Quaintrelle Caia Amoré, 2018-09-09 A compilation of short stories poems and memories that are immersed in sex magick eroticism romanticism sensuality and carnal alchemy Diving into the spiritual world of the divine feminine and masculine through the flesh of Caia Amoré **Queering Mennonite Literature** Daniel Shank Cruz, 2019-01-27 Though the terms queer and Mennonite rarely come into theoretical or cultural contact over the last several decades writers and scholars in the United States and Canada have built a body of queer Mennonite literature that shifts these identities into conversation In this volume Daniel Shank Cruz brings this growing genre into a critical focus bridging the gaps between queer theory literary criticism and Mennonite literature Cruz focuses his analysis on recent Mennonite authored literary texts that espouse queer theoretical principles including Christina Penner s Widows of Hamilton House Wes Funk s Wes Side Story and Sofia Samatar

s Tender These works argue for the existence of a queer Mennonite identity on the basis of shared values a commitment to social justice a rejection of binaries the importance of creative approaches to conflict resolution and the practice of mutual aid especially in resisting oppression Through his analysis Cruz encourages those engaging with both Mennonite and queer literary criticism to explore the opportunity for conversation and overlap between the two fields By arguing for engagement between these two identities and highlighting the aspects of Mennonitism that are inherently queer Cruz gives much needed attention to an emerging subfield of Mennonite literature This volume makes a new and important intervention into the fields of queer theory literary studies Mennonite studies and religious studies Consent Nilofer Kaul,2023-12-19 Especially after the MeToo storm consent has been the rallying point of our debates Nilofer Kaul looks at the idea of consent with all its assumptions of equality rationality and language and argues that this papers over the inherent asymmetry in gender relations Harping on the centrality of consent she argues invisibilizes the violence of this asymmetric arrangement The problem as most women know is not just that they are oppressed but that they apparently acquiesce to their indignities It is in this heart of darkness that psychoanalysis is summoned to look at the inequitable distribution of power Masculinity inherited power and this must be constantly proved and asserted and constant violence is displayed to prove a delusional sense of power This fictive potency demands the expunging of all traces of vulnerability of the entire apparatus of thinking and feeling and these unwanted attributes are then placed in femininity However Kaul argues not all asymmetry is violent BDSM partners consent to violence even seek it How do we then think about consent in a world that is insistently and fearfully asymmetric
