This year the Spink Maury Catalogue heir to the prestigious Maury Ceres and Dallay catalogues continues its work of research compiled over generations of philately. It covers all French stamps from 1849 to the present day offering hundreds of changes with oddities new varieties and discoveries presented as always in an exceptional way. Included in the new material is the continuation of the monographic studies presenting a stamp per page with all varieties known until the First World War a redesign of types Merson and Pasteur and a specialised part devoted to Marianne de Beaujard reviewed in depth. In addition the section on current usage stamps TUC is fully updated following feedback from our contributors and readers. France has one of the most beautiful philatelic legacies in the world and we are pleased to be its modest ambassador to the numerous international readers who join us each year. Layout and coverage are sumptuous. The trite phrase mine of information does not begin to do justice to this immense achievement. To any collector of France beyond the elementary stage this would be a bargain at twice the official retail price. Highly recommended an absolute must for collectors of French stamps.
