What Does Biust Have For 2015:

Improving the Performance of Construction Industries for Developing Countries Pantaleo D.

Rwelamila, Abdul-Rashid Abdul-Aziz, 2020-12-21 This book documents the experiences development and prospects of the construction industry in numerous developing countries It will provide a strong base of reference for countries looking to improve their construction industries as part of their wider economic development programme The opening chapter presents a strategic overview of the contents of the book and each country specific chapter is structured to consider the legal and policy frameworks administrative infrastructure and procedures and implementation mechanisms as well as the experiences current activities and future plans and programmes with respect to construction industry development in each country The concluding chapter looks forward and considers the implications of future trends for the construction industries in developing countries and the actions which will be required to address them Chapters cover India Singapore Chile South Africa Tanzania Malaysia Botswana Ghana Uganda Indonesia China Croatia and Eswatini Readers will learn about the wealth of comparable stories from global coverage from the detailed country specific cases Building on important scholarly works in the field this book is essential reading for academics researchers and policy makers in built environments economics construction management infrastructure management and the wider construction industry

Economic Diversification in Africa Imogen Mogotsi, Ndateelela Namwoonde, 2023-08-29 Botswana is a major producer of the world's diamonds and has been a pacesetter for beneficiation in the country All mineral resources are finite Botswana is working towards diversifying the economy before the diamonds run out As one of the most stable and prosperous countries in Africa Botswana sets an example to follow This book gives a practical review of topical issues and the roles of government the private sector economic institutions and the international community in driving economic diversification It highlights challenges faced by many small open economies in Africa as they search for new engines of growth

Wireless Communication Networks and Internet of Things Adamu Murtala Zungeru, S Subashini, P Vetrivelan, 2018-05-09

This book is a collection of papers from international experts presented at International Conference on NextGen Electronic Technologies ICNETS2 2016 ICNETS2 encompassed six symposia covering all aspects of electronics and communications domains including relevant nano micro materials and devices Presenting recent research on wireless communication networks and Internet of Things the book will prove useful to researchers professionals and students working in the core areas of electronics and their applications especially in signal processing embedded systems and networking

High Voltage Insulating Materials-Current State and Prospects Pawel Rozga, 2021-09-07

Studies on new solutions in the field of high voltage insulating materials are presented in this book Most of these works concern liquid insulation especially biodegradable ester fluids however in a few cases gaseous and solid insulation are also considered Both fundamental research as well as research related to industrial applications are described In addition experimental techniques aimed at possibly finding new ways of analysing the

experimental data are proposed to test dielectrics

Injection Molding Process Modelling Tien-Chien Jen,Edwell Tafara Mharakurwa,Steven Otieno Otieno,Fredrick Madaraka Mwema,Job Maveke Wambua,2024-09-11 Injection Molding Process Modelling presents the application of CAE statistics and AI in defect identification control and optimization of injection molding process for quality production It showcases CAE in determining the optimal placement of injection points designing cooling channels and ensuring that the mold will produce parts with the desired specifications The book illustrates the capability of the CAE tools to simulate molten plastic flow within a mold during the injection molding process Explaining how the use of CAE statistical tools and AI enhances efficiency accuracy and collaboration the book explores the contributions to injection molding in product design and visualization prototyping and testing mold design and analysis and simulation It emphasizes the integration of statistical tools for optimized efficiency and waste reduction including statistical process control SPC Design of Experiments DOE Regression Analysis Capability Indices Interaction effects and many more The book also illustrates the predictive modelling of typical injection molded product defects using intelligent algorithms The book will interest industry professionals and engineers working in manufacturing production automation and quality control

Handbook on the History and Culture of the Black Sea Region Ninja Bumann,Kerstin S. Jobst,Stefan Rohdewald,Stefan Troebst,2024-12-30 Following the annexation of Crimea by the Russian Federation in spring 2014 160 years after the Crimean War and the full scale invasion of Ukraine in February 2022 the Black Sea region has again become the focus of world history In this handbook international scholars from various historical and cultural disciplines provide deep historical insights into the structures of conflict cooperation and interrelations between the Balkans the Middle East the Caucasus and Eastern Europe in the space referred to as the Black Sea world The trans maritime communication and intra regional circulations spanning from Antiquity to the present day via Byzantium the Polish Lithuanian Commonwealth the Crimean Khanate the Venetian Safavid Ottoman and Romanov empires two World Wars and the Cold War highlight the autonomy of this historical region in the larger transcontinental setting designated in various times and varying languages as the Pontus Euxinus the Mare Maggiore the Kara Deniz the Chernoe More or the Black Sea This voluminous edition sheds real light upon the history of the Black Sea region from antiquity until the end of the 20th century Not only does this first rate book provide a host of excellent historical essays across time it also devotes considerable attention to important questions regarding how the Black Sea region is conceptualized and theorized A very useful contribution James H Meyer Montana State University In the wake of several research projects monographs and journals this is the first groundbreaking handbook on the cohesive history of the Black Sea as a historical meso region It gathers 39 excellent contributions that provide the conceptual apparatus survey the history of the region from a Greek to Byzantine to Ottoman lake to conflicting rivalries to its recent transformation from a quasi Soviet to a quasi NATO lake examine the ideas that underpin the various national ethnic and religious identities research the different mobilities through migration transport infrastructure and take stock of its

