When Does School Starts Caddo Parish:

Place, Race, and Identity Formation Ed Douglas McKnight, 2017-04-07 In this work of curriculum theory Ed Douglas McKnight addresses and explores the intersections between place with specific discussion of Kincheloe's and Pinar's conceptualization of place and identity and race specifically Winthrop Jordan's historical analysis of race as an Anglo European construction that became the foundation of a white mythos To that end he employs a form of narrative construction called curriculum vitae course of life a method of locating and delineating identity formation which addresses how theories of place race and identity formation play out in a particular concrete life By working through how place racializes identity and existence the author engages in a long Southern tradition of storytelling but in a way that turns it inside out Instead of telling his own story as a means to romanticize the sins of the southern past he tells a new story of growing up within the white discourse of the Deep South in the 1960s and 70s tracking how his racial identity was created and how it has followed him through life Significant in this narrative is how the discourse of whiteness and place continues to express itself even within the subject position of a curriculum theorist teaching in a large Deep South university The book concludes with an elaboration on the challenges of engaging in the necessary anti racist complicated conversation within education to begin to work through and cope with heavy racialized inheritances Outhouse to Whitehouse Jimmy Mosley, 2010-08-12

at every turn they run right into each others arms as they jointly learn that the hardest person to forgive is yourself Within this clash of cultures lies the core message of A Spent Bullet Rural Louisiana is never the same and neither are the soldiers who learn about Louisiana mud mosquitoes and misery mixed with memorable Southern hospitality More than a love story A Spent Bullet recreates a memorable but largely forgotten time in Louisiana and our nations history Told in the warm and touching style loved by readers of his previous eight books Curt Iles weaves a story of love history and redemption
