Urban Geography in South Africa Ruth Massey, Ashley Gunter, 2019-08-17 This book embraces South Africa and its place in the Global South providing a succinct theoretical and empirical analysis and discussion of urban issues in the country There have been sporadic calls from the Urban Geography community for the development of an overarching and comprehensive text that explores contemporary processes and practices taking place in urban South Africa and more widely the Global South This is an edited collection of chapters by leading urban theorists and practitioners working on various themes within urban South Africa and serves as a base for scholars and students interested in urban perspectives from countries in the Global South

The Politics of Custom John L. Comaroff, Jean Comaroff, 2018-03-08 How are we to explain the resurgence of customary chiefs in contemporary Africa Rather than disappearing with the tide of modernity as many expected indigenous sovereigns are instead a rising force often wielding substantial power and legitimacy despite major changes in the workings of the global political economy in the post Cold War era changes in which they are themselves deeply implicated This pathbreaking volume edited by anthropologists John L. Comaroff and Jean Comaroff explores the reasons behind the increasingly assertive politics of custom in many corners of Africa Chiefs come in countless guises from university professors through cosmopolitan businessmen to subsistence farmers but whatever else they do they are a critical key to understanding the tenacious hold that traditional authority enjoys in the late modern world Together the contributors explore this counterintuitive chapter in Africa's history and in so doing place it within the broader world making processes of the twenty first century

Land, Rights and the Politics of Investments in Africa by Lars Buur, José J. Macuane, Faustin P. Maganga, Rasmus H. Pedersen, 2023-03-02. In response to the recent surge in extractive natural resource investments in Africa, this insightful book explores how relations between investors, ruling elites, and local populations develop when large scale investments in gas, minerals, and agriculture expand. Advancing a multi level approach that encompasses rigorous theoretical analysis, fieldwork, and literature review, expert contributors examine the implementation of natural resource investments and the extent to which they respect rights of local populations.

Sub National Constitutional Law in South Africa by Rassie Malherbe, Dirk Brand, 2017-02-24. Derived from the renowned multi volume International Encyclopaedia of Laws, this very useful analysis of Sub National constitutional law in South Africa provides essential information on the country's sources of constitutional law, its form of government, and its administrative structure. Lawyers who handle transnational matters will appreciate the clarifications of particular terminology and its application. Throughout the book, the treatment emphasizes the specific points at which constitutional law affects the interpretation of legal rules and procedure. Thorough coverage by a local expert fully describes the political system, the historical background, the role of treaties, legislation, jurisprudence, and administrative regulations. The discussion of the form and structure of government outlines its legal status, the jurisdiction and workings of the central state organs, the subdivisions of the state, its decentralized authorities, and concepts of citizenship. Special issues include the legal position of aliens, foreign relations, taxing and spending powers, emergency laws, the power of the military, and the constitutional relationship between church and state. Details are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable time saving tool for both practising and academic jurists. Lawyers representing parties with interests in South Africa will welcome this guide, and academics and researchers will appreciate its value in the study of comparative constitutional law.

Higher Education Pathways Paul Ashwin, M. Case, 2018-12-13 In what ways does access to undergraduate education have a transformative impact on people and societies What conditions are required for this impact to occur What are the pathways from an undergraduate education to the public good including inclusive economic development These questions have particular resonance in the South African higher education context which is attempting to tackle the challenges of widening access and improving completion rates in a system in which the segregations of the apartheid years are still apparent Higher education is recognised in core legislation as having a distinctive and crucial role in building post apartheid society

Undergraduate education is seen as central to addressing skills shortages in South Africa. It is also seen to yield significant social returns including a consistent positive impact on societal institutions and the development of a range of capabilities that have public as well as private benefits. This book offers comprehensive contemporary evidence that allows for a fresh engagement with these pressing issues. *Handbook of Research on Advocacy, Promotion, and Public Programming for Memory Institutions* Ngulube, Patrick, 2019-01-11. Memory institutions such as archives, libraries, and museums collect, arrange, describe, and preserve their collections and holdings in order to make them accessible to the community. However, these institutions remain underutilized and are struggling to raise awareness of their existence and attract users and funders. The *Handbook of Research on Advocacy, Promotion, and Public Programming for Memory Institutions* is a collection of innovative research on emerging strategies such as advocacy, outreach, marketing, and public programming to promote memory institutions and engage the community. While highlighting topics including customer service, solutions, social media, and collection development strategies, this book is ideally designed for heritage management and information professionals, curators, museum management, archival specialists, librarians, policymakers, researchers, and academicians.