turbulent history through conflicts and war Maria Todorova University of Illinois at Urbana Champaign Mostly the work of scholars from Central Europe and the Black Sea region this massive volume focuses on the relationship between historical research and memory in particular the difficulty of certain groups living in the region when confronted with empires and nation states whose centers may be quite distant from the Black Sea Attentive readers may thus view the present handbook not merely as a work of reference on history memory and movement but also as a testimony to the historical perspectives developed by a significant number of Central European and Black Sea scholars during the first quarter of the twenty first century Suraiya Faruqi Ibn Haldun University Istanbul Sustainability in Developing Countries Susan Osireditse Keitumetse, Luc Hens, David Norris, 2020-10-08 This book illustrates an alternative approach to state of sustainability reporting by presenting cross sectoral and multi disciplinary discussions on sustainability issues in the context of a developing country Botswana The book volume illustrates how academic publishing can supplement African governments existing forms of reporting on sustainability by providing on ground detailed descriptions and experiences relating to achievement of the various sustainable development goals SDGs In addition this process involves increases and enhances diversity of stakeholders that report on sustainability Furthermore the approach resonates with the UN s recommendation to build local strategies for implementation of the 2030 agenda for sustainable development Conventional reporting on sustainability by most African countries is an exercise that is customarily the preserve of designated government ministries While this form of reporting provides a consistent platform for tracking sustainable development goals it can also benefit from juxtaposition with in depth descriptions and experiences provided by academic publishing Academia through publishing provides a framework for on ground situation analysis as well as in depth descriptions of African country s grass root experiences thus allowing for temporal tracking of sustainable development milestones As this volume illustrates experiences from the various contributors on this volume highlight different points of departure towards achieving the 2030 agenda Topics covered include biodiversity water management world heritage environment education tourism gender institutional approaches to achievement of SDGs as well as contribution of non governmental organisations NGO s amongst others

Gas, Water and Solid Waste Treatment Technology Zhien Zhang, Avelino Núñez-Delgado, Wenxiang Zhang, 2021-09-01 This book introduces a variety of treatment technologies such as physical chemical and biological methods for the treatment of gas emissions wastewater and solid waste It provides a useful source of information for engineers and specialists as well as for undergraduate and postgraduate students in the areas of environmental science and engineering **Sputtered Thin Films** Frederick Madaraka Mwema, Esther Titilayo Akinlabi, Oluseyi Philip Oladijo, 2021-04-12 Sputtered Thin Films Theory and Fractal Descriptions provides an overview of sputtered thin films and demystifies the concept of fractal theory in analysis of sputtered thin films It simplifies the use of fractal tools in studying the growth and properties of thin films during sputtering processes Part 1 of the book describes the basics and theory of thin film sputtering and fractals Part 2 consists of

examples illustrating specific descriptions of thin films using fractal methods Discusses thin film growth structure and properties Covers fractal theory Presents methods of fractal measurements Offers typical examples of fractal descriptions of thin films grown via magnetron sputtering processes Describes application of fractal theory in prediction of thin film growth and properties This reference book is aimed at engineers and scientists working across a variety of disciplines including materials science and metallurgy as well as mechanical manufacturing electrical and biomedical engineering

Critical Developments and Applications of Swarm Intelligence Shi, Yuhui, 2018-02-28 Artificial intelligence is a constantly advancing field that requires models in order to accurately create functional systems The use of natural acumen to create artificial intelligence creates a field of research in which the natural and the artificial meet in a new and innovative way Critical Developments and Applications of Swarm Intelligence is a critical academic publication that examines developing research technologies and function regarding natural and artificial acumen specifically in regards to self organized systems Featuring coverage on a broad range of topics such as evolutionary algorithms optimization techniques and computational comparison this book is geared toward academicians students researchers and engineers seeking relevant and current research on the progressive research based on the implementation of swarm intelligence in self organized systems

