**Autobiography as a Writing Strategy in Postcolonial Literature** Benaouda Lebdai, 2015-02-05 Autobiography a fully recognised genre within mainstream literature today has evolved massively in the last few decades particularly through colonial and postcolonial texts By using autobiography as a means of expression many postcolonial writers were able to describe their experiences in the face of the denial of personal expression for centuries This book is centred around the recounting and analysis of such a phenomenon Literary purists often reject autobiography as a fully fledged literary genre perceiving it rather as a mere life report or a descriptive diary The colonial and postcolonial autobiographical texts analysed in this book refute such perceptions and demonstrate a subtle combination of literary qualities and the recounting of real life experiences This book demonstrates that colonial and postcolonial autobiographical texts have established their literarity The need for postcolonial authors to express themselves through the I and the me as subjects and not as objects is the essence of this book and confirms that self affirmation through autobiographical writing is indeed an art form

*Autobiography on the Spectrum* Beth A. Myers, 2019-05-17 Autobiography on the Spectrum challenges prevailing notions about autism by offering a critically unconventional perspective the viewpoint of adolescents who are themselves on the spectrum Examining a year long inquiry Myers highlights the autobiographical works of the students through writing photography poetry art and more She argues that autistic youth are not being accurately depicted in current research not because they are unable to represent their own experiences but because their experiences are not always valued In contrast this book explores how autistic youth can and do represent themselves and shows educators how to create a space for the voices of these students Offering a deep look into a world that is rarely seen Autobiography on the Spectrum is a critical resource for teacher preparation and professional learning in any field that interacts with individuals with autism or other disabilities A powerful counternarrative to deficit perspectives that characterize autism in terms of deficiency and disease Curt Dudley Marling professor emeritus Boston College This book's needs to be in the hands of teachers everywhere Douglas Biklen dean emeritus Syracuse University School of Education and co producer of Academy Award nominated documentary *Autism is a World* This important book illustrates many ways educators can expand how they listen to autistic children and adolescents Paula Kluth consultant author and independent scholar

*Steven Spielberg's Children* Linda Ruth Williams,2025-08-12 Why has Steven Spielberg s

work been so often identified with childhood and children How does the director elicit such complex performances from his young actors Steven Spielberg's *Children* is the first book to investigate children childhood and Spielberg's employment of child actors together and in depth Through a series of lively readings of both the celebrated performances he elicits from his young stars in films such as *E.T. The Extra Terrestrial* *A.I. Artificial Intelligence* and *Empire of the Sun* as well as less discussed roles in films such as *War of the Worlds* *The BFG* and *Jurassic Park* this book shows children to be key players in the director's articulation of childhood since the 1970s Steven Spielberg's *Children* presents children and childhood in some surprising ways not only analyzing boyhood and girlhood according to Spielberg but considering children as alien adult children who refuse to grow up and children who aren't even human It discusses the way in which children have served to cast Spielberg as a sentimentalist but also how they are more frequently framed as complex cruel and canny The child might be dangled as bait in an exploitation horror scenario *Jaws* might become the image of universal higher beings *Close Encounters of the Third Kind* or might be a young cultural creator like the director was himself *The Fabelmans* born with a camera glued to his eye The child on both sides of the camera is a resonant image signifying all that adult culture wants it to be yet resisting this through authorship of their own stories The book also looks at Spielberg's young actors in the long history of child stars in theater and cinema and how Spielberg's children have fared as performers and celebrities

**Children Today**, 1986      **The Shelter of Each Other** Mary Pipher, PhD, 2008-11-25 Simple solutions for survival in this family unfriendly culture Eye opening heart wrenching and uplifting *San Francisco Chronicle* Even more resonant today than at its original publication in 1996 *The Shelter of Each Other* traces the effects of our society's anti family way of life where parents are overtaxed children are undersupervised and technology is rapidly dictating how we interact As she did in her number one bestseller *Reviving Ophelia* Mary Pipher illuminates how our families are suffering at the hands of shifting cultural norms and she snaps our gaze into crisp focus Drawing on the fascinating stories of families rich and poor angry and despairing religious and skeptical and probing deep into her own family memories and experiences Pipher clears a path to the strength and energy at the core of family life Compassionate and heart wrenching *The Shelter of Each Other* is an impassioned call for us to gather our families in our arms and hold on to them for dear life      **The Routledge Companion to Children's Literature** David Rudd, 2012-07-26 *The Routledge Companion to Children's Literature* is a vibrant and authoritative exploration of children's literature in all its manifestations It features a series of essays written by expert contributors who provide an illuminating examination of why children's literature is the way it is Topics covered include the history and development of children's literature various theoretical approaches used to explore the texts including narratological methods questions of gender and sexuality along with issues of race and ethnicity realism and fantasy as two prevailing modes of story telling picture books comics and graphic novels as well as young adult fiction and the crossover novel media adaptations and neglected areas of children's literature *The Routledge Companion to Children's Literature*

contains suggestions for further reading throughout plus a helpful timeline and a substantial glossary of key terms and names both established and more cutting edge This is a comprehensive and up to date guide to an increasingly complex and popular discipline

*Sneaky Kid and Its Aftermath* Harry F. Wolcott, 2002-08-15 Brad a schizophrenic school dropout and sneaky kid first appeared as a squatter near Harry Wolcott's forest home He becomes Wolcott's subject in a long term life history on how the educational system can fail students Wolcott's trilogy of articles based on their years of interviews were well received until he admitted to an intimate relationship with the young man who two years after leaving his shack returned and attempted to murder the anthropologist The Brad Trilogy then became the focus of heated academic discussions of research ethics validity intimacy and the limitations of qualitative research Here Wolcott presents the full story of the Sneaky Kid and the firestorm it caused Written in Wolcott's masterful style the case offers an ideal starting point for discussing the complex public and personal dimensions of qualitative research with students Included as an Appendix is the complete script of Johnny Saldana's ethnodrama recounting the story in play form

**Popular Music Autobiography** Oliver Lovesey, 2021-12-02 The 1960s saw the nexus of the revolution in popular music by a post war generation amid demographic upheavals and seismic shifts in technology Over the past two decades musicians associated with this period have produced a large amount of important autobiographical writing This book situates these works in the forms of formal autobiographies and memoirs auto fiction songs and self fashioned museum exhibitions within the context of the recent expansion of interest in autobiography disability and celebrity studies It argues that these writings express anxiety over musical originality and authenticity and seeks to dispel their writers celebrity status and particularly the association with a lack of seriousness These works often constitute a meditation on the nature of postmodern fame within a celebrity obsessed culture and paradoxically they aim to regain the private self in a public forum

*Children and Biography* Kate Douglas, 2022-08-25 The first study of life narratives produced for about and written by children this book examines the recent popularity of children's biographies and how they engage with the biggest issues of our time environmental change health crises education and children's personal and political development Beginning with a literary historical overview *Children and Biography* proceeds to examine 21st century examples and trends such as illustrated texts including *Women in Science* the *Fantastically Great Women Who books* *Rebel Dogs* *Goodnight Stories for Rebel Girls* *Kids Who Did My Beautiful Birds* and *The Journey* The book also considers archives of children's writings and drawings in particular the testimonies of child asylum seekers children's biographical art and Lockdown diaries produced during the Covid 19 pandemic By analyzing these works alongside empirical studies into how such material is received by child readers and how texts generated by children are perceived both by them and their parents this book provides new knowledge on how biographies for children are produced and read Comprehensive and original
