glue With America's precious future in her hands Nancy rises to the occasion but sometimes she yearns for something a little more glamorous Meanwhile another woman by the name of Nancy Stern has moved into her apartment building and as if the constant mail mix ups aren't annoying enough every mistaken delivery and misdirected message reminds her that the other Nancy Stern is outshining her by far That pile of exclusive party invitations spilling out of her mailbox Not for her The stunning coat that's arrived straight from the cleaners Not a chance And that smooth voice on the other end of the line calling to ask Nancy out on a blind date Now that is something the penthouse floor Nancy Stern doesn't have to find out about But while her night out with the hunk stirs up a romance The other Nancy gets murdered And suddenly the real identity of not just the killer but the intended victim is a mystery in desperate need of solving Very funny When teacher Nancy accepts a blind date meant for the other Nancy things rapidly spiral out of control Murder and mayhem follow all in Heller's trademark witty and entertaining style Library Journal A charmingly improbable love story USA Today *Box Office*, 1951 *The Image of Gender and Political Leadership* Michelle M. Taylor-Robinson, Nehemia Geva, 2023 There are many theories as to why women remain severely underrepresented in democratic governments Perhaps voters do not consider women to be capable leaders or maybe party elites obstruct women's paths to office because they don't believe that they are electable But if these attitudes are hurdles standing in the way of women being elected to office where did they develop In *The Image of Gender and Political Leadership* Michelle M Taylor Robinson and Nehemia Geva bring together parallel experiments conducted in countries around the world to compare the ways in which young adults view gender and leadership Together the chapters in this book present findings from on site experiments conducted with over 6 000 young adult students of highly diverse socio economic backgrounds in eight countries that have varying levels of experience with women in government Canada Chile Costa Rica England Israel Sweden the United States and Uruguay Overall the book finds little evidence of traditional gender stereotypes that would limit young people's support for women as political leaders Women candidates are accepted as leaders by the participants indicating young adults approval of women's ability to hold diverse posts win votes and manage stereotypically masculine policy areas The book also finds that young adults are very responsive to political party regardless of gender they tend to favor candidates from their preferred parties With an in depth cross national perspective Taylor Robinson and Geva provide empirical evidence to dispel myths about what contributes to the low election rates of women and importantly investigate logical steps to achieve gender parity **Tenggara**, 1989
