What Does A Novel Mean:

The Ironic Apocalypse in the Novels of Leopoldo Marechal Norman Cheadle, 2000 A fresh look at the Argentine novelist Marechal emphasises his subversive approach in his novels to the Peronist politics of his time Leopoldo Marechal has become a chosen precursor of many contemporary Argentine writers cineastes and intellectuals and so his novels universally recognized but rarely studied demand treatment from a contemporary critical sensibility This study departs from the line of criticism that reads Marechal as a Christian apologist arguing instead that Marechal s metaphysical novels are really metafictional ludic exercises informed by ironic scepticism Ad n Buenosayres 1948 inverts the Christian Platonist narrative of redemption through the Logos in El Banquete de Severo Arc ngelo 1965 Marechal tongue firmly in cheek leads his readers on a metaphysical wild goose chase and in Megaf n o la guerra 1970 he finally lays apocalypticism to rest The close readings of his novels presented in this book help to lay the theoretical groundwork underpinning Marechal s reinscription

Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this **Metaphor and Meaning in D.H. Lawrence's Later Novels** John B. Humma, 1990

Although D H Lawrence s later novels have been the subject of much discussion by critics few scholars have recognized or dealt with his sense of craft By examining Lawrence s careful and finely orchestrated strategies with language especially metaphor Humma argues that a number of the longer works from Aaron s Rod on and including the posthumously published The Virgin and the Gipsy are small masterpieces Different in kind from Women in Love or The Rainbow these fictions are very important in their own way Humma maintains that the early and middle novels work largely through powerful symbols Those of the last decade though develop through an intricate interlacing of metaphor and symbolic detail Humma devotes a chapter to each to Aaron s Rod The Ladybird Kangaroo St Mawr The Plumed Serpent The Virgin and the Gipsy Lady Chatterley s Lover and The Escaped Cock Aaron s Rod as a transitional work reveals much about Lawrence s narrative method and its dependence upon combinations of images The Plumed Serpent Humma suggests is Lawrence s most ambitious failure Other critics have faulted plot character and meaning but Humma sees incoherent metaphors as the basis for those other problems Because Lawrence s metaphors shape myths essential to central actions and meanings the reader cannot fully appreciate the strategic function of metaphor in them When Lawrence s method is successful as it is in Lady Chatterley s Lover for example figures of speech overlap each other crossing boundaries in a web of interpenetrating metaphors that provide both structural integrity and thematic resonance Paying close attention to the texts Metaphor and Meaning in D H Lawrence s Later Novels shows that

Lawrence was far from the indifferent craftsman in his later fiction that he has frequently been considered. In fact Lawrence was acutely aware that language and meaning are inseparable that technique as Mark Schorer said is discovery. John Humma's fresh perspective upon the art and meaning of Lawrence's later work provides a major revaluation of this last phase in the writer's career.

What Does 'Art' Mean Now? Bruce Fleming, 2023-06-22 What Does Art Mean Now asks and answers fundamental questions about the nature of aesthetic experience and role of the arts in contemporary society. The Modern Age, Romanticism and beyond viewed art as something transcending and separated from life and usually something encountered in museums or classrooms. Nowadays however art tends to be defined not by a commonly agreed upon standard of quality or by its forms such as painting and sculpture but instead by political and ideological criteria. So how do we connect with the works in museums whose point was precisely that they stood apart from such considerations? Can we and should we be educated to appreciate art and what does it do for us anyway? What are we to make of the so different newer works, installations, performances, excerpts from the world held to be art that increasingly make it into museums? Adopting a

subjectivist approach this book argues that in the absence of a universal judgment or standard of taste the experience of art is one of freedom The arts give us the means to conceptualize our lives showing us ourselves as we are and as we might wish or not wish to be as well as where we have been and where we are going It will appeal to scholars of sociology philosophy museum studies and art history and to anyone interested in or puzzled by museums or college courses and their presentation of art today

An important debate in modern literary criticism concerns the exact relationship between the ancient epic and the novel Both the epic and the most ambitious modern novels are large scale attempts to present a comprehensive view of the world through the experience of a representative hero However in the older tradition the hero stood for the aspirations and highest ideals of his society The protagonist of the modern novel is usually at odds with that society whether as exile active rebel or antagonistic critic In *Novel Practices* the distinguished literary scholar Eugene Goodheart surveys a representative selection of modern novelists tracing how the epic impulse has been reshaped under the conditions of modernity Goodheart describes how George Eliot and James Joyce's comprehensive artistic creation enabled them to demonstrate a mastery of the world unattainable to their thwarted flawed or feckless heroes and heroines Works such as *Middlemarch* and *Ulysses* encyclopedic in their inclusiveness share an ambitious scope that is virtually synonymous with epic Goodheart shows that even in shorter works such as James's *The Beast in the Jungle* and Ford Maddox Ford's *The Good Soldier* the standard of the epic hero acts as an ironic subtext A chapter on Thomas Mann provides a European perspective enacting conflict between self and society through a dramatized contest of ideas Goodheart explores ambiguities of point of view as characteristic of modern uncertainty how much authority or reliability should the reader concede to the narrator What is the relationship between the narrator and the author These and related questions are addressed in chapters on Lawrence James Bellow Woolf and Roth which also deal with the place of literary biography in understanding fiction Goodheart's approach centers on fiction and although he takes cognizance of the critical theory of the past several decades he nevertheless emphasizes the centrality of the author and authorial intention *Novel Practices* will be essential reading for students of literature culture and intellectual history Eugene Goodheart is Edythe Macy Gross Professor of Humanities Emeritus at Brandeis University His books include *Modernism and the Critical Spirit* and *Culture and the Radical Conscience* both available from Transaction
