Vaal University Late Application For 2015

Jürgen Runge

Vaal University Late Application For 2015:

Enhanced Chitosan Material for Water Treatment Ephraim Igberase, Peter Ogbemudia Osifo, Tumisang Seodigeng, Ikenna Emeji, 2021-04-29 This book reviews some of the latest developments in the field of water treatment using multi functional chitosan based materials It covers the production of chitosan beads and membranes from chitosan powder as well as modification techniques for enhancing the material for commercial and industrial purposes The book summarizes the results of experimental adsorption desorption studies for elucidating the underlying reaction mechanism of heavy metal removal from wastewater presenting an advanced overview of an array of characterization techniques such as Fourier transform infrared spectroscopy thermogravimetric analysis x ray diffraction and scanning electron microscopy Additionally it features a look at the development and application of specialized engineering software and image analysis for modelling the kinetics of adsorption This book is ideal for scientists and engineers working in the broader field of environmental materials science It is all well suited for chemists as well as industrial and civil engineers interested in wastewater treatment and mitigation of water pollution

Predictive Intelligence Using Big Data and the Internet of Things Gupta, P.K., Ören, Tuncer, Singh, Mayank, 2018-12-28 With the recent growth of big data and the internet of things IoT individuals can now upload retrieve store and collect massive amounts of information to help drive decisions and optimize processes Due to this a new age of predictive computing is taking place and data can now be harnessed to predict unknown occurrences or probabilities based on data collected in real time Predictive Intelligence Using Big Data and the Internet of Things highlights state of the art research on predictive intelligence using big data the IoT and related areas to ensure quality assurance and compatible IoT systems Featuring coverage on predictive application scenarios to discuss these breakthroughs in real world settings and various methods frameworks algorithms and security concerns for predictive intelligence this book is ideally designed for academicians researchers advanced level students and technology developers

Changing Climates, Ecosystems and Environments within Arid Southern Africa and Adjoining Regions Jürgen Runge, 2015-10-30 This book is volume 33 of the yearbook series Palaeoecology of Africa presenting the outcome of a tribute conference to the internationally recognized South African researcher and palynologist Professor Louis Scott He has recently retired but is continuing his active research career The conference proceedings and articles published here

The Fluvial Imagination Colin Hoag, 2022-11-08 A free open access ebook is available upon publication Learn more at www.luminosoa.org Landlocked and surrounded by South Africa on all sides the mountain kingdom of Lesotho became the world's first water exporting country when it signed a 1986 treaty with its powerful neighbor An elaborate network of dams and tunnels now carries water to Johannesburg the subcontinent's water stressed economic epicenter Hopes that receipts from water sales could improve Lesotho's fortunes however have clashed with fears that soil erosion from overgrazing livestock could fill its reservoirs with sediment In this wide ranging and deeply researched book Colin Hoag shows how producing water commodities incites a fluvial imagination

Engineering water security for urban South Africa draws attention ever further into Lesotho's rural upstream catchments from reservoirs to the soils and vegetation above them and even to the social lives of herders at remote livestock posts As we enter our planet's water export era Lesotho exposes the possibilities and perils ahead *Limpopo Life* Anneli Ekblom, Michel Notelid, 2025-06-20 *Limpopo Life* introduces the reader to the material culture oral histories and the negotiation of conservation and landscape in an area now known as Limpopo National Park Introducing the archaeology of a region that has not been surveyed or discussed this book connects to the archaeology history heritage and conservation discussions in the southern African region as a whole Vegetation history and paleoecology are combined with archaeological surveys and excavations written sources oral histories and travelogues to draw a picture of the diverse landscape of the Limpopo region Intermixed within this narrative are sections that focus on an individual species a life history or an event providing a view of the complex and dynamic interactions The role of humans in this diverse environment and how they have co evolved with other species shaping each other's destinies in a consequential and accidental way is outlined This book will be of interest to researchers and students interested in the archaeology heritage and conservation of Mozambique Zimbabwe and northern South Africa It will also be of relevance to readers interested in the social history of the Limpopo and Kruger National Parks and this cross border area **Early Childhood Education From an Intercultural and Bilingual Perspective**

