The Function and Use of TO and OF in Multi-Word Units Michael Pace-Sigge, 2016-04-29 The highly frequent word items TO and OF are often conceived merely as prepositions carrying little meaning in themselves This book disputes that notion by analysing the usage patterns found for OF and TO in different sets of text corpora

Governing the Environment in the Early Modern World Sara Miglietti, John Morgan, 2017-03-27 Throughout the early modern period scientific debate and governmental action became increasingly preoccupied with the environment generating discussion across Europe and the wider world as to how to improve land and climate for human benefit This discourse eventually promoted the reconsideration of long held beliefs about the role of climate in upholding the social order driving economies and affecting public health *Governing the Environment in the Early Modern World* explores the relationship between cultural perceptions of the environment and practical attempts at environmental regulation and change between 1500 and 1800 Taking a cultural and intellectual approach to early modern environmental governance this edited collection combines an interpretative perspective with new insights into a period largely unfamiliar to environmental historians Using a rich and multifaceted narrative this book offers an understanding as to how efforts to enhance productive aspects of the environment were both led by and contributed to new conceptualisations of the role of nature in human society This book offers a cultural and intellectual approach to early modern environmental history and will be of special interest to environmental cultural and intellectual historians as well as anyone with an interest in the culture and politics of environmental governance

Rethinking Corporate Governance Sven-Erik Sjöstrand, 2016-05-27 *Rethinking Corporate Governance* s extensive and insightful empirical investigation offers a radically new approach to corporate governance This ground breaking volume describes and analyzes the key nature based and actor based forces that ultimately determine corporate governance processes and long term corporate paths Generally such forces work in complex and intricate interplays that to a large extent vary among corporations A theory of shareholder governance is developed and integrated into the established and more comprehensive theory of corporate governance to create a revised theory of the corporation firm The new possibilities that this creates for explaining how processes develop and ultimately influence corporate paths are presented in depth Featuring conclusions based on an empirical material that is both rich and exclusive the book also contains extensive non anonymized materials from authentic corporate governance processes A general conclusion is that actions taken by individuals have a special status among those forces as they not only generate impact in themselves but also involve interpretations of the possible effects of all the other forces Among those actions the ones taken by the shareholders stand out as particularly decisive both for the governance processes as such and for how corporations develop over time Offering a degree of openness detail and realism that is hard to find in any other case based study this innovative and enlightening volume is essential for both academics and practitioners involved in corporate governance corporate strategy and the theory of the firm

The Routledge History of Poverty, c.1450-1800 David Hitchcock, Julia McClure, 2020-12-31 The Routledge History of Poverty c 1450 1800 is a pioneering exploration of both the lives of the very poorest during the early modern period and of the vast edifices of compassion and coercion erected around them by individuals institutions and states The essays chart critical new directions in poverty scholarship and connect poverty to the environment debt and downward social mobility material culture empires informal economies disability veterancy and more The volume contributes to the understanding of societal transformations across the early modern period and places poverty and the poor at the centre of these transformations It also argues for a wider definition of poverty in history which accounts for much more than economic and social circumstance and provides both analytically critical overviews and detailed case studies By exploring poverty and the poor across early modern Europe this study is essential reading for students and researchers of early modern society economic history state formation and empire cultural representation and mobility

