Field Guide to the Wild World of Religion Pamela

Dewey, 2013-02 The American religious scene in 1955 was a very tame and predictable world It matched the tame predictable world of women s clothing where most women going out shopping wore a dress with coordinating gloves hat and shoes And it matched the tame predictable world of children s toys where almost every young girl yearned for a baby doll that said Ma Ma and almost every boy needed a coonskin cap Choices of fashions toys preachers and churches were limited and domesticated Fifty years later the tame predictable world of 1950s fashions and toys is long gone Women go shopping in everything from sweatshirts and jeans to tube tops and short shorts And both boys and girls want the latest Sponge Bob Square Pants video game The same kind of transformation has gone on in the world of religion It is no longer tame and predictable either Welcome to the Wild World of Religion of the 21st Century Explore its habitats identify some of the inhabitants and learn about their characteristics and customs in this Field Guide

Great Salt Lake in Utah is disappearing Negotiations for allocations of water from the Colorado River are becoming more and more contentious Could it be that these conditions are only harbingers of a more systemic and serious spiritual famine Sin stops the rain In Idolatry in America Dr Rod Parsley identifies ten major areas of idolatry that have overtaken our country s culture Any one of them is deadly but together they constitute an unprecedented threat to the very existence of our nation There is a cure for this cultural epidemic a way to walk back from the brink of moral and spiritual disaster The choice is stark The consequences are severe The outcome will be stunning *God in the Corridors of Power* Michael Ryan, Les Switzer, 2009-08-25 *God in the Corridors of Power* Christian Conservatives the Media and Politics in America is a comprehensive study of Christian conservative power in America s political culture how it was achieved how it is maintained and where it is going It came about in part because of an enduring influence in the school room the seminary and in the pulpit and in part because conservatives are so skilled at using commercial and non commercial media including religious media to disseminate their views to broader audiences Though their power has waxed and waned they continue to be a potent force in public policy today The authors argue that the astonishing electoral successes of Christian conservatives at all levels of national state and local government was made possible by linking political social media and religious interests with an emerging consensus about what constitutes a conservative mindset in American politics Christian conservatives unquestionably have been the most significant component in a coalition of religious conservatives traditionalist conservatives and neoconservatives that has driven the Republican Party now for almost two generations This multifaceted understanding of Christian conservative activists in religion and politics traces the impact Christian conservatives have had on American Christianity as a whole while also examining the limitations imposed on the Christian conservative agenda by American civil religion the Constitution and case law The authors explore women s reproductive rights in the debate over contraception and abortion and gay civil rights in the debate over gay marriage and family rights The debate over intelligent design and evolution is examined in the context of the campaign to transform public school education The run up to the wars in Afghanistan and Iraq is scrutinized against the background of the declared war on terrorism While the conservative religious and secular coalition within the Republican Party began to fragment even before the end of George W Bush s first term in office it remained a powerful force in the 2004 and 2008 elections The book concludes with some thoughts about the impact of Christian conservatives in politics media and religion in the future **Encyclopedia of American Religions** J. Gordon Melton, 2003 This encyclopedia revised and expanded contains over 2600 descriptive entries on the religious and spiritual groups of the United States and Canada *TV Guide* , 1998 Culturally Incorrect Rod Parsley, 2009-04-08 Parsley exposes the failure of the current generation of believers to engage the culture present a relevant gospel and lead influence through service and paints a vivid picture of the cost and implications of that failure Parsley explains how the culture wars have entered a new critical phase for the United States and discusses the areas in which this war is being fought Cultural

Scientific Geopolitical Media and Academia He presents an understanding of the paradigms assumptions and values that animate the humanist secularist and neo pagan enemies of Christianity in America and offers a strategy for winning this war what he calls a New Great Awakening and how evangelism social action and the engagement of culture fit into that plan