Huertas-Abril, Cristina A., Gómez-Parra, María Elena, 2018-05-11 Around the world school districts and institutions are exploring ways to provide quality education to their students With this there is a deeper need for multiculturalism in classrooms as many students are from varying cultures and speak different languages *Early Childhood Education From an Intercultural and Bilingual Perspective* provides emerging research on the use of play toys and games as tools for meaningful multicultural and bilingual education By highlighting topics such as cross cultural psychology classroom management and second language acquisition this publication explores the importance of culture in games and play This book is an important resource for educators academicians researchers and students seeking current research on the role of intercultural education in society and modern approaches to early education **A Dictionary of World History** Thomas Edmund

Farnsworth Wright, Edmund Wright, 2015 As well as over 4000 clear and concise entries this dictionary also contains biographies of key figures in world history Other useful features include subject entries on religious and political movements maps and full international coverage **The Counterinsurgent Imagination** Joseph MacKay, 2023-01-05

Counterinsurgency the violent suppression of armed insurrection is among the dominant kinds of war in contemporary world politics Often linked to protecting populations and reconstructing legitimate political orders it has appeared in other times and places in very different forms and has taken on a range of politics in doing so How did it arrive at its present form and what generated these others along the way Spanning several centuries and four detailed case studies *The Counterinsurgent Imagination* unpacks and explores this intellectual history through counterinsurgency manuals These military theoretical and

instructional texts and the practitioners who produced them made counterinsurgency possible in practice By interrogating these processes this book explains how counter insurrectionary war eventually took on its late twentieth and early twenty first century forms It shows how and why counterinsurgent ideas persist despite recurring failures **Chemostratigraphy** Mu Ramkumar,2015-02-17 Chemostratigraphy Concepts Techniques and Applications is the first collection of contributed articles that introduces young geoscientists to the discipline while providing seasoned practitioners with a standard reference that showcases the topic s most recent research and application developments This multi contributed reference on one of the youngest and most dynamic branches of the geosciences includes articles from some of the world s leading researchers This book is a one stop source of chemostratigraphy theory and application helping geoscientists navigate through the wealth of new research that has emerged in recent years Edited by one of the world s foremost chemostratigraphy experts Features contributed articles from a broad base of topics including stratigraphic correlation hydrocarbon exploration reservoir characterization and paleo climatic interpretation Includes a range of application based case studies addressing spatio temporal scales for practical field specific concepts **Powerful Frequencies** Marissa J. Moorman,2019-08-20 Powerful Frequencies details the central role that radio technology and broadcasting played in the formation of colonial Portuguese Southern Africa and the postcolonial nation state Angola In Intonations Marissa J Moorman examined the crucial relationship between music and Angolan independence during the 1960s and 70s Now Moorman turns to the history of Angolan radio as an instrument for Portuguese settlers the colonial state African nationalists and the postcolonial state They all used radio to project power while the latter employed it to challenge empire From the 1930s introduction of radio by settlers to the clandestine broadcasts of guerrilla groups to radio s use in the Portuguese counterinsurgency strategy during the Cold War era and in developing the independent state s national and regional voice Powerful Frequencies narrates a history of canny listeners committed professionals and dissenting political movements All of these employed radio s peculiarities invisibility ephemerality and its material effects to transgress social political physical and intellectual borders Powerful Frequencies follows radio s traces in film literature and music to illustrate how the technology s sonic power even when it made some listeners anxious and frightened created and transformed the late colonial and independent Angolan soundscape *The Origin and Growth of Geography as a discipline at South Africa Universities* Gustav Visser,Ronnie Donaldson,Cecil Seethal,2016-09-20 *Colonial Survey and Native Landscapes in Rural South Africa, 1850 - 1913* Lindsay F. Braun,2014-10-16 In Colonial Survey and Native Landscapes in Rural South Africa 1850 1913 Lindsay Frederick Braun explores the technical processes and struggles surrounding the creation and maintenance of boundaries and spaces in South Africa in the nineteenth and early twentieth centuries The precision of surveyors and other colonial technicians lent these enterprises an illusion of irreproachable objectivity and authority even though the reality was far messier Using a wide range of archival and printed materials from survey departments repositories and libraries the author

presents two distinct episodes of struggle over lands and livelihoods one from the Eastern Cape and one from the former northern Transvaal These cases expose the contingencies contests and negotiations that fundamentally shaped these changing South African landscapes

