This essay is about how my family has raised me since the day that I was born. Also, I will talk about my illness and the community around me how they have helped me throughout life. "My family" one of the best words that I love, because my family has raised me since I was born. Coming out to the world and starting to develop my body system as the years move on has been great. Especially, my [mother](#) she has been there for me and one of the things that makes me feel great is that she never goes by herself I always tend to be by her side. The last main point is my community, because they were always there for me they never let me do things alone. I remember when I had my surgery I was in bed for a whole week it felt miserable. Not having people coming to see me felt bad, even though I helped them in some things they did not appreciate it. Until one day my neighbors and friends came to see me I felt great, because they made me do everything so I can get out of the hospital as soon as possible. When I got home and the days passed I started to recover from that surgery and got to the routine with the neighbors they helped me in tasks and I helped them back it was good. Thanks to them coming to visit me in the hospital, because if I was lonely chances are that I would even be in the hospital still or something else would of happened. That is why I am enjoyable on having those close neighbors and friends because they are capable of helping one another.

I would want the rep to know how my illness made my [family](#) raise me differently, and how my community has also been part of helping me. It will be good for them to know all this because it shows
