inclusiveness as formulated by Alexis de Tocqueville and Louis Hartz. Jaher argues that the liberal paradigm worked for American Jews but that France's illiberal impulses hindered its Jewish population in acquiring full civic rights. He also explores the relevance of the Tocqueville Hartz theory for other marginalized groups particularly blacks and women in France and America. However the experience of these groups suggests that the theory has its limits. A central issue of this penetrating study is whether a state with democratic liberal pretensions America can better protect the rights of marginalized enclaves than can a state with authoritarian tendencies France. The Tocqueville Hartz thesis has become a major issue in political science and this book marks the first time it has been tested in a historical study. *The Jews and the Nation* returns a unifying theory to a discipline fragmented by microtopical scholarship. **Ebony**, 2006-09 EBONY is the flagship magazine of Johnson Publishing.
