And It's All There - Intertextual Structures, Themes, and Characters in Stephenie Meyer's Twilight Series Kathrin Fällér, 2011-12 Diploma Thesis from the year 2010 in the subject English Language and Literature Studies Literature grade 1.3 Martin Luther University Institut für Anglistik und Amerikanistik language English abstract With the growth in popularity due to series like Anne Rice s The Vampire Chronicles and the motif s recurring presence in cinematic adaptations of Stoker s Dracula as well as various TV formats public interest has never ceased to the present day As the most significant characteristic of the vampire is its being multi faceted and changing its potential to be also of great intertextual value can be thereupon considered Consequently it can be assumed that Meyer s tetralogy clearly evokes these instances of intertextuality through the adoption of patterns and themes that have already proved productive in earlier literary works However in Meyer s work these sources are remarkably extended and sometimes even altered as she relies to a large part on her pretexts to tell her narrative and construct a postmodern vampire figure In order to achieve a comprehensive analysis it is necessary to incorporate all four volumes Twilight New Moon Eclipse and Breaking Dawn of the Twilight series in the discussion Meyer s just recently published work The Short Second Life of Bree Tanner An Eclipse Novella will only engage a marginal part of the analysis as it largely concentrates on the subplot of Eclipse hence not being particularly significant for the main events of the story On the other hand Meyer s Midnight Sun although until the present day a yet unfinished and unpublished manuscript is of great importance for the subsequent analysis Meyer dwells on a number of themes structures and characters that have intertextual potential One can distinguish between

pretexts that are apparently marked in Meyer's work and sources that only bear non literal intertextual references Pretexts that are overtly marked and are thus explicitly intertextual in the Twi **The Palgrave Handbook of the Vampire** Simon Bacon, 2024-04-16 Winner of the The Lord Ruthven Assembly Award for Non Fiction 2024 This Handbook MRW is a unique encompassing overview of the figure of the vampire Not only covering the list of usual suspects this volume provides coverage from the very first reports of vampire like creatures in the 17th century to film and media representations in the 21st century The Palgrave Handbook of the Vampire shows that what you thought you knew about vampires is only a fraction of the real and fascinating story *Media Today* Joseph Turow, 2011-09-22 Media Today puts students at the center of the profound changes in the twenty first century media world from digital convergence to media ownership and gives them the skills to think critically about what these changes mean for the role of media in their lives Media Today Fourth Edition is built around four key concepts A media systems approach allows students to understand the interconnected cultural political and economic forces that shape media they encounter every day Unique insights into media trends give students an insider's perspective on how media industries are responding to changes from globalization to social networking Focus on digital convergence shows in each chapter how digital media is transforming traditional mass media such as newspapers magazines and television A media literacy goal encourages and builds critical skills to make students more informed and engaged citizens in our media driven society Completely revised with updated examples new case studies and new online video resources the 4th edition of Media Today connects the latest trends debates and technologies to the history of media highlighting the impact and meaning of today's changes to the media landscape especially how traditional industries have blurred together with digital convergence Additional learning resources including a new set of online video resources interactive quizzes study resources and instructor guides are available on the free companion website at www.routledge.com/textbooks/mediatoday4e *Sacrifice in Modernity: Community, Ritual, Identity*, 2016-09-27 In *Sacrifice in Modernity* Community Ritual Identity it is demonstrated how sacrificial themes remain an essential element in our post modern society

The Future of the Nineteenth-Century Dream-Child Amy Billone, 2016-06-10 This book investigates the reappearance of the 19th century dream child from the Golden Age of Children's Literature both in the Harry Potter series and in other works that have reached unprecedented levels of popular success today Discussing Harry Potter as a reincarnation of Lewis Carroll's Alice and J M Barrie's Peter Pan Billone goes on to examine the recent resurrection of Alice in Tim Burton's Alice and of Peter Pan in Michael Jackson and in James Bond Visiting trends that have emerged since the Harry Potter series ended the book studies revisions of the dream child in texts and films that have inspired mass fandom in the twenty first century Stephanie Meyer's *Twilight* E L James's *50 Shades of Grey* and Suzanne Collins's *The Hunger Games* The volume argues that the 21st century desire to achieve dream states in relationship to eternal youth results from the way that dreams provide a means of realizing the fantastic yet alarming possibility of escaping from time This current identification with the dream child

stems from the threat of political unrest and economic and environmental collapse as well as from the simultaneous technophilia and technophobia of a culture immersed in the breathless revolution of the digital age This book not only explores how the dream child from the past has returned to reflect misgivings about imagined dystopian futures but also reveals how the rebirth of the dream child opens up possibilities for new narratives where happy endings remain viable against all odds It will appeal to scholars in a wide variety of fields including Childhood Studies Children s YA Literature Cinema Studies Cultural Studies Cyberculture Gender Studies Queer Studies Gothic Studies New Media and Popular Culture
