Angels Walk Joan Anderson,1995-12 **The Secret Life of Angels** Ron Rhodes,2014-10-01 You've probably seen depictions of angels in popular TV shows and movies and you may have read about angel encounters. With this fascinating and inspirational guide, you'll journey through God's Word and discover who angels are, what they are like, and how they are involved in your life today. You'll also find solid biblical answers to such questions as: Where did angels come from? Are all angels good? Should we communicate with angels? Angels are active all around you, so that you can be certain. As you learn the truth about their secretive role in the world, you'll be encouraged to see the ways angels are indeed available to help us.

Angel's Legacy Susan Farr Fahncke,2012-04 What would you do if this was your last year on earth? What if someone you couldn't live without had only one year? How would you live that year? We have all been impacted by cancer. Some of us have battled it. Others have fought alongside loved ones in their own battle. Angel was a warrior whose fight with cancer changed her for the better. With deep compassion and gratitude, Angel lived each day with great caring for others. Her joyous love for others and for life left a great many lessons for us all. Angel's Legacy is a finding of what really matters and also what doesn't. It is having peace amid pain. It is having faith despite fear and loving others above yourself. Angel's Legacy shows you how to live in happiness despite your own personal pain and challenges. Whether you are a caregiver, are fighting cancer, or simply love someone who is, Angel's Legacy is for you. Her story will lift you and find you asking yourself, what will your legacy be?

Narrative Cultures and the Aesthetics of Religion Dirk Johannsen, Anja Kirsch, Jens Kreinath,2020-01-29 *Narrative Cultures and the Aesthetics of Religion* presents the aesthetics of narrativity in religious contexts by approaching narrative acts as situated modes of engaging with reality, equally shaped by the immersive character of the stories told and the sensory qualities of their performances. Introducing narrative cultures as an integrative framework of analysis, the volume builds a bridge between classical content-based approaches to narrative sources and the aesthetic study of religions as constituted by sensory and mediated practices. Studying stories in conjunction with the role that performative acts of storytelling play in the cultivation of the senses, the contributors explore the efficacy of storytelling formats in narrative cultures from ancient times until today in regions and cultures across the globe. Contributors are Stefan Binder, Arianna Borrelli, Markus Altena Davidsen, Laura Feldt, Ingvild S. Lid Gilhus, Dirk Johannsen, Jens Kreinath, Isabel Laack, Martin Lehnert, Brigitte Luchesi, Bastiaan van Rijn, Caroline Widmer, Annette Wilke, Katharina Wilkens.

Evil Spirits Gary Banham, Charlie Blake, 2000 Incorporating a diversity of approaches from a variety of disciplines this book provides a major reassessment of the question of nihilism in modernity and interrogates this through the growing interest in angels and demons in contemporary philosophy The collection examines the uncanny return of angelic and demonic principles in current cultural production and thinking and aims to show that the repression of thought about spiritual entities at the onset of modernity is linked to the appearance of a new form of evil that manifests itself through nihilism
