Environmental Science and Information Application Technology David Chan, 2015-06-29 Environmental Science and Information Application Technology contains selected papers from the 2014 5th International Conference on Environmental Science and Information Application Technology ESIAT 2014 Hong Kong 7 8 November 2014 The book covers a wide variety of topics Global Environmental Change and Ecosystems Management Graphic and I *Doctoral Education in South Africa* Cloete, Nico, Mouton, Johann, 2015-12-08 Worldwide in Africa and in South Africa the importance of the doctorate has increased disproportionately in relation to its share of the overall graduate output over the past decade This heightened attention has not only been concerned with the traditional role of the PhD namely the provision of future academics rather it has focused on the increasingly important role that higher education and particularly high level skills is perceived to play in national development and the knowledge economy This book is unique in the area of research into doctoral studies because it draws on a large number of studies conducted by the Centre of Higher Education Trust CHET and the Centre for Research on Evaluation Science and Technology CREST as well as on studies from the rest of Africa and the world In addition to the historical studies new quantitative and qualitative research was undertaken to produce the evidence base for the analyses presented in the book The findings presented in *Doctoral Education in South Africa* pose anew at least six tough policy questions that the country has struggled with since 1994 and continues to struggle with if it wishes to gear up the system to meet the target of 5 000 new doctorates a year by 2030 Discourses framed around the single imperatives of growth efficiency transformation or quality will not however generate the kind of policy discourses required to resolve these tough policy questions effectively What is needed is a change in approach that accommodates multiple imperatives and allows for these to be addressed simultaneously *The Psychosocial Aspects of a Deadly Epidemic* Judy Kuriansky, 2016-03-21 Edited by a clinical psychologist who has been on the ground helping to develop psychosocial support for Ebola survivors in one of the hardest hit regions of West Africa this book explains the devastating emotional aspects of the epidemic and its impact on survivors and the population in West Africa families in the diaspora and people in the United States and other countries It also describes lessons learned from past epidemics like HIV AIDS and SARS and valuable approaches to healing from future epidemics While the devastating Ebola epidemic has been contained the effects of this outbreak referred to by the World Health Organization as the most severe acute public health emergency seen in modern times have wreaked a tremendous emotional toll on the populations of West Africa as well as on families and survivors worldwide This groundbreaking book covers the psychosocial needs programs and policies related to the Ebola epidemic and examines broader lessons of the outbreak such as changes in the ways in which healing from future epidemics can be handled Edited by Judy Kuriansky PhD a noted clinical psychologist and United Nations NGO representative with extensive experience helping after disasters worldwide and direct experience gained from being on the ground in West Africa in the midst of the epidemic this book

identifies and explains universal psychological factors at play in all such crises It debunks myths regarding Ebola and describes the resulting psychological and social harm caused by the epidemic The chapters cover overarching emotional issues and problems as well as the long term impact on at risk groups such as children women and health workers the impact of emotional issues on social and economic life responses of government officials media and various aid organizations and solutions being offered by groups worldwide including service and humanitarian organizations politicians policymakers and public health education groups

Freshwater Challenges of South Africa and its Upper Vaal River Anja du Plessis,2017-02-07 This book promotes better understanding and awareness of South Africa significant water problems by describing the country s and especially the Upper Vaal River s water resources It is a go to book for students professionals and regular citizens when information is required regarding the country s and more specifically the Upper Vaal River s freshwater resources It highlights the major problems and risks which need to be addressed and give a realistic and true representation of the current water affairs

Management Innovation and Entrepreneurship Monaliz Amir Khanpour,Georgia Sakka,Demetris Vrontis,2015-10-05 This book consists of various chapters which focus on the wider contexts of management innovation entrepreneurship and human resource management practices Furthermore the contributions are authored by scholars from all over the world allowing the book to adopt a truly global perspective Innovation is without doubt the foundation of economic growth and corporate prosperity while entrepreneurship on the other hand provides all the necessary mobilization for this growth and prosperity Human Resource Management practices safeguard internal relationship approaches sustainability and efficiency The book provides detailed insights into subjects as diverse as innovation competitiveness innovative business human resource management practices corporate entrepreneurship management change marketing risk management transnational innovation strategies and tactics and innovative corporate practices This volume provides scientific evidence and direction to businesses regarding competing in today s ever changing environment It will be of particular interest to scholars students researchers and practitioners throughout the business world given that it covers a wide spectrum of business types and industry sectors

Water Stewardship and Business Value William Sarni,David Grant,2018-04-09 The tangible value of increased water efficiency reuse and recycling and improved social license to operate are moving more companies to adopt water stewardship strategies This book frames an expanded strategy for water stewardship and business value creation including brand value that benefits a range of stakeholders including consumers customers investors and employees The book shows that until recently the linkage between full business value and water stewardship has been missing from the corporate agenda This linkage and value creation from a leading water strategy is increasingly important to socially responsible investors and aspirationalists who value companies that have a social mission or focus to their overall business strategy In general the largest portion of a company s market capitalization is intangible value and understanding how a water strategy contributes to this

intangible value is essential The authors include cases studies and a framework or path forward to guide companies as they seek to build leading water strategy that goes beyond water stewardship to drive full business value from this investment The book establishes the linkages and value from an integrated water and business strategy and an approach for companies to follow

Greater Kenyir Landscapes Mohd Tajuddin Abdullah,Aqilah Mohammad,Mohamed Nor Zalipah,Muhamad Safiih Lola,2018-09-11 This book contains research findings from three major study areas natural sciences social sciences and public policy and management The focus area extends over geographical zones ranging from mountainous area of Mount Gagau in the Taman Negara National Park down to the coastal islands of Bidong Redang and Perhentian on the eastern coast of Peninsular Malaysia Chapters on natural sciences examine the physicochemical characteristics of water physiological and ecological constraints to geological and climatological aspects The social science and management chapters observe the rich ethno heritage of local communities and how they interact and develop as a culture and public policy for sustainable management Viewpoints from political science history sociology economics anthropology and management science are also taken into account This book is intended for researchers and graduate students to create an understanding of the rich heritage while policy makers plan for future generations Readers will benefit from this book by studying the gaps in the current knowledge and move to develop further research to understand the unexplored forest canopies and the dynamics of the changing Greater Kenyir landscapes
