Tourism Pat Memo:

Maneuvers Cynthia Enloe, 2000-02 Enloe outlines the dilemmas feminists around the globe face in trying to craft theories and strategies that support militarized women locally and internationally without unwittingly being militarized themselves

Tourism, Magic and Modernity David Picard, 2011-09-01 Drawing from extended fieldwork in La Réunion in the Indian Ocean the author suggests an innovative re-reading of different concepts of magic that emerge in the global cultural economics of tourism Following the making and unmaking of the tropical island tourism destination of La Réunion he demonstrates how destinations are transformed into magical pleasure gardens in which human life is cultivated for tourist consumption Like a gardener would cultivate flowers local development policy nature conservation and museum initiatives dramatise local social life so as to evoke modernist paradigms of time beauty and nature Islanders who live in this human garden are thus placed in the ambivalent role of human flowers embodying ideas of authenticity and biblical innocence but also of history and social life in perpetual creolisation

War Tourism Bertram M. Gordon, 2018-11-15 As German troops entered Paris following their victory in June 1940 the American journalist William L Shirer observed that they carried cameras and behaved as naïve tourists One of the first things Hitler did after his victory was to tour occupied Paris where he was famously photographed in front of the Eiffel Tower Focusing on tourism by German personnel military and civil and French civilians during the war as well as war-related memory tourism since War Tourism addresses the fundamental linkages between the two As Bertram M Gordon shows Germans toured occupied France by the thousands in groups organized by their army and guided by suggestions in magazines such as *Der Deutsche Wegleiter für Paris* The German Guide for Paris Despite the hardships imposed by war and occupation many French civilians continued to take holidays Facilitated by the Popular Front legislation of 1936 this solidified the practice of workers' vacations leading to a postwar surge in tourism After the end of the war the phenomenon of memory tourism transformed sites such as the Maginot Line fortresses The influx of tourists with links either directly or indirectly to the war took hold and continues to play a significant economic role in Normandy and elsewhere As France moved from wartime to a postwar era of reconciliation and European Union memory tourism has held strong and exerts significant influence across the country

Across the Top of the World James Delgado, 2009-12-01 The centuries-long quest for the fabled Northwest Passage rivals the story of Antarctic exploration for heroism drama and tragedy Expedition after expedition set off in search of a sea route connecting Europe with Asia's riches each expedition suffered extreme hardship and ended in defeat until Roald Amundsen finally succeeded in 1903-06 Across the Top of the World brings this incredible saga to life through exhaustive research grim firsthand accounts and hundreds of dramatic images Paintings engravings and photos of the intrepid men and their ships as well as of relics and archaeological sites provide a poignant and compelling link with the past while landscapes and seascapes of the harsh yet beautiful Arctic illustrate the challenges that faced explorers Covering all the major expeditions in detail and written with passion and

authority this book is both a scholarly reference and an eminently readable history of Arctic exploration **Review of
