The TOGAF® Standard, 10th Edition Content, Capability, and Governance The Open Group, 2022-04-25 This document is a compilation of two documents within the TOGAF Standard. It has been developed and approved by The Open Group and is part of the TOGAF Standard 10th Edition. The two documents in this set are 1 TOGAF Standard Architecture Content. This document describes the TOGAF Content Framework and a structured metamodel for architectural artifacts, the use of reusable Architecture Building Blocks (ABBs) and an overview of typical architecture deliverables. 2 TOGAF Standard Enterprise Architecture Capability and Governance. This document discusses the organization, processes, skills, roles, and responsibilities required to establish and operate an architecture function within an enterprise and describes an Enterprise Architecture governance framework. The TOGAF Standard is intended for Enterprise Architects, Business Architects, IT Architects, Data Architects, Systems Architects, Solution Architects, and anyone responsible for the architecture function within an organization. *The TOGAF® Standard, 10th Edition - Leader's Guide* The Open Group, 2022-04-26 This document is a TOGAF Series Guide. The TOGAF Leader's Guide to Establishing and Evolving an EA Capability. It has been developed and approved by The Open Group and is part of the TOGAF Standard 10th Edition. Written for the Enterprise Architecture Capability Leader, the person who is tasked to lead the effort to establish or evolve an Enterprise Architecture Capability, the Leader's Guide presents advice on establishing an Enterprise Architecture Capability that aligns to a set of requirements and expectations that are specific to each enterprise. It proposes an approach for the standing up and enhancement of an enterprise's Enterprise Architecture Capability based upon established best practices. This approach follows a configured path through the TOGAF Architecture Development Method (ADM). This document introduces key topics of concern, defines the terms related to the topic, shows the terms that are related to an EA Capability, discusses what the Leader needs to know, describes what the Leader should do with this knowledge. It covers the following topics: An introduction to the topic including an assessment of the state of EA definitions and key concepts used in the Guide. A narrative that is a companion to the TOGAF ADM that leads the reader through a series of topics and related steps to assist in stepping back from the current operational context to seek a broader perspective. How to adopt an EA Capability, including the preparation and initiation activities required to establish or enhance the EA Capability. A mapping of how the TOGAF ADM can be used for architecting and establishing an EA Capability.

Innovative Security Solutions for Information Technology and Communications Pooya Farshim, Emil Simion, 2017-10-27 This book constitutes the thoroughly refereed post-conference proceedings of the 10th International Conference on Security for Information Technology and Communications (SecITC 2017) held in Bucharest, Romania, in June 2017. The 6 revised full papers presented together with 7 invited talks were carefully reviewed and selected from 22 submissions. The papers present advances in the theory, design, implementation, analysis, verification, or evaluation of secure systems and algorithms.
