Vladislav Martinovich Zubok, Vladislav Zubok, 2011-11-30 This is an in depth history of the cultural and intellectual evolution of the intelligentsia in Russia from Stalin's death in 1953 to the collapse of the Soviet Union in 1991 **The Return of the Russian Leviathan** Sergei Medvedev, 2019-12-18 Winner of the 2020 Pushkin House Book Prize Russia's relationship with its neighbours and with the West has worsened dramatically in recent years Under Vladimir Putin's leadership the country has annexed Crimea begun a war in Eastern Ukraine used chemical weapons on the streets of the UK and created an army of Internet trolls to meddle in the US presidential elections How should we understand this apparent relapse into aggressive imperialism and militarism In this book Sergei Medvedev argues that this new wave of Russian nationalism is the result of mentalities that have long been embedded within the Russian psyche Whereas in the West the turbulent social changes of the 1960s and a rising awareness of the legacy of colonialism have modernized attitudes Russia has been stymied by an enduring sense of superiority over its neighbours alongside a painful nostalgia for empire It is this infantilized and irrational worldview that Putin and others have exploited as seen most clearly in Russia's recent foreign policy decisions including the annexation of Crimea This sharp and insightful book full of irony and humour shows how the archaic forces of imperial revanchism have been brought back to life shaking Russian society and threatening the outside world It will be of great interest to anyone trying to understand the forces shaping Russian politics and society today Also available as an audiobook **Collapse** Vladislav M. Zubok, 2021-11-30 A major study of the collapse of the Soviet Union showing how Gorbachev's misguided reforms led to its demise A deeply informed account of how the Soviet Union fell apart Rodric Braithwaite Financial Times A masterly analysis Joshua Rubenstein Wall Street Journal In 1945 the Soviet Union controlled half of Europe and was a founding member of the United Nations By 1991 it had an army four million strong with five thousand nuclear tipped missiles and was the second biggest producer of oil in the world But soon afterward the union sank into an economic crisis and was torn apart by nationalist separatism Its collapse was one of the seismic shifts of the twentieth century Thirty years on Vladislav Zubok offers a major reinterpretation of the final years of the USSR refuting the notion that the breakup of the Soviet order was inevitable Instead Zubok reveals how Gorbachev's misguided reforms intended to modernize and democratize the Soviet Union deprived the government of resources and empowered separatism Collapse sheds new light on Russian democratic populism the Baltic struggle for independence the crisis of Soviet finances and the fragility of authoritarian state power *New Times* ,1989-05 **The Last Heroes of Leningrad** Alexandra Wachter, 2022-08-08

Alexandra Wachter investigates how survivors of the Siege of Leningrad 1941-44 were able to come to terms with their memories in Soviet and post Soviet society. Subject to political fluctuations, official remembrance ranged from enforced silence to extensive exploitation for propaganda purposes, a framework which corresponded with psychological strategies to cope but not deal with trauma, repression, denial, acting out, and idealization. Based on a combination of oral history interviews, ethnographic and archival research, this study examines narratives and activities of child and adolescent survivors. Individual experiences are related to varying degrees of involvement in survivors' organisations, and thick description adds to the understanding of trauma in the context of a post-totalitarian society. **The Ravine of Memory** Shay A. Pilnik, 2025-03-15

The Nazis and their collaborators buried over 100,000 victims at Babyn Yar, a ravine in modern-day Ukraine. Most of the individuals were Jewish, making this area one of the most infamous mass murder sites in history. *The Ravine of Memory* starts when the travesty ends, telling the story of the ravine's memory and forgetting in Soviet literature and culture in Russian as well as in Yiddish. This book challenges the prevailing binary conceptions of Babyn Yar as exclusively a Holocaust or a Great Patriotic War story. It is neither the exclusive product of Soviet censorship nor individual dissidents. Babyn Yar is more than a physical space where untold horrors took place. Symbolically, it is the ultimate meeting point of so many disparate threads of Soviet culture: the state and the artist, the Jew and the non-Jew, and the Holocaust and the Great Patriotic War. Ultimately, it is a place that reveals the frailty and courage of those who bear witness to atrocity. *The Current Digest of the Soviet Press*, 1991