To Democratize or Not? Trials and Tribulations in the Postcolonial World

Volkan Ipek,Ebru Ilter-Akarcay,2020-07-06 This volume a product of the first Tricontinental Conference organized by Yeditepe University stanbul brings together perspectives on democracy and development in Africa the Middle East and Latin America Representing local voices and insight the contributors here respond to the dearth of comparative analysis on these three regions In spite of the differences observed in colonial practices and postcolonial transitions a shared disenchantment with the performance of competitive politics comes to the forefront in these geographical areas Decades after decolonization low intensity democracy and the continuing potential for democratic reversals and backsliding make the study of these three regions relevant Considering the debates on protests social upheavals activism change and continuity this book encourages the reader to survey the various trials and tribulations of the postcolonial era

Social Movements and the Indian

Diaspora Movindri Reddy,2015-11-19 With the elevation of Islam and Muslim transnational networks in international affairs from the rise of Al Qaeda to the revolutions in North Africa and the Middle East the study of Diasporas and transnational identities has become more relevant Using case studies from Fiji Mauritius Trinidad and South Africa this book explores the diaspora identities and impact of social movements on politics and nationalism among indentured Indian diaspora It analyses the way in which diasporas are defined by themselves and others and the types of social movements they participate in showing how these are critical indicators of the threat they are perceived to pose The book examines the notions of national and transnational identity and how they are determined by the placement of Diasporas in the transnational locality It argues that the transnationality intrinsic to diaspora identities mark them as others in the nation state and simultaneously separates them from the perceived motherland thus displacing them from both states and situating them in a transnational locality It is from this placement that social movements among Diasporas gain salience As outsiders and insiders they are well placed to offer a formidable challenge to the host state but these challenges are limited by their hybrid identities and perceived divided loyalties Providing an in depth analysis of Indian Diasporas the book will be of interest to those studying South Asian Studies Migration and Diaspora Studies

Pretoria Student Law Review 2021-15 Phenyio Nomasonto Morweši Sekati,2022-01-01

About the publication I am delighted to present to you the reader the fifteenth edition of the Pretoria Student Law Review PSLR with its Special Section on Social Justice and COVID 19 This year s Annual Edition together with the developments made during the year is a testament to the growth resilience and adaptability of this student driven initiative especially during these turbulent times This year has also been one of reflection and remembrance as we publish this edition in tribute to the late Professor Christof Heyns whose instrumentality in the establishment of the Pretoria University Law Press PULP has brought us to where we are today Fourteen years since its inception and the PSLR still continues to grow and evolve

whilst remaining true to its thriving legacy in fostering excellence and innovation through legal writing This publication s uniqueness is also presented through its diverse contributions all addressing contemporary societal and legal issues under a broad range of legal disciplines In an era of many continued firsts the PSLR has strived to build on the legacy of its predecessors by expanding on the Journal s visibility and accessibility The PSLR s digital presence has now grown substantially leading to an increase in quality submissions from institutions across the country This year the PSLR launched its first independent website and developed an official logo for the Journal and its online platforms Authors are now able to submit their papers through the Open Journals System platform track their workflow manage their submissions and submit at any time outside of the PSLR s official call for submissions We can firmly submit that we have in pursuance of being a DHET accredited journal fulfilled the standards set out by the Department of Higher Education and Training Many thanks are extended to Makone Maja for developing the website Your patience guidance and geniality are truly appreciated Thank you also to Jakolien Strydom and ClickCreate for your charitable assistance in developing and designing the logo To the authors this year has in many respects been challenging with many of those challenges affecting students directly We appreciate the dedicated efforts put into your submissions and your wholehearted cooperation throughout the entire process Much appreciation is also extended to the reviewers who have selflessly committed to assisting the PSLR during the peer review process To all of the reviewers your input guidance and recommendations are greatly appreciated Phenyio Nomasonto Morwesi Sekati Editor in Chief 2020

