the invasion of Serbia by the Central Powers, the Serbian Army retreated across the mountains of Albania and Montenegro, together with thousands of civilians. Around 240,000 lost their lives. Today, the story of the retreat is little known, except in Serbia, where it represents the heroic Serbian sacrifice in the Great War. In this book, Alex Tomic examines the centenary events memorializing the First World War, with the retreat at its core, and provides a persuasive account of the ways in which the remembrance of Serbian history has been manipulated for political purposes. Whether through commemorations, ceremonies, or grass-root initiatives, she demonstrates how these have been used as distractions from the more recent unexamined past, and in doing so, provides an important new perspective on the cultural history of commemoration. [The Great War Hunt](#) Tooley, 2015-11-30 This revised and updated introduction to World War

One crosses the boundaries of national histories to examine the various connections between the 400-mile-long Western Front and the home fronts of the UK, France, Germany, Canada, Australia, and the USA. Incorporating recent research, Hunt Tooley rethinks the patterns of war, society, culture, and politics in the early twentieth century. **How the Pershore Plum**

Won the Great War Professor Maggie Andrews, Jenni Waugh, 2016-07-04 The First World War was won not just on the battlefields but on the Home Front by the men, women, and children left behind. This book explores the lives of the people of Pershore and the surrounding district in wartime, drawing on their memories, letters, postcards, photographs, leaflets, and recipes to demonstrate how their hard work in cultivating and preserving fruit and vegetables helped to win the Great War. Pershore plums were used to make jam for the troops, but ensuring these and other fruits and vegetables were grown and harvested required the labour of land girls, Boy Scouts, schoolchildren, Irish labourers, and Belgian refugees. When submarine warfare intensified, food shortages occurred, and it became vital for Britain to grow more and eat less food. Housewives faced many challenges in feeding their families, and so in 1916 the Pershore Women's Institute was formed, providing many women with practical help and companionship during some of Britain's darkest hours in history. [Tracing Your Great War](#)

[Ancestors: The Egypt & Palestine Campaigns](#) Stuart Hadaway, 2017-06-30 *Tracing Your Great War Ancestors: The Egypt and Palestine Campaigns* is the first book explicitly aimed at helping the descendants of those who fought in this part of the

Middle East find out more about their ancestors actions experiences and achievements Their wartime lives were very different to those who served on the Western Front and yet have never before been explored from this angle Hundreds of thousands of British and Imperial troops fought in the Western Desert Sinai Desert Palestine the Jordan Valley and Syria They served in conditions quite unlike those more familiarly faced in France and Flanders with everyday challenges to survival including the heat lack of water hostile wildlife and rampant disease The fighting too was of a different character with more open sweeping campaigns across desert and mountains and comparatively little systematic trench warfare As well as giving the reader a vivid impression of the experience of wartime service in the region Stuart Hadaways handbook provides a guide to the main sources archives and websites that researchers can consult to get an insight into their ancestors role and their contribution to the war effort

In the Shadow of the Great War Kirsty Bennett, Imogen Middleton, Michael Page, Juliet Warren, 2019-10-07 The military toll of World War I is widely known millions of Britons were mobilised many thousands killed or wounded and the landscape of British society changed forever But how was the conflict experienced by the people of Surrey on the home front Surrey Heritage's project Surrey in the Great War A County Remembers has over the four year centenary commemoration explored the wartime stories of Surrey's people and places The project's discoveries are here captured through text case studies and images This book chronicles the mobilisation of Surrey men the training of foreign troops in the county objection to military service defence against invasion voluntary work and fundraising the experiences of women and children shortages industrial supply to the armed forces and the commemoration of Surrey's dead Drawing heavily on the rich archives of Surrey Heritage it is an engaging exploration of a county in the shadow of the first globalised war between industrialised nations

