Michael Jackson and the Quandary of a Black Identity

Sherrow O. Pinder, 2021-08-01 In Michael Jackson and the Quandary of a Black Identity Sherrow O Pinder explores the ways in which the late singer's racial identification process problematizes conceptualizations of race and the presentation of blackness that reduces blacks to a bodily mark Pinder is particularly interested in how Michael Jackson simultaneously performs his racial identity and posits it against strict binary racial definitions neither black nor white While Jackson's self-fashioning deconstructs and challenges the corporeal notions of natural bodies and fixed identities negative readings of the King of Pop fuel epithets such as weird or freak subjecting him to a form of antagonism that denies the black body its self-determination Thus for Jackson racial identification becomes a deeply ambivalent process which leads to the fragmentation of his identity into plural identities Pinder shows how Jackson as a racialized subject is discursively confined to a third space a liminal space of ambivalence

Ebony, 1969-09 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine

The Diversity Paradox Jennifer Lee, Frank D. Bean, 2010-05-13 African Americans grappled with Jim Crow segregation until it was legally overturned in the 1960s In subsequent decades the country witnessed a new wave of immigration from Asia and Latin America forever changing the face of American society and making it more racially diverse than ever before In The Diversity Paradox authors Jennifer Lee and Frank Bean take these two poles of American collective identity the legacy of slavery and immigration and ask if today's immigrants are destined to become racialized minorities akin to African Americans or if their incorporation into U S society will more closely resemble that of their European predecessors They also tackle the vexing question of whether America's new racial diversity is helping to erode the tenacious black white color line The Diversity Paradox uses population based analyses and in depth interviews to examine patterns of intermarriage and multiracial identification among Asians Latinos and African Americans Lee and Bean analyze where the color line and the economic and social advantage it demarcates is drawn today and on what side these new arrivals fall They show that Asians and Latinos with mixed ancestry are not constrained by strict racial categories Racial status often shifts according to situation Individuals can choose to identify along ethnic lines or as white and their decisions are rarely questioned by outsiders or institutions These groups also intermarry at higher rates which is viewed as part of the process of becoming American and a form of upward social mobility African Americans in contrast intermarry at significantly lower rates than Asians and Latinos Further multiracial blacks often choose not to identify as such and are typically perceived as being black only underscoring the stigma attached to being African American and the entrenchment of the one drop rule Asians and Latinos are successfully disengaging their national origins from the concept of race like European immigrants before them and these patterns are most evident in racially diverse parts of the country For the first time in 2000 the U S Census enabled multiracial Americans

to identify themselves as belonging to more than one race Eight years later multiracial Barack Obama was elected as the 44th President of the United States For many these events give credibility to the claim that the death knell has been sounded for institutionalized racial exclusion The Diversity Paradox is an extensive and eloquent examination of how contemporary immigration and the country's new diversity are redefining the boundaries of race The book also lays bare the powerful reality that as the old black white color line fades a new one may well be emerging with many African Americans still on the other side

Scattered Belongings Jayne O. Ifekwunigwe, 2020-07-24 When the American golfer Tiger Woods proclaimed himself a Caublinasian affirming his mixed Caucasian Black Native American and Asian ancestry a storm of controversy was created This book is about people faced by the strain of belonging and not belonging within the narrow confines of the terms Black or White This is a unique and radical study It interweaves the stories of six women of mixed African African Caribbean and white European heritage with an analysis of the concepts of hybridity and mixed race identity

America, The Dream Kenneth S. Brown, 2021-07-28 This book was not written for everyone but for those that can accept the truth about what life in America has been like The masses of the people in this country were led to believe in a dream the American dream The oppression by political leaders and exploitation by big businesses has created a life where the dream is difficult to achieve The common people were told that education will be the key to economic success that believing in God and attending church will be the producer of blessings in the toughest moments in life The American people were promised in this dream that every American will be treated justly in the court of law that every American will be given the opportunity to work and be paid a fair wage that every American will have the right to be educated properly and adequately that every American will be given the opportunity to achieve and live the American dream But just as it was written in theory or as an idea it remains an idea for the working class poor however it has become a reality for just a few while nearly the entire population of the minimum wage workers is living an impoverish lifestyle For those who can accept and handle the truth this book is written for people like you and me