Health and Medical Geography in Africa Yemi Adewoyin, 2023-10-30 This contributed volume focuses on the evolution and current state of the sub discipline of health and medical geography in Africa It encompasses theoretical and methodological issues as well as the current teaching and research capacities of institutions offering programs in health and medical geography in Africa Further the book will review the level of adoption of the sub discipline in State policies and practice and also provide practical illustrations with case studies of how studies in the sub discipline are central to the actualization of Africa s development agenda Particular attention is paid to the relationship between health and development Through its direct and indirect impacts on labor productivity population health and wellbeing matter for the social and economic development of households and national economies Yet health is not uniform in space And so is development Comparatively on many health and development indicators Africa fares poorly The variation in health may present as differences in the occurrence and spread of diseases the distribution of and access to healthcare facilities and or in health outcomes among the population Reasons for these variations range from biology to the population s levels of exposure and susceptibility to elements in their environment including the social interactions taking place within the environment The field of health and medical geography focuses on the spatial patterns and processes underlying these variations and provides pathways for understanding and addressing them More specifically the sub discipline of health and medical geography focuses on among others how places their characteristics and processes that go on in them and environmental factors underlie and or influence disease patterns exposure and susceptibility to diseases health variations health behavior health outcomes and the provision of and access to healthcare services This volume documents perspectives and applications in health and medical geography in Africa for

academics students health practitioners and development policymakers Globalization, Mass Education and Technical and Vocational Education and Training Miriam Preckler Galguera, 2018-06-05 This book assesses the influence of the international organization UNESCO on the development of national Technical and Vocational Education and Training TVET systems in the Southern African Community Region SADC focusing particularly on Botswana and Namibia Designed around UNESCO's Better Education for Africa's Rise BEAR project the study is an excellent example of applied policy research Analysis is from the perspective of key stakeholders including UNESCO headquarters and field offices Ministries of Education and of Labor employers and employees education and training institutions international partners and more Both qualitative and quantitative evidence are used to provide a comparative overview and the author also reveals the current state of data on skills Readers will discover common goals and challenges across the nations but also a common lack of action to measure the impact and influence that UNESCO's programs have had at a national level prior to this study Were the newly implemented educational policies successful or not If the public policies failed why was that These chapters shed light on such questions and how UNESCO's contribution influenced the national development processes in the context of globalization processes and trends of global mass education The book has much to offer for both scholars and those working in UN agencies or national governments who seek to develop education systems and better link them to the world of work

Applications in Plant Biotechnology Abdullah Makhzoum, Kathleen Hefferon, 2022-12-23 The book focuses on interesting topics in plant biotechnology and its applications The first section covers a number of specific medicinal plants and their secondary metabolites using genetic and metabolic engineering The pharmaceutical uses of these plant bioactive compounds and their applications in treating a variety of diseases including cancer as well as recent works on in silico and bioinformatic analysis are described The second section deals with innovative plant molecular pharming approaches and reviews the potential for using various plant host systems to design and produce effective new drugs to treat different illnesses and diseases such as HIV infectious diseases and other human and livestock diseases Quality Assurance in Higher Education in Eastern and Southern Africa Peter Neema-Abooki, 2021-08-23 This book examines the critical aspect of quality assurance maintenance of competitive standards in African higher education It explores both the micro and macro levels of continental African higher education regulatory authorities and analyses different institutional regional and national practices for moving towards continental quality assurance approaches Contributed to by scholars across Eastern and Southern Africa the book considers conceptual practical epistemological and policy dimensions of quality and quality assurance especially in relation to higher education in Africa It therefore draws on research and local expertise to open up debate about how to assure and enhance the quality of higher education providing a comprehensive review of eight countries and considers societal challenges It aims to satisfy the need of more thoughtful and critical works on African education as produced by African educators The uniqueness of this book lies in integrating both the theoretical and practical dimensions of quality to devise

appropriate strategies for ensuring quality and standards in higher education in continental Africa and beyond This authoritative book advocates for a timely discussion around the provision of good quality higher education and research in African universities and will be of great interest to academics policy makers researchers and post graduate students in the fields of higher education comparative education and African studies **UNESCO Science Report** UNESCO,2021-06-18

