Directory Company, 2017-01-30 In the poet's view dreams are visitors from the ivory gate or children of an idle brain but science is more prosaic and teaches that dreams may be realities In history we have many iridescent dreamers in fact all our great men have been such and in many instances the dream has surpassed all human expectations Little did the young lawyer John Neely Bryan as he pitched his lonely tent on the banks of the Trinity river in 1840 dream that he was the founder of a city which was to be the future metropolis of the South Wonderful has been the growth and unparalleled the expansion of this whole Republic within the last decade but no section has ever seen such wonderful development as has enterprising Dallas In 1870 the population was 1700 but fortunately for Dallas the accursed spirit of division which has blighted the fair prospects of many a young city was unknown here Great enterprises and boundless public spirit were stamped on every feature of the city Enterprise and industry have achieved results as startling as the wave of the magician's wand and in this atom of time has sprung up as if it were by magic a city with a population of 61 855 souls Nor has the march of development slackened but the watch word is still Onward and Dallas is ranked among the largest and most progressive cities of the South