A Brief History of the Great War Carlton Joseph Huntley Hayes, 2015-06-24 Excerpt from A Brief History of the Great War The following pages constitute a connected story of the late war from its origins to the conclusion of the Peace of Versailles not for the edification of experts military or other but rather for the enlightenment of the general reader and student A definitive history of the war will never be written it is much too early of course even to attempt it All that the author has here essayed to do is to sketch tentatively what seem to him its broad outlines domestic politics of the several belligerents no less than army campaigns and naval battles and in presenting his synthesis to be guided so far as in him lay by an honest desire to put heat and passion aside and to write candidly and objectively for the instruction of the succeeding generation The author is under special obligation to Messrs Dodd Mead and Company for the kind permission which they have accorded him of drawing freely upon the articles on The War of the Nations which he wrote in 1914 1915 and 1916 for their invaluable New International Year Book In the opening chapter of the present work the author has also incorporated a few paragraphs from the last chapter of his Political and Social History of Modern Europe to which in a way the Brief History of the Great War is supplementary About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a

reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Britain and Victory in the Great War Peter Liddle, 2018-06-30 How can we begin to make sense of the Great War now that over 100 years have passed since it ended with the defeat of Germany Austria Hungary the Ottoman empire and Bulgaria and the collapse of Tsarist Russia The conflict had such a profound influence on world history that is it difficult to reconcile the different perspectives and draw clear conclusions That is why this thought provoking collection of original essays on the outcome of the war and its aftermath is of such value It completes the trilogy of ground breaking volumes conceived and edited by Peter Liddle which presents the latest scholarly thinking about the Great War from an international perspective The first two volumes Britain Goes to War and Britain and the Widening War made this stimulating new writing accessible to a broad readership and this final volume has the same aim A group of over twenty expert contributors reconsider the military reasons for the outcome of the fighting and look at the consequences for the principal nations involved They explore the way the war and the peace settlement shaped the twentieth century and had an enduring impact within Europe and beyond

The Story of the Great War (Complete) Various Authors, What lesson will America draw from the present Great War Must she see the heads of her own children at the foot of the guillotine to realize that it will cut or will she accept the evidence of the thousands which have lain there before Will she heed the lesson of all time that national unpreparedness means national downfall or will she profit from the experience and misfortunes of others and take those needed measures of preparedness which prudence and wisdom dictate In a word will she draw any valuable lessons from the Great War This is the question which is so often asked As yet there is no answer It is the question uppermost in the minds of all those who are intelligently interested in our country's welfare and safety It is the question which vitally concerns all of us as it concerns the defense and possibly the very existence of our nation The answer must be Preparedness If we are to live preparedness to oppose the force of wrong with the strength of right Will it be That's the question Or will America drift on blind to the lessons of the world tragedy heedless of consequences concerned with the accumulation of wealth satiated with a sense of moral worth which the world does not so fully recognize planning to capture the commerce of the warring nations and expecting at the same time to retain their friendship and regard Let us hope that in the light of what is and as a preparation against what may be the answer will be characteristic of a great people peaceful but prudent and foreseeing that it will be thorough carefully thought out preparedness preparedness against war A preparedness which if it is to be lasting and secure must be founded upon the moral organization of our people an organization which will create and keep alive in the heart of every citizen a sense not only of obligation for service to the nation in time of war or trouble but also of obligation to so prepare

himself as to render this service effective An organization which will recognize that the basic principle upon which a free democracy or representative government rests and must rest if they are to survive the day of stress and trouble is that with manhood suffrage goes manhood obligation for service not necessarily with arms in hand but for service somewhere in that great complex mass which constitutes the organization of a nation's might and resources for defense organization which will make us think in terms of the nation and not those of city State or personal interest organization which will result in all performing service for the nation with singleness of purpose in a common cause preparedness for defense preparedness to discharge our plain duty whatever it may be Such service will make for national solidarity the doing away with petty distinctions of class and creed and fuse the various elements of this people into one homogeneous mass of real Americans and leave us a better and a stronger people Once such a moral organization is accomplished the remaining organization will be simple This will include an organization of transportation on land and sea and of communications An organization of the nation's industrial resources so that the energy of its great manufacturing plants may be promptly turned into making what they can best make to supply the military needs of the nation By military needs we mean all the complex requirements of a nation engaged in war requirements which are many of them requirements of peace as well as of war It will also include a thorough organization of the country's chemical resources and the development thereof so that we may be as little dependent as possible upon materials from overseas At present many important and essential elements come from overseas nations and would not be available in case of loss of sea control