Historical Dictionary of Botswana Barry Morton,Jeff Ramsay,2018-06-13 The death of Botswana's last founding father Sir Ketumile Masire in June 2017 marked the end of an era Since the release of the Fourth Edition of Historical Dictionary of Botswana in 2008 Botswana has gone through its most turbulent and divided decade to date Throughout September 2016 when Botswana celebrated its 50th anniversary of independence all the successes of the Seretse and Masire era were sources of massive national pride Botswana had expanded provisions of electricity water education and health services to almost all of its people and become a model nation that owned its natural resources and plowed the profits back into the nation's development Despite these successes Botswana has a high unemployment rate about 20 percent and a much larger cohort of the underemployed This fifth edition of Historical Dictionary of Botswana contains a chronology an introduction appendixes an extensive bibliography and more than 700 cross referenced entries on important personalities and aspects of the country's politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Botswana **Sustainable and Innovative Vegetable Production in times of Climate Change** Zafar Iqbal,Muhammad Akbar Anjum,Sezai Ercisli,Saeed Rauf,2025-07-22 This contributed book delves into the cutting edge techniques and sustainable practices essential for vegetable production in times of climate change It offers a comprehensive exploration of topics such as CRISPR based gene tweaking hydroponic systems organic farming edible landscaping indoor vegetables production techniques vegetable grafting protected olericulture value addition and postharvest management The book covers insights into the nutritive and therapeutic value of vegetables innovative nursery management and the latest trends in fresh cut vegetables The chapters contributed by world renowned experts address critical questions about food security environmental sustainability and advanced cultivation methods This book is a must read for anyone looking to enhance their understanding of modern vegetable production This book is an invaluable resource for agriculturists horticulturists food scientists plant breeders university scholars and industry professionals It provides knowledge on improving practices through eco friendly techniques Whether you are a researcher or an avid gardener this book will equip you with the latest research and practical applications to thrive in the evolving field of olericulture **Proceedings of the Second International Conference on Computer and Communication Technologies** Suresh Chandra Satapathy,K. Srujan Raju,Jyotsna Kumar Mandal,Vikrant Bhateja,2015-09-03 The book is about all aspects of computing communication general sciences and educational research covered at the Second International Conference on Computer Communication Technologies held during 24-26 July 2015 at Hyderabad It hosted by

CMR Technical Campus in association with Division V Education Research CSI India After a rigorous review only quality papers are selected and included in this book The entire book is divided into three volumes Three volumes cover a variety of topics which include medical imaging networks data mining intelligent computing software design image processing mobile computing digital signals and speech processing video surveillance and processing web mining wireless sensor networks circuit analysis fuzzy systems antenna and communication systems biomedical signal processing and applications cloud computing embedded systems applications and cyber security and digital forensic The readers of these volumes will be highly benefited from the technical contents of the topics

Proceedings of the 3rd International Conference on Frontiers of Intelligent Computing: Theory and Applications (FICTA) 2014 Suresh Chandra Satapathy, Bhabendra Narayan Biswal, Siba K. Udgata, J.K. Mandal, 2014-10-17 This volume contains 95 papers presented at FICTA 2014 Third International Conference on Frontiers in Intelligent Computing Theory and Applications The conference was held during 14-15 November 2014 at Bhubaneswar Odisha India This volume contains papers mainly focused on Data Warehousing and Mining Machine Learning Mobile and Ubiquitous Computing AI E-commerce Distributed Computing and Soft Computing Evolutionary Computing Bio-inspired Computing and its Applications

The Bloomsbury Handbook of Sustainability in Higher Education Wendy M. Purcell, Janet Haddock-Fraser, 2023-01-12 This Handbook illustrates that universities per se and higher education in general are essential to catalyze and action the transformative change needed for sustainability and delivery of the Sustainable Development Goals Part One shows how sustainability can be adopted as a driver of change within higher education institutions HEIs as they react and respond to influencing factors outside the academy Part Two examines how a university working with and for sustainability can influence effect and amplify change beyond the institution working with and through others International contributors explore regional national and international perspectives presenting a variety of critically assessed accounts case studies that reflect different local and national contexts institutional archetypes and academic missions Frameworks of sustainability led transformation are illustrated at the level of the institution executive administrative organization culture place based anchor and student in various countries including Aruba Belgium Brazil Canada Hong Kong Japan Lebanon Nepal New Zealand Nigeria South Africa Spain Uganda United Kingdom and the United States of America The book concludes with a manifesto for change and a call to action It identifies that the sustainability journey of a HEI is influenced by context and place with mission leadership and strategy playing a vital role and change agency by students a key ingredient Recognizing the patience and resolve to effect change communication dialogue and inclusion were central to community building and partnership

Unveiling the Power of Verbal Artistry: An Psychological Sojourn through **What Does Biust Have For 2015**

In a world inundated with monitors and the cacophony of instantaneous interaction, the profound energy and mental resonance of verbal artistry frequently fade into obscurity, eclipsed by the regular barrage of sound and distractions. Yet, nestled within the musical pages of **What Does Biust Have For 2015**, a captivating work of fictional splendor that pulses with organic emotions, lies an wonderful journey waiting to be embarked upon. Penned with a virtuoso wordsmith, that enchanting opus books readers on a psychological odyssey, delicately revealing the latent possible and profound affect embedded within the intricate internet of language. Within the heart-wrenching expanse of the evocative examination, we shall embark upon an introspective exploration of the book is key subjects, dissect its fascinating writing fashion, and immerse ourselves in the indelible effect it leaves upon the depths of readers souls.
