## What S Wrong With Us:

**What's Wrong with Us?** Colin Feltham, 2007-06-13 What s wrong with us Professor Colin Feltham believes that the current crises of the human condition are symptoms of a chronic wayward tendency which he terms anthropathology This interdisciplinary look at the zeitgeist of crisis traces the roots of human suffering exploring the contemporary issues of human violence deceit patriarchy abuse irrationality and greed Our human anthropathology is placed at the heart of all such problems Echoing the pessimism of Schopenhauer Cioran Beckett Gray and others Feltham nevertheless insists that answers may be formulated through confrontation Challenging and enlightening for professionals academics and students What s Wrong With Us is also a fascinating read for anyone with a general interest in our current social state *What Is Wrong With the Bible?* Charles Giuliani, 2018-07-26 The Bible is the number one best selling book of all time No other literary work in history has ever held so many people captive to its claims It is viewed as God s word an infallible moral guidebook and a timeless provider of hope and comfort But is there really any truth to these views Is the Bible really worthy of all this fanfare This book will reveal the ugly truth that the Bible is not at all what its fans think it to be In fact it is the very antithesis thereof And this book will prove all of this by using the bible itself as its own refuter *It's All about Faith* Teresa Sheppard, 2006-06 *The Man From Beyond* John E. Muller, Lionel Fanthorpe, Patricia Fanthorpe, 2014-08-28 Oliver Marland was an ordinary crew man on a routine flight before disaster overtook the 5X5 The strange sequence of events affected the minds of the entire ship s company Marland alone was capable of getting them home safely The changes had come to Oliver in a different way They had set him apart from the others He was feared and distrusted not without reason This was the paradox they needed him he needed them but both sides feared the other too much for compromise The only chance of breaking the deadlock lay with the unknown inhabitants of the planet they had been sent to survey and the natives were not renowned for their generous amiability **Everything Is Wrong With You** Wendy Molyneux, 2008-01-02 Pretend advice about beauty fashion and relationships for women who are pretending to care about that stuff While other self help books might tell you that something is wrong with you this book is here to tell you that everything is wrong with you In your quest for perfection are there things you ve forgotten to worry about Like Are your toes weird I m not saying they are but are they What if you think you are thin but you actually have a vision disorder that just makes you see yourself as thin when in fact you are totally not thin Think about it What if whenever you go out of town your boyfriend has crazy orgies at your house And what if all your best friends come to those orgies Of course I can t prove it but can you disprove it Remember if you were OK there wouldn t be so many books and magazines out there devoted to helping you get prettier and be more stylish I mean if you think that publishers are just in it for the money then you definitely have trust issues How can you solve them Please purchase this book to find out On the other hand you could just walk out of here without this book thinking that you are great just the way you are and arrive home to find that your husband has left you because of your weird toes Good luck

**Jesus after Modernity** James P Danaher, 2012-05-31 During the seventeenth and eighteenth centuries modern thinkers came to believe that our notion of truth should be objective certain and precise Mathematics became the model for how truth should be conceptualized and we sought to eliminate ideas that were vague ambiguous or contradictory The teachings of Jesus however are often vague ambiguous and even contradictory Fortunately a twenty first century understanding of the human condition has debunked the modern notion of truth showing it to be truncated at best We are now free to rethink our notion of truth in a way that is compatible with the things that Jesus said and did and equally compatible with what we now know to be our access to truth given the limits of our human condition This volume sets out to explore these issues in depth and examine what it might mean for us to speak of the truth of the Gospel in a twenty first century context
