The Declutter Bible Jill D. Cooper, 2014-01-22

Any form of clutter, be it in your home or your life in general, is bad. While clutter in your home constitutes a home being messy, where things are just lying around in an untidy manner, clutter in your life signifies your feelings and approach towards life. A cluttered life would mean your body, mind, and spirit being uneasy with the way things are around you. In such cases, you should adopt a more balanced approach towards living your life. For you to be clutter-free, you need to adopt a lifestyle which is similar to that philosophy. Many people ask themselves where they could start from. Until you figure out the answer to that question, your life will remain cluttered. This eBook consists of tips aimed at bettering your overall life and making it more clutter-free.
