UGC-NET Tourism and Management Exam 2025 Solved Previous year Paper Book Past 7 Year [Year 2018 to 2024] With Solution ,2025-04-26 UGC NET Tourism and Management Exam 2025 Solved Previous year Paper Book Past 7 Year Year 2018 to 2024 With Solution UGC NET Tourism and Management PYQ Book Year 2018 to 2024 Solved Previous year Paper All Questions with Detail Solution Answer Written by Expert Faculty *Tourism, Public Transport and Sustainable Mobility* C. Michael Hall, Diem-Trinh Le-Klähn, Yael Ram, 2017-02-03 This book offers a comprehensive global examination of the relationship between public transport and tourism as well as exploring other sustainable transport modes It offers a unique view by analysing tourism through the public transport lens and vice versa The volume provides an account of how the public transport experience can be improved for tourists so that its value can be maximised and a greater number of people can be encouraged to shift modes It features a wide range of case studies and examples showing how the tourism industry as well as regional economies communities and the environment benefit when public transport is widely used by tourists The book will be of interest to researchers and students in the fields of tourism and transport as well as destination marketing organisations and tourism transport and urban planners *Tourism Spaces* Alan A. Lew, 2021-07-19 Geographic space is a fundamental and essential construct of the physical reality within which we live move and construct our world Through space we create others anything that is any distance from us and we experience time by moving from one place point to another Because it is so fundamental to our experience we often take geographic space for granted *Tourism Spaces Environments Locations and Movements* shows some of the ways that geographers and other social scientists bring spatial considerations to the forefront of our research and understanding of tourism This is seen through the spatial arrangements and distributions of tourism phenomena such as attractions destinations and in the spatial behaviour of tourists themselves Today these spatial arrangements and patterns are increasingly being captured analysed and understood through various forms of formal and informal digital data The chapters in this book were originally published as a special issue of *Tourism Geographies* **Tourism Planning and Development** Jarkko Saarinen, Christian M. Rogerson, C. Michael Hall, 2019-09-19 Academically complex and challenging to apply development and planning are increasingly relevant to the growing tourism industry This collection contains critical studies on tourism development and planning and calls for proactive holistic and responsible thinking It addresses conceptual and contemporary issues in development and planning research including political trust innovation networks sustainability moral encounters enclavisation and evolutionary economics It argues that recognition of the contextual and historical dimensions around tourism development and planning is essential to help both researchers and practitioners better understand destination and place based decision making In addition it will lead to improvements in stakeholder relations and explains how tourism best works with localities and localities with tourism This book was originally published as a special issue of *Tourism Geographies* *Tourism and Development in Sub-Saharan Africa*

Marina Novelli, 2015-09-16 Over the past 20 years the perception of tourism as an effective contributor to socio economic development in the developing world has propagated with many viewing tourism as a provider for poverty alleviation and towards other UN Millennium Development Goals Over the same period readers have become familiar with the paradoxes complexities and inequalities of tourism in relation to development wealth creation growth redistribution governance and hosts guests relationships This volume further extends this critical debate with a much needed cohesive publication on Sub Sahara Africa SSA In an era of fluctuating tourist arrivals at global level the growth of tourism in SSA requires deeper consideration in terms of its inconsistent and questionable implications at local level Taking as a central theme the debate on whether tourism should be used in development efforts this book examines the way in which tourism has controversially become the way forward to development in several SSA locations and assesses bottlenecks to sustainable development as well as dilemmas and challenges faced by those SSA destinations seeking to achieve development through tourism It offers an explicit set of chapters adopting a multi disciplinary approach drawing upon tourism studies human geography sociology anthropology political economy development and environmental studies and integrates case studies authored by local African practitioners and academics to produce a book that gave voice to local experts on local realities Combining an overview of key theories concepts contemporary issues and debates as well as practical insights from a wide range of regions in SSA this book will be a valuable resource for those investigating the role of tourism in development **ICTR 2019 2nd**

Sport Tourism and Local Sustainable Development

Claude Sobry, Sorina Cernaianu, 2022-02-08 Sport tourism is now widely regarded as a tool for sustainable local development This book brings together 24 authors from a range of countries to address this topic with analyses ranging from particular types of events to more theoretical approaches concerning the role of sport tourism in the development of Spanish cities or the digital communication of sporting events in Italy as a means of promotion The book is geared towards academic researchers and students interested in sport tourism sport economics management and sustainable development as well as policymakers and professionals tasked with dynamic tools to promote their territory

Sport Tourism and Sustainable Destinations Brent Moyle, Tom Hinch, James Higham, 2018-12-07 Destinations include the places landscapes and communities where sport tourism development takes place Whether sport tourism development takes the form of sport events active participation in sport and or sports nostalgia heritage it draws on local resources forms part of the complex dynamic of daily life As such sports tourism has implications for residents with destination communities in a position to benefit from or absorb the costs of the extent to which development is sustainable Subsequently this book features contributions that focus on sport tourism and destination sustainability Issues covered include though are not limited to destination management surf localism the production of space event sustainability in national parks utilisation of sport heritage for destination promotion enhancing the attractiveness of destinations through sport tourism destination development and sport tourism utilising sport to motivate travel to destinations and environmentally responsible behaviour in sports tourism destinations The unique contribution of this edited volume is the multi disciplinary approach applied to enhance conceptual understanding of issues surrounding sport tourism and destination sustainability The chapters originally published as a special issue in the Journal of Sport Tourism

Gender and Tourism Sustainability Claudia Eger, Ana María Munar, Cathy H.C. Hsu, 2023-03-21 This book examines the relationship between gender and sustainability in tourism Whilst an extensive body of work exists in the areas of gender and sustainability these two fields of knowledge are seldom combined to examine tourism phenomena When we look at the evolution of tourism we see that sustainability has become an essential element in educational programmes policy making and strategic considerations for organisations and destinations Whilst the beginnings of tourism sustainability were challenging presently its relevance is seldom questioned However this situation is not the case with gender research Although gender theorising and research have existed for over a century and a rich legacy of knowledge exists on this topic meaningful and respectful engagement with this line of scholarship is thus far peripheral in tourism studies The aim of this book is to reflect on and rethink the intersection of gender and tourism sustainability through the lens of gender theory and feminist epistemology to stay with the trouble and devise pathways for sustainability gender knowledge This book will be of great interest to students researchers and academics in tourism gender and sustainability as well as tourism management

Nijs,2016-01-26 In today s increasingly globalized environment many economic fundamentals need to be reconsidered in order to regain stability in the global marketplace One such consideration is the failing dynamics of the international tax infrastructure Neoliberalism 2 0 brings a 21st century assessment of the Pigovian taxes considering a completely new calibration of the international tax systems inspired by the historically developed Pigovian tax model The book considers the impact neoliberalism had and will have on regulatory infrastructure democracy in an era of globalization and reduced legitimation of the national state The Pigovian model brings home the often forgotten relationship between taxation as a part of the regulatory sphere macro economics and the political philosophical context in which law and economics emerge The model also takes into account the phenomena of globalization and financialization and is tested using the financial sector as an example This book addresses the many challenges a Pigovian shift would imply for the sovereign and its national economies Neoliberalism 2 0 demonstrates the ability to design a paradigm changing alternative to the current tax infrastructure while taking into account a low economic growth environment of the future the implications of globalization and the changing relationship between citizens and their state