Advanced Wind Turbines Teik-cheng Lim, Palanisamy Mohan Kumar, Sivalingam Krishnamoorthi, 2023-09-13 How can non windy places make use of wind power for electricity generation Advanced Wind Turbines provides detailed information that is of great practical importance to wind turbine practitioners from small and congested city states where the lack of vast land and high wind speed render the conventional wind turbine less effective It introduces the non conventional Darrieus and Savonius wind turbines as well as their hybrid version covering basic concepts computational modelling and recent advances in experimental optimization What about those who prefer wind turbines in faraway oceans to take advantage of high wind speed or who come from countries with a lack of shallow seabed Floating offshore wind turbines are also discussed and the dynamics of floating vis vis grounded wind turbines are thoroughly expounded upon to aid practitioners in achieving more accurate performance modelling This is a work of paramount usefulness for areas which have long wanted to jump on the renewable energy bandwagon but have thus far been hampered by their natural geographical limitations

Politics By Other Means Richard Abel, 2015-12-22 *Politics by Other Means* explores the fundamental question of how law can constrain political power by offering a pathbreaking account of the triumphant final decade of the struggle against apartheid Richard Abel presents case studies of ten major legal campaigns including challenges to pass laws black trade union demands for recognition state terror censorship resistance to the independent homelands and treason trials

The Archaeology of Southern Africa Peter Mitchell, 2024-06-06 Some of

humanity's earliest ancestors lived in southern Africa and evidence from sites there has inspired key debates on human origins and the emergence of complex cognition Building on its rich rock art heritage archaeologists have developed theoretical work that continues to influence rock art studies worldwide with the relationship between archaeological and anthropological data central to understanding past hunter gatherer pastoralist and farmer communities alike New work on pre colonial states contests models that previously explained their emergence via external trade while the transformations wrought by European colonialism are being rewritten to emphasise Indigenous agency feeding into efforts to decolonise the discipline itself Inhabited by humans longer than almost anywhere else and with an unusually varied complex past southern Africa thus has much to contribute to archaeology worldwide In this revised and updated edition Peter Mitchell provides a comprehensive and extensively illustrated synthesis of its archaeology over more than three million years

The Oxford Handbook of Archaeology and Language Martine Robbeets, Mark Hudson, 2025-06-24 This volume provides a comprehensive and up to date overview of how archaeology genes and language can be combined to shed light on the human past Our understanding of human prehistory has been revolutionized in recent years by the growth of interdisciplinary perspectives and particularly by insights from the study of ancient DNA At a time when the Big Data movement in genetics and archaeology is beginning to make inroads into linguistics The Oxford Handbook of Archaeology and Language sets the agenda for future research in the discipline of archaeolinguistics The handbook is divided into three parts The first part introduces the basic frameworks of archaeolinguistics addressing recent trends and new perspectives Chapters in Part II explore the application of archaeolinguistics to different stages in human history from hunter gathering via the adoption of farming and the rise of writing to modern times Part III features regional case studies from different parts of the world including not only Indo European but also Uralic Transeurasian Sino Tibetan Paleosiberian Tai Kadai Austronesian Papuan Australian Afrasian Nilo Saharan Niger Congo Kalahari Basin Andean and Lowland South American languages In illustrating the extent to which linguistic archaeological and genetic histories align or differ the volume goes beyond the level of broad brush approaches by engaging specialists from a range of disciplines as co authors shedding light on language dynamics from multiple perspectives

Origin and Evolution of the Cape Mountains and Karoo Basin Bastien Linol, Maarten J. de Wit, 2016-09-03 This book describes the latest research on the geological geochemical geochronological biological and geomorphic evolution of the unique and relatively pristine landscape of the Cape Mountains and the Karoo Basin a region in South Africa that is currently being targeted for shale gas exploration and development With up to date graphics maps drill core and seismic data it offers the latest observations and synthesis and highlights areas of ongoing research The work presented also considers a wider connection of the Cape Karoo system to other basins in Central Gondwana including South America thus following in the footsteps of A L du Toit Clearly there is still much to be learned before shale gas development can be considered and this book provides some timely perspectives

Getting the books **Vaal University Late Application For 2015** now is not type of challenging means. You could not lonesome going subsequently books store or library or borrowing from your connections to edit them. This is an agreed simple means to specifically get guide by on-line. This online message Vaal University Late Application For 2015 can be one of the options to accompany you like having further time.

It will not waste your time. take me, the e-book will agreed tune you extra event to read. Just invest tiny period to entrance this on-line publication **Vaal University Late Application For 2015** as without difficulty as evaluation them wherever you are now.
