Exploring Film through Bad Cinema David C. Wall, 2025-08-08 Exploring Film through Bad Cinema offers an overview of the practice of film analysis through a specific focus on the concept of bad cinema within a series of broad cultural and historical contexts Providing a wide ranging discussion of film from multiple perspectives including history aesthetics and

criticism this broad theoretical engagement illustrates the ways in which the registers of value that we apply to film are inseparable from the wider discourses of taste that shape our culture While loosely chronological it is largely thematic in arrangement as it applies the traditional methods of film studies to in depth discussions of some of the most notoriously and compellingly bad films in cinema history Situating its analysis of a wide variety of films and filmmakers in terms of period genre and issues such as the emergence of narrative cinema canon formation and the politics of cultural hierarchy it provides an in depth consideration of the multiple and complex social and aesthetic discourses that shape our qualitative assessments of film Designed for both the lay reader and student of film Exploring Film through Bad Cinema engages with a wide range of topics from film history and film theory to postmodernism exploitation and cult cinema This theoretically and historically sophisticated analysis will appeal to researchers and scholars in film studies as well as cognate disciplines such as screen studies visual studies and cultural studies

The SAGE Handbook of Film Studies James Donald, Michael Renov, 2008-04-16

Written by a team of veteran scholars and exciting emerging talents The SAGE Handbook of Film Studies maps the field internationally drawing out regional differences in the way that systematic intellectual reflection on cinema and film has been translated into an academic discipline It examines the conversations between Film Studies and its contributory disciplines that not only defined a new field of discourse but also modified existing scholarly traditions It reflects on the field's dominant paradigms and debates and evaluates their continuing salience Finally it looks forward optimistically to the future of the medium of film the institution of cinema and the discipline of Film Studies at a time when the very existence of film and cinema are being called into question by new technological industrial and aesthetic developments

Silent Cinema Paolo Cherchi Usai, 2019-04-04 Paolo Cherchi Usai provides a comprehensive introduction to the study research and preservation of silent cinema from its heyday in the early 20th century to its present day flourishing He traces the history of the moving image in its formative years from Edison's and Lumière's first experiments to the dawn of talkies provides a clear guide to the basics of silent film technology introduces the technical and creative roles involved in its production and presents silent cinema as a performance event rather than a passive viewing experience This new greatly expanded edition takes the reader on a new journey exploring silent cinema in the broader context of technology culture and society from the invention of celluloid film and its related machinery to film studios laboratories theatres and audiences Among the people involved in the creation of a new art form were filmmakers actors and writers but also engineers entrepreneurs and projectionists Their collective efforts and the struggle to preserve their creative work by archives and museums are interwoven in a compelling story covering three centuries of media history from the magic lantern to the reinvention of silent cinema in digital form The new edition also includes comprehensive resource information for the study research preservation and exhibition of silent cinema
