What Was The Driving Force Of Imperialism In Africa

John Atkinson Hobson

What Was The Driving Force Of Imperialism In Africa:

Capitalism and Imperialism in South Africa John Atkinson Hobson, 1900 *Abolitionism and Imperialism in Britain, Africa, and the Atlantic* Derek R. Peterson, 2010-01-05 The abolition of the slave trade is normally understood to be the singular achievement of eighteenth century British liberalism Abolitionism and Imperialism in Britain Africa and the Atlantic expands both the temporal and the geographic framework in which the history of abolitionism is conceived Abolitionism was a theater in which a variety of actors slaves African rulers Caribbean planters working class radicals British evangelicals African political entrepreneurs played a part The Atlantic was an echo chamber in which abolitionist symbols ideas and evidence were generated from a variety of vantage points These essays highlight the range of political and moral projects in which the advocates of abolitionism were engaged and in so doing it joins together geographies that are normally studied in isolation Where empires are often understood to involve the government of one people over another Abolitionism and Imperialism shows that British values were formed debated and remade in the space of empire Africans were not simply objects of British liberals benevolence They played an active role in shaping and extending the values that Britain now regards as part of its national character This book is therefore a contribution to the larger scholarship about the nature of modern empires Contributors Christopher Leslie Brown Seymour Drescher Jonathon Glassman Boyd Hilton Robin Law Phillip D Morgan Derek R Peterson John K Thornton *An Economic History of Development in sub-Saharan Africa* Ellen Hillbom, Erik Green, 2019-06-19 This is a desperately needed book It not only surveys the field of African economic history at the level of undergraduate students but provides several fresh perspectives drawing on insights from the latest research on the evolution of African societies and their economic prosperity This valuable source of teaching material will be the premier text on African economic history for at least the next decade Johan Fourie Stellenbosch University South Africa This upper level textbook offers a historical understanding of sub Saharan Africa By looking at the economic history of the African region from before the arrival of European territorial control all the way through to Africa s integration in the current era of globalisation readers can understand the development paths for African countries today Organisation of production social structures trade and governance are key factors in the discussion about African success stories and failures Suitable reading for upper level undergraduates MSc and postgraduate students in addition to policy makers and development practitioners looking for a comprehensive overview of Africa from an economic and social perspective Hillbom and Green also provide a starting point for the study of African economic history for those who would like to continue their own research in this area

Globalization in Africa Etham B. Mijah, Moses E. U. Tedheke, Usman A. Tar, 2016-10-28 This book presents critical perspectives on the impacts of globalization in Africa with particular reference to the crisis of development and governance the crisis of peace and security and the environmental crisis It explores both global and local factors that exacerbate these crises and seeks solutions to these challenges With a strong slant on African experience and perspectives the book reveals

that globalization has presented Africa with both challenges and opportunities for governance and existence in an increasingly inter connected planet

Africa in Black Liberation Activism Tunde Adeleke, 2016-12-19 This book analyzes three of the most accomplished twentieth century black diaspora activists Malcolm X Stokely Carmichael and Walter Rodney All began their careers in the Diaspora and later turned toward Africa This became the foundation for developing and solidifying a global force that would advance the struggles of Africans and people of African descent in the Diaspora Adeleke explores this African centered discourse of resistance which informed the collective struggles of these activists The book illuminates shared attributes and differences presenting these men as unified by a struggle against and resistance to shared historical and cultural challenges

The Oxford Handbook of the History of Political Philosophy George Klosko, 2011-05-26 The Oxford Handbook of the History of Political Philosophy presents fifty original essays each specially written by a leading figure in the field covering the entire subject of the history of political philosophy They provide not only surveys of the state of research but substantial pieces that engage with and move forward current debates Part I addresses questions of method Contributors discuss the contextual method classically articulated by Quentin Skinner along with important alternative methods associated with Leo Strauss and his followers and contemporary post modernism This section also examines the value of the history of political philosophy and the history of the discipline itself Part II Chronological Periods works through the entire history of Western political philosophy While most contributions address recognizable chronological periods others are devoted to more specialized topics including the influence of Roman Law medieval Arabic political philosophy Socialism and Marxism Aspects of the history of political philosophy that transcend specific periods are the subject of Part III Essays on topics such as democracy the state and imperialism trace theoretical developments over time The histories of major non Western traditions Muslim Confucian and Hindu are discussed in the final Part with special reference to their relationships to Western political thought

