Megrahi: You Are My Jury John Ashton, 2012-02-01 Casts grave doubt on the validity of Abdelbaset Al Megrahi's conviction as the Libyan terrorist

responsible for blowing up Pan Am Flight 103 Arab News You know me as the Lockerbie bomber I know that I m innocent Here for the first time is my true story how I came to be blamed for Britain s worst mass murder my nightmare decade in prison and the truth about my controversial release Please read it and decide for yourself You are now my jury Abdelbaset al Megrahi This long awaited book argues that far from being an unrepentant terrorist Abdelbaset al Megrahi was the innocent victim of dirty politics a flawed investigation and judicial folly Based on exclusive interviews with Megrahi himself and conclusive new evidence it destroys the prosecution case and puts the Scottish criminal justice system in the dock Megrahi You Are My Jury makes a compelling argument that the murderers of the 270 Lockerbie victims were acting on behalf of an entirely different government rather than Colonel Gadafy and Libya Abdelbaset al Megrahi the convicted Lockerbie bomber who died earlier this year of cancer never stopped seeking to clear his name and this book written by one of the lead researchers on Megrahi s appeal with the Megrahis collaboration documents perceived weaknesses of the Scottish state s case Ashton s analysis of the evidence though clearly partisan is exhaustive and fascinating highlighting how Megrahi s trial exemplified a rush to judgment viewed by many jurists as a miscarriage of justice Publishers Weekly *Report of Cases Argued and Determined in the Court of Appeals of Alabama* Alabama. the eyes of two companies that have taken very different paths toward integrated thinking Both stories provide new insights into the transition to integrated reporting as envisaged by the International Integrated Reporting Council IIRC and how integrated reporting is reshaping our views on transparency However the top down approach adopted in studies of integrated reporting in practice has left many questions unanswered Is it effective How does it evolve into established practice Is it just another management fad This bottom up critique answers all these questions and one more Could integrated reporting become the corporate reporting norm We shall see Given its depth of coverage the book appeals to IIRC academic community participants in integrated reporting networks and others interested in integrated reporting
