Making Money From JUNK Steve Majors, You already know that One Man's Junk is another Man's Treasure, but just how would you go about making money from it? And I'm not talking about chump change either, how about HUNDREDS and even THOUSANDS of dollars per week. That's just what I did. I started out with NO MONEY TO WORK WITH to get started and turned a PILE OF JUNK into 72,864.29 in just under three months. In fact, I started in the junk business because I just got fired from my job and needed some way to feed my family, and I needed something fast that had to turn some cash quickly. I had to learn how to make money from thin air, and you can do it too without leaving your current job. It isn't hard; you just have to learn what it takes to make it happen. Oh, I had a big hang-up about being a junk dealer after all who wants to deal in junk. Junk dealers live in ratty houses, have trash laying around everywhere, and are always poor like in the TV show Sandford and Son, right? I guess that is possible, but there is another side to it. Here's what I discovered: A system of junk to cash that works time and time again. Where to find junk that sells quickly. How to make even more money by taking out the trash. 4 of the best places to look for high-value, quick-sell junk. Types of junk that others will buy from you for, but you should throw away. Who to deal with to get all the junk you can handle. Now that's just a taste of what I was forced to learn quickly. I mean, I had no money, having been laid off from my job of over 12 years. The company closed quickly, and there was nothing else available in the area doing a similar job. I had to work fast. But I got lucky. I found a man that taught me the ropes, the insider secrets to making money in the junk business. He had been in the business for about 20 years and wanted me to work a different area he couldn't physically reach any longer. Since I lived in between his house and the junk, he agreed to teach me all the details of the business, work with me on putting the deals together, and show me just how he did his business. Some of

the things I learned from this long term professional What to say to make your best deal Powerful methods to quickly get you into those places that tell you NO The best people to contact to get the best junk FOR FREE The people you want to avoid if you can and what to say to them if you can't How to make offers that work for everyone How to make a lot more money from choosing the right junk We began to work together He gave me some super tips to get started quickly and I went to work Once I made some contacts he told me what to do to turn them into deals A short time later I made a deal and got some junk He helped me pick it up showed me how to sell it quickly and then we divided the money I'd made 72 864 29 in just under three months Even more money than I was making at my job and not even 1/10th the hours Oh my mentor took a healthy cut in fact a very healthy cut of the profits Of course he had taught me a lot things that would have taken me a long time to figure out for myself and we both made some great cash in a short amount of time I soon learned what to do for myself and no longer needed him But I retained all that I learned and was well on my way to having my own junk business And I'm passing all these secrets on to you The exact statement to get tons of free junk that you can sell for A systematic method of offering that assures you make the maximum money A super quick method of finding out just how much your junk is really worth A simple secret mathematical formula to find the magical selling price for anything The most vital rule that you absolutely must learn to supercharge your sales The insider's formula that guarantees you will make profits every time After learning all this I went on to make my 1st deal without him all alone in the world I was really scared to venture out on my own but I took the step and found out a really important lesson You don't have to do it alone if you rely on a time tested system By relying on what I had already learned and following the same techniques over and over again I was able to step out and bring in tons of junk all by myself All it took was a bit of time to talk with people and find out what they have available then work out a deal and go get the junk Of course then I had to sell it but again I followed the same path that I had learned from my coach and following through it step by step I was able to get rid of the junk quickly and started bringing in tons of cash in just a couple days Continuing on the process I was able to feed my family put some cash in the bank and even increase our lifestyle going on vacations having nicer things and living like we never imagined before I had such success with our junk that I even got a warehouse that stayed full of big cash items that could be sold anytime for some instant Of course all my shelving packaging and shipping equipment was all picked up FOR FREE all in taking care of the junk business I picked up all the business stuff I needed and never paid ONE CENT for it now don't go telling the IRS I got so successful at it that my friends and family members wanted to know just how I did it They too wanted the insider secret to making buckets of cash with little effort and certainly stopped laughing about me being in the junk business That's when I started putting it all into a book And now you can get all the secrets to making big bucks in Junk for yourself Here's what I've included You'll learn a simple formula that few know about and why those that don't know it continue to lose money while you rake it in like a street sweeper after a sporting event The 1 secret to getting MORE FREE junk than your competitors A super fast way to

learn negotiation skills without losing your money Details of the best places to look for junk what to take and what to leave alone My favorite junk and where I find tons of it Ways to tell if it is a good buy now and in the future I know this sounds like a pile of stuff to learn and you think there s probably a month s worth of reading and studying to do before you can start to make even the first dollar in your junk business Far from it I ve made this a concise manual a quick study course that anyone can understand in just a short amount of time A way to put those that want it into business quickly and get that cash rolling in really FAST Start Immediately And I m not going to take a bunch of your time reading this letter Yeah I ve seen those pages on the Internet too those that go on for pages and pages talking about little or nothing working words and emotions to get you to buy something you don t really need I m not that way I believe that you already know that there are lots of methods to make money that there are ways to make money from what others throw away You just may not know how to do it yourself and what to do to really bring in the bucks that s what you ll learn in this manual Maybe you re just not sure YOU can do it well I m here to tell you that following the system that my mentor laid out for me at a cost of several thousand dollars you too can bring in hundreds and thousands of dollars every month depending on how much time you want to put into it You can start right now and be putting cash in your pocket from JUNK very quickly how s this weekend sound to you All it takes is for you to get my manual read through it and take some action following all the tips and tricks I ve outlined for you Yeah some of this is common sense but unless you know how to maximize your time energy and efforts to monopolize on it common sense will bring just the same type of results common Now that s not what I want for you and I m sure it is not what you want for yourself If you are looking for common results I don t want you to even think about getting my manual heck why waste your time or mine if you aren t serious about making buckets of bucks even if it comes from selling junk In my opinion when the money comes in it doesn t matter what brought it in just that it got brought in If you can make thousands from trash what difference does it make really A good deal that can bring you lots of doesn t come along every day and you have to know when to take action and when to move on it to make your best offer So enough already Let s get you going right now Pick up my Making Money From Junk manual the quickest method to truly clean up on junk like a street sweeper Now I know you ve read all about guarantees on the Internet tons of times Well I m not going to give you one at all how about that I don t know how you will work what you will do or even if you will ever take action on what I tell you at all so how could I promise you will ever make even a penny from what I teach you But You will make money from this information All you need to do is follow along with what I ll outline for you step by step It might take you a day a week a month or even more before you find your first deal and certainly it will if you spend your time watching TV instead of building your business by the way watching TV is not on the list of To Do things in my manual but **YOU WILL MAKE MONEY FROM THE INFO PROVIDED** What are you waiting for Get my manual on Making Money From Junk all you need to know to get going right away to make your share of the tons of stuff that many people are letting just sit on their shelves I ll show you how to talk
