inspiration of this book came from the death of my mother Frances Edith Nix Tolliver She died February 19th 2007 She was born April 24th 1920 I was fortunate enough to have her 56 years of my life We are not raised to die we are raised to live even though the plot from mankind is like they would do sheep cows or chickens although you are cared for to a certain degree you are not going to make it out of this world alive My thought on this is that if we were raised to die there would probably be more tragedy probably be more destruction and chaos and then again maybe not I also agree that because there are enormous amounts of people and quite a few that would like to run the world a certain way we will never unite to a calm and peace that can exist given the right circumstances **Death.