Sites of International Memory

Glenda Sluga, Kate Darian-Smith, Madeleine Herren, 2023-08-08 Whether we think of statues plaques street names practices material or intangible forms of remembrance the language of collective memory is everywhere installed in the name of not only nations or even empires but also an international past The essays in Sites of International Memory address the notion of a shared past and how this idea is promulgated through sites and commemorative gestures that create or promote cultural memory of such global issues as wars genocide and movements of cross national trade and commerce as well as resistance and revolution In doing so this edited collection asks Where are the sites of international memory What are the elements of such memories of international pasts and of internationalism How and why have we remembered or forgotten sites of international memory Which elements of these international pasts are useful in the present Some contributors address specific sites and moments World War II liberation movements in India and Ethiopia commemorations of genocide while other pieces concentrate more on the theoretical on the idea of cultural memory UNESCO's presence looms large in the volume as it is the most visible and iconic international organization devoted to creating critical heritage studies on a world stage Formed in the aftermath of World War II UNESCO was instrumental in promoting the idea of a humanity that exists beyond national regional or cultural borders or definitions Since then UNESCO's diplomatic and institutional channels have become the sites at which competing notions of international world and human communities have jostled in conjunction with politically specific understandings of cultural value and human rights This volume has been assembled to investigate sites of international memory that commemorate a past when it was possible to imagine identify and invoke international ideas institutions and experiences in diverse historically situated contexts Contributors Dominique Biehl Kristal Buckley Roland Burke Kate Darian Smith Sarah C Dunstan David Goodman Madeleine Herren Philippa Hetherington Rohan Howitt Alanna O Malley Eric Paglia Glenda Sluga Sverker Sörlin Carolien Stolte Beatrice Wayne Ralph Weber Jay Winter

contradicting norms and their relationship to education economy and politics This innovative approach considers diverse educational and political initiatives in the wake of new public management postcolonial perspectives on neoliberal education and educational practices and critical possibilities The book advocates understanding and enacting democracy as an experiment based on the conception that democracy is constantly constructed and constitutes a transformative process in society in general as well as in education This book advances the argument that there is still room for political subjectivity in spite of the dominance of neoliberal educational governance It will appeal to researchers academics and postgraduate students in the fields of higher education education policy and politics sociology of education and comparative and international education as well as those interested in neoliberalism new public management and inequality *De Gruyter Handbook of Sustainable Development and Finance* Timothy Cadman,Tapan Sarker,2022-09-20 The De Gruyter Handbook of Sustainable Development and Finance explores the difficult and challenging issues confronting society and the environment in the contexts of unprecedented climate change bio diversity loss and the global pandemic In this seminal text exploring a wide range of topics and in the devastating wake of COVID 19 scholars and practitioners analyse the effectiveness of current and proposed actions to build a sustainable future and the public and private finance necessary to prevent an impending planetary catastrophe The first section of the handbook introduces readers to the origins and evolution of sustainable development An examination of public and private finance follows in the next two sections presented from the perspectives of authors from both developed and developing countries Climate change one of the largest sectors of finance for sustainable development is investigated in detail as is the new and emerging development frontier the blue economy of the world s oceans Suitable for students policymakers and the public at large the handbook highlights the lessons learned and points the way forward for sustainable development and finance in the wake of the global pandemic and the challenges to come

Crusade and Conversion on the Baltic Frontier 1150-1500 Alan V. Murray,2017-07-05 This volume represents a major contribution to the history of the Northern Crusades and the Christianization of the Baltic lands in the Middle Ages from the beginnings of the Catholic mission to the time of the Reformation The subjects treated range from discussions of the ideology and practice of crusade and conversion through studies of the motivation of the crusading countries Denmark Sweden and Germany and the effects of the crusades on the countries of the eastern Baltic coast Finland Estonia Livonia Prussia and Lithuania to analyses of the literature and historiography of the crusade It brings together essays from both established and younger scholars from the western tradition with those from the modern Baltic countries and Russia and presents in English some of the fruits of the first decade of historical scholarship and dialogue after the collapse of the Iron Curtain The depth of treatment diversity of approaches and accompanying bibliography of publications make this collection a major resource for the teaching of the Baltic Crusades *Troubling Inheritances* Sara Cohen,Line Grenier,Ros Jennings,2022-08-11 This book provides an interdisciplinary focus on music memory and ageing by examining how they

intersect outside of a formal therapeutic context or framework and by offering a counter narrative to age as decline It contributes to the development of qualitative research methodologies by utilizing and reflecting on methods for studying music memory and ageing across diverse and interconnected contexts Using the notion of inheritance to trouble its core themes of music memory ageing and methodology it examines different ways in which the concept of inheritance is understood but also how it commonly refers to the practice of passing on and the connections this establishes across time and space It confronts the ageist discourses that associate popular music predominantly with youth and that focus narrowly and almost exclusively on music s therapeutic function for older adults By presenting research which examines various intersections of music and ageing outside of a therapeutic context or framework the book brings a much needed intervention
