S. Marine Corps Scout/Sniper Training Manual** Desert Publications, Paladin Press, 1994-12 This sniper training manual used by the Marksmanship Training Unit of the Marine Corps Development and Education Command in Quantico Virginia is packed with information on every aspect of the art and science of sniping It outlines lessons on sniping care and cleaning of the M40A1 sniper rifle and equipment sights camouflage the

effects of weather range estimation techniques target detection and selection offensive and defensive employment construction and occupation of hides mental conditioning and more Samples score cards observation logs and range estimation score sheets **Stalk and Kill** Adrian Gilbert,1997-11-15 From the sharpshooters of the American Revolution to the Marine snipers who dominated the streets of Mogadishu famed military historian Adrian Gilbert puts you behind the crosshairs of the most adept killers in history A sniper is more than a crack shot He s a calm professional with the instincts and patients of a master huntsman Intensive training leaves snipers razor sharp able to creep undetected within arm s reach of the enemy The finest marksmen in the world a sniper can place a bullet in an enemy s heart from a thousand yards away Stalk and Kill puts you on the battlefield for the most daring missions in history You ll duel a Nazi super sniper in Stalingrad outfox the Viet Cong in Southeast Asia and silence the enemies of U S troops in Beirut And you ll never cease to marvel at the sniper s iron nerve and lethal precision A main selection of the military book club with eight pages of fascinating photos

Sniper Adrian Gilbert,1996-02-15 From the evolution of the art to firsthand accounts of legendary exploits through the basics of sniper training Sniper traces the development of these most feared hunters marking their historical battles and their pivotal role in modern forces Includes eight pages of authentic action photos Enemy Inside The Gates: Snipers In Support Of Military Operations In Urbanized Terrain Lt.-Colonel Jeffery E. Dearolph USMC,2014-08-15 As the world s urban areas continue to increase in size the possibility of U S forces conducting military operations in urbanized terrain also increases However the weapon systems the U S procures and employs obtain maximum effectiveness in open terrain These weapons prove less capable in urban terrain since their standoff and precision advantages suffer degradation due to buildings and the fleeting nature of enemy personnel U S weaponry also causes a large amount of collateral damage that may also result in civilian casualties which proves politically unacceptable Potential adversaries of the U S realize these limitations and present a target set that proves difficult to locate and engage The target set the enemy uses in urban terrain consists of enemy combatants mixing with non combatants enemy snipers and special purpose teams Assets the U S possesses that can engage elements of the enemy s urban target set include U S Army and Marine Corps snipers However a determination on whether more snipers will effectively defeat the target set requires consideration This monograph analyzes the contemporary operating environment to articulate the enemy s urban target set Next a review of current U S Army and Marine Corps sniping doctrine organization and training establishes the foundation for presenting the sniper s capability to defeat the urban target set In order to provide a balanced argument other possible solutions to engaging and defeating the target set receive consideration Research shows that the sniper company organized at the division level achieves the desired effect of increasing the density of sniper teams on the urban battlefield The costs associated with the sniper company prove acceptable as it requires minimal expenditure concerning personnel and equipment The division sniper company will effectively counter the enemy s urban target set without causing non combatant casualties **Sniper** Vaughn C.
