What's The Worst That Can Happen? James McDonald, 2022-07-29 In 2006 I was told by a spirit guide that I would write a book Yes I see spirits That sounds good but what story had I to tell Tell the story of how you came from the slums of Glasgow pushed away your gifts of sixth sense and rediscovered them as an adult Okay from the slums of Glasgow to discovering that you re a psychic in your late forties sounds good but the part in between might sound uninteresting Think about it I was told You will soon be given the opportunity to write My life was to follow two paths communicating with spirit and learning to replace fear with love My guidance came from two sources spirit and dreams My childhood had been a lie and I came to realise that much of my adult life was a lie also I wasn't quite the person that I thought I was During my childhood I had been abused by my father a person I was supposed to trust When anything horrific happened to me I would pretend that it never happened Unfortunately I continued with this habit as an adult and would have difficulty facing up to anything I had two options run as I had been doing or face the truth about myself I opted for the latter Today I do not acknowledge negativity I learn from every experience and think positively It does help somewhat when the guidance that I receive is out of this world
