MCAT Topical Tests

Dear Future Doctor,

The following Topical Test and explanations should be used to practice and to assess your mastery of specific topical information in test format. This is an opportunity to practice the STOP, THINK, PREDICT methodology learned in the Kaplan classroom. There are Discrete questions and Passage-based questions that test your ability to apply your foundation knowledge to MCAT-style questions, using critical thinking. Simply completing the tests is inadequate; a solid understanding of your performance through your Score Reports and the explanations is necessary to diagnose your specific weaknesses and address them before Test Day.

All rights are reserved pursuant to the copyright laws and the contract clause in your enrollment agreement and as printed below. Practice today so that you can perform on Test Day; this material was designed to give you every advantage on the MCAT and we wish you the best of luck in your preparation.