The Indian Card Carrie Lowry Schuettepelz, 2024-10-15 A groundbreaking and deeply personal exploration of Tribal enrollment and what it means to be Native American in the United States A genre bending work of reportage memoir and history The New Yorker Candid unflinching Her thorough excavation of the painful history that gave rise to rigid enrollment policies is a courageous gift to our understanding of contemporary Native life The Whiting Foundation Jury Who is Indian enough To be Native American is to live in a world of contradictions At the same time that the number of people in the US who claim Native identity has exploded increasing 85 percent in just ten years the number of people formally enrolled in Tribes has not While the federal government recognizes Tribal sovereignty being a member of a Tribe requires navigating blood quantum laws and rolls that the federal government created with the intention of wiping out Native people altogether Over two million Native people are tribally enrolled yet there are Native people who will never be Native people who for a variety of reasons ranging from displacement to disconnection cannot be card carrying members of

their Tribe In The Indian Card Carrie Lowry Schuettepelz grapples with these contradictions Through in depth interviews she shares the stories of people caught in the mire of identity formation trying to define themselves outside of bureaucratic processes With archival research she pieces together the history of blood quantum and tribal rolls and federal government intrusion on Native identity making Reckoning with her own identity the story of her enrollment and the enrollment of her children she investigates the cultural racial and political dynamics of today s Tribal identity policing With this intimate perspective of the ongoing fight for Native sovereignty The Indian Card sheds light on what it looks like to find a deeper sense of belonging

Cuba before Castro Jorge J. E. Gracia, 2020-07-27 Although much has been written about Cuba after Castro relatively little has been written about Cuba before Castro The political reality of Castro's Revolution has created a historical void about this period paying insufficient attention to an important century before 1959 Cuba has become a political punching bag between supporters and critics of Castro and the Revolution making it difficult to understand real life in Cuba because of the disproportionate preoccupation with and monopoly of the political reality on the island In spite of some attempts it continues to be easier and perceived as more pressing to write about politics rather than the reality that Cubans experienced in their daily lives their sufferings and celebrations successes and failures lives and deaths and beliefs and disbeliefs Going for and against the avalanche of information about the political authenticity in and out of Cuba most Cubans have tended to forget that Cuba is much larger than the perceived reality after Castro's Revolution Too many have failed to remember the Cubans who have lived and worked in Cuba in the century before an important period of Cuban history where the nation was forged Indeed even limited attention reveals a rich and sophisticated society that calls for study In this book Jorge J E Gracia approaches this situation by telling true stories about some members of his family Doctor Ignacio Gracia Maruca Otero the Marques de Arguelles and many others who lived during a culturally rich century before Castro He hopes to entice historians academics tourists and others to pursue a balanced exploration of the island by telling part of their stories This enterprise is neither history nor fiction but memories written by a Cuban who left Cuba when he was eighteen years old and has become a distinguished philosopher in the United States

Nunn,2021-02-12 College Belonging reveals how colleges and universities efforts to foster a sense of belonging in their students are misguided Colleges bombard new students with the message to get out there and find your place by joining student organizations sports teams clubs and the like Nunn shows that this reflects a flawed understanding of what belonging is and how it works Drawing on the sociological theories of Emile Durkheim College Belonging shows that belonging is something that members of a community offer to each other It is something that must be given like a gift Individuals cannot simply walk up to a group or community and demand belonging That's not how it works The group must extend a sense of belonging to each and every member It happens by making a person feel welcome to feel that their presence matters to the group that they would be missed if they were gone This critical insight helps us understand why colleges push for students simply to get out there does not always work **There Goes My Social Life** Stacey Dash,2016-06-06 Stacey Dash didn't have the ideal American childhood Growing up in the South Bronx her friends were the hustlers hookers and gang members who struggled in the face of futility who sold drugs instead of living on food stamps who settled matters with fists knives and guns because it seemed their only option who stood tall against broken dreams Dash's rough upbringing shaped the rest of her life her relationships her politics even her faith She has seen how conservative and liberal policies play out in the real world and her experiences have made her the proud conservative she is today That's why Stacey Dash a Fox News contributor and Hollywood actress best known for starring in the 1995 classic Clueless is now telling her story Amidst all the heated racial rhetoric and the divisive language that flows from T V the Internet self appointed black spokespeople and even President Obama Dash feels compelled to speak out and say something true about race politics and America **Ebony** ,1977-05 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine
