Total Frat Move Chapter 1:

Total Frat Move W.R. Bolen, 2013-01-15 Put simply it's time for a national update on college fraternities. Greek life today makes Animal House look like a Pixar movie. The amount of alcohol that is being consumed, promiscuous sex that is being enjoyed, and intense drug-induced raging that is taking place on campuses across the country has quietly reached ridiculous new heights. Written with the goal of being the most fun you've ever had reading a book, *Total Frat Move* pulls back the curtain on this world of hard partying American decadence. The stories are unabashed. They are hilarious. And they are going to blow you away. You're welcome, world.

Blackballed Lawrence Ross, 2025-06-25 College is a word that means many things to many people: a space for knowledge, a place to gain lifelong friends, and an opportunity to transcend one's socioeconomic station. Today, though, this word also recalls a slew of headlines that have revealed a dark and persistent world of racial politics on campus. Does this association disturb our idealized visions of what happens behind the ivied walls of higher learning? It should, because campus racism on college campuses is as American as college football on Fall Saturdays. From Lawrence Ross, author of *The Divine Nine* and the leading expert on sororities and fraternities, *Blackballed* is an explosive and controversial book that rips the veil off America's hidden secret: America's colleges have fostered a racist environment that makes them a hostile space for African American students. *Blackballed* exposes the white fraternity and sorority system with traditions of racist parties, songs, and assaults on Black students, and the universities themselves who name campus buildings after racist men and women. It also takes a deep dive into anti-affirmative action policies and how they effectively segregate predominantly white universities, providing ample room for white privilege. A bold mix of history and the current climate, *Blackballed* is a call to action for universities to make radical changes to their policies and standards to foster a better legacy for all students.

Unscrewed Jaclyn Friedman, 2017-11-14 An urgent account of sexual politics, feminism, and the rules of power in America, and a potent vision for the way forward. As a veteran feminist and agenda-setting sex educator, Jaclyn Friedman is on the frontlines of the war for equity between the sexes. In *Unscrewed*, Friedman brings her sharp expertise and incisive observations on the state of sexual politics to the fore, sparking a culture-wide rethink about sex, power, and what we accept. With reportage and verve, *Unscrewed* builds a searing investigation into the state of sexual power in America and outlines how to make real progress toward equality. Friedman reveals that the anxiety and fear women in our country feel around issues of their sexuality are not in fact their fault but instead are side effects of what she calls our era of fauxpowerment, wherein women have the illusion of sexual power with no actual power to support it. Exploring the fault lines where media, religion, politics, and education impinge on our intimate lives, *Unscrewed* breaks down the causes and signs of fauxpowerment, then gives readers tools to take it on themselves.

The Benefits of Friends Jana Mathews, 2022-08-02 In 2011, Jana Mathews's career took a surprising turn. What began as an effort for a newly minted college professor to get to know her students turned into an invitation to be initiated into a National Panhellenic Conference sorority and serve as its

faculty advisor For the next seven years Mathews attended sorority and fraternity chapter meetings Greek Week competitions leadership retreats and mixers and formals She also counseled young men and women through mental health crises experiences of sexual violence and drug and alcohol abuse Combining her personal observations with ethnographic field analysis and research culled from the fields of sociology economics and cognitive psychology this thought provoking book examines how white Greek letter organizations help reshape the conceptual boundaries of society s most foundational relationship categories including friend romantic partner and family Mathews illuminates how organizations manipulate campus sex ratios to foster hookup culture broker romantic relationships transfer intimacy to straight same sex friends and create fictive family units that hoard social and economic opportunity for their members In their idealized form sororities and fraternities function as familial surrogates that tether their members together in economically and socially productive ways In their most warped manifestations however these fictive familial bonds reinforce insularity entrench privilege and at times threaten physical safety

Digital Suffragists Marie Tessier,2021-10-05 Why women s voices are outnumbered online and what we can do about it by a New York Times comment moderator If you ve read the comments posted by readers of online news sites you may have noticed the absence of women s voices Men are by far the most prolific commenters on politics and public affairs When women do comment they are often attacked or dismissed more than men are In fact the comment forums on news sites replicate conditions of the offline and social media worlds where women are routinely interrupted threatened demeaned and called wrong unruly disgusting and out of place In *Digital Suffragists* Marie Tessier a veteran journalist and a New York Times comment moderator for more than a decade investigates why women s voices are outnumbered online and what we can do about it The suffragists of the early twentieth century were jailed for trying to vote Can a twenty first century democracy be functional when half of the population is not fully represented in a primary form of political communication Tessier shows that for online comments it s a design problem the linear blog comment formula was based on deeply gender biased assumptions Technologies designed with a broad range of end users in mind she points out are more successful and beneficial than those that reflect the designer s own habits of mind Tessier outlines benchmarks for a more democratic media all of which stem from one fundamental idea media must adopt gender and racial representation as key performance indicators Equal speaking time for women is a measure of democracy

How the Jester Became King Charlie Stanton,2024-12-17 17 years ago I started a little gambling rag in my parents basement called Barstool Sports I had no idea nobody could predict the wild ride that it would set my life on Dave Portnoy January 2020 Dave Portnoy s unpredictable rise to fame and fortune didn t happen overnight And as Barstool s Kevin Clancy explained It ll never happen again From handing out newspapers alone in a dirty subway station to selling his digital media company for half a billion dollars and then buying it back for 1 Portnoy s 20 year controversy filled Barstool Sports adventure is one you have to read to believe Banta's
