secret of the Manor well besides the Secret Garden one night Archibald Craven has a son The boy Colin is even more sheltered and spoiled than Mary He s been told his whole life that he is sickly so he believes it even though there is actually nothing physically wrong with him Since he gets so little exercise and he spends so much time about his own imaginary illnesses he has a rotten temper and horrible manners Now that Mary is around to give Colin some straight talk about his bullying behavior and his needless self pity though he begins to grow out of his selfishness The two of them again with the help of Dickon and his green thumb decide to work in the Secret Garden together Colin decides that he is going to make himself better so that when his father arrives back in England Colin can surprise Archibald with his transformation But wait You may ask Why does Colin s father spend so little time at home with Colin There are two important details to this tragedy that you have to know 1 Archibald has a deformed spine which has had a huge emotional effect on him and 2 he was deeply in love with his wife Lilies Lilies was pregnant with Colin when she fell from a tree in the walled garden went into labor and died That s when the walled garden becomes the Secret Garden Archibald ordered it sealed up since Lilies was horribly injured there Colin survived this terrible start in life but Archibald can t stand to look at him Archibald hates that Colin is all he has left of Lilies and he also worries that Colin is going to deal with the same physical difficulties with which Archibald struggles So Archibald has spent most of Colin s life traveling in Europe and leaving Colin in the care of his doctor and housekeeper It s only with the help of Mary and Dickon that Colin begins to imagine that he might