The Story of the Great War, Volume 6 Churchill, Miller, and Reynolds, 2016-02-19 World War I WWI or WW1 also known as the First World War or the Great War was a global war centred in Europe that began on 28 July 1914 and lasted until 11 November 1918 More than 70 million military personnel including 60 million Europeans were mobilised in one of the largest wars in history Over 9 million combatants and 7 million civilians died as a result of the war including the victims of a number of genocides a casualty rate exacerbated by the belligerents technological and industrial sophistication and the tactical stalemate caused by trench warfare a grueling form of warfare in which the defender held the advantage It was one of the deadliest conflicts in history and paved the way for major political changes including revolutions in many of the nations involved The war drew in all the world's economic great powers assembled in two opposing alliances the Allies based on the Triple Entente of the United Kingdom British Empire France and the Russian Empire versus the Central Powers of Germany and Austria Hungary Although Italy was a member of the Triple Alliance alongside Germany and Austria Hungary it did not join the Central Powers as Austria Hungary had taken the offensive against the terms of the alliance These alliances were reorganised and expanded as more nations entered the war Italy Japan and the United States joined the Allies while the Ottoman Empire and Bulgaria joined the Central Powers The trigger for the war was the assassination of Archduke Franz Ferdinand of Austria heir to the throne of Austria Hungary by Yugoslav nationalist Gavrilo Princip in Sarajevo on 28 June 1914 This set off a diplomatic crisis when Austria Hungary

delivered an ultimatum to the Kingdom of Serbia and entangled international alliances formed over the previous decades were invoked. Within weeks the major powers were at war and the conflict soon spread around the world. On 28 July the Austro-Hungarians declared war on Serbia and subsequently invaded. As Russia mobilised in support of Serbia, Germany invaded neutral Belgium and Luxembourg before moving towards France, leading the United Kingdom to declare war on Germany. After the German march on Paris was halted, what became known as the Western Front settled into a battle of attrition with a trench line that would change little until 1917. Meanwhile, on the Eastern Front, the Russian army was successful against the Austro-Hungarians but was stopped in its invasion of East Prussia by the Germans. In November 1914 the Ottoman Empire joined the Central Powers, opening fronts in the Caucasus, Mesopotamia and the Sinai. Italy joined the Allies in 1915 and Bulgaria joined the Central Powers in the same year, while Romania joined the Allies in 1916, followed by the United States in 1917. The Russian government collapsed in March 1917 and a subsequent revolution in November brought the Russians to terms with the Central Powers via the Treaty of Brest-Litovsk, which constituted a massive German victory. After a stunning German offensive along the Western Front in the spring of 1918, the Allies rallied and drove back the Germans in a series of successful offensives. On 4 November 1918 the Austro-Hungarian empire agreed to an armistice, and Germany, which had its own trouble with revolutionaries, agreed to an armistice on 11 November 1918, ending the war in victory for the Allies. By the end of the war, the German Empire, Russian Empire, Austro-Hungarian Empire and the Ottoman Empire had ceased to exist. National borders were redrawn, with several independent nations restored or created, and Germany's colonies were parceled out among the winners. During the Paris Peace Conference of 1919, the Big Four (Britain, France, the United States and Italy) imposed their terms in a series of treaties. The League of Nations was formed with the aim of preventing any repetition of such a conflict. This, however, failed, with economic depression, renewed European nationalism, weakened member states and the German feeling of humiliation contributing to the rise of Nazism. These conditions eventually contributed to World War II.

The Great War Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has become more evident than ever. They have the capacity to inspire, provoke, and ignite change. Such is the essence of the book **The Great War**, a literary masterpiece that delves deep in to the significance of words and their impact on our lives.