Africas Best and Worst Presidents Nkuzi Mhango, 2016-10-15 Africas Best and Worst Presidents seeks to deconstruct the current superstructure that colonialism created and maintains It chastises and challenges Africans academics in the main to revisit and write a true history of Africa Written by Africans themselves such rewritten histories should aim to counter the counterfeit narratives which have proliferated poisoned and diminished African sense of self and self confidence The history centred on African perspectives and experiences should go a long way in our quest to truly unfetter Africa from dependency desolations and mismanagement This book calls upon all Africans to stand up fearlessly and tirelessly to take on decadent and despotic regimes that have always held Africa at ransom as they get lessons from the best managers of state affairs on whose feats they must expand The option to critique cross examine and dissect past African presidents and their excesses is aimed at giving the young and frustrated generations of Africans the intellectual resources they need to arm themselves in resolve and pursuit of Africas emancipation

Encyclopedia of Historians and Historical Writing Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from

Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

The Imperialist Question in Middle East and North Africa Matteo Capasso, Ali Kadri, 2025-10-27 This book reveals how today's devastating conflicts across Gaza Syria and the broader Middle East represent imperialism in its most destructive form Leading Area Studies scholars move beyond fragmented analyses to examine how US led imperial power functions as a comprehensive system from Tunisia's financial dependency to the weaponization of feminist discourse in justifying violence Central to this analysis is the concept of accumulation by waste demonstrating how systematic destruction has become imperialism's primary mechanism for maintaining regional control Through diverse case studies spanning North Africa to the Arabian Peninsula the authors illuminate how military interventions financial domination and ideological warfare work in concert to preserve Western hegemony Yet this collection also documents emerging alternatives from Palestinian resistance in Gaza to China's development model pathways beyond imperial control are taking shape This book is essential reading for anyone seeking to understand the forces shaping our world and the struggles necessary to transform it This volume speaks to students scholars and policymakers across International Relations Political Economy Marxist Studies Middle Eastern Studies and Critical Security Studies Originally published as a special issue of Middle East Critique this edition features three additional chapters and a thoroughly updated introduction that addresses recent developments across the region

The Contemporary Review, 1900

BRICS and Resistance in Africa Justin van der Merwe, Patrick Bond, Nicole Dodd, 2019-10-15 Though initially considered a welcome counterweight to Western interest across Africa the BRICS are increasingly being viewed as another example of foreign interference and exploitation BRICS and Resistance in Africa explores the varied forms of African resistance being developed in response to the growing influence of the BRICS Its case studies cover such instances as the opposition to China's One Belt One Road initiative in East Africa resistance to the BRICS oil activities in the Niger Delta and the role of the BRICS in Zimbabwe's political transition The contributors expose the contradictions between the group's rhetoric and its real impact as well as the complicity of local elites in serving as proxies for the BRICS nations By challenging and expanding the debates surrounding BRICS involvement in Africa this collection offers new insight into resistance to globalization in the global South

Translations on Sub-Saharan Africa United States. Joint Publications Research Service, **Mining Tycoons in the Age of Empire, 1870-1945** Raymond E. Dumett,2009 The years of the late nineteenth and early twentieth centuries aptly described by Mark Twain as the Gilded Age witnessed an unprecedented level of technological change material excess untrammelled pursuit of profit and imperial expansion Within this dynamic and often ruthless environment many colorful characters strode across the world stage among them the great mining tycoons who constituted one of the major spearheads of global capitalistic expansion and colonial exploitation This volume which carries the epic story to the mid twentieth century provides a truly international perspective on the role of mining entrepreneurs investors and engineers in shaping the economic and political map of the globe in testing management techniques and in setting a vogue for extravagant displays of wealth among the world s rich **David Livingstone: The Wayward Vagabond in Africa** N. Kahende,2019-06-25 David Livingstone The Wayward Vagabond in

Africa is an expression of doubt about the reason d'être concerning the 19th Century explorers and missionaries in Africa. Led by David Livingstone the Scottish explorer and missionary they are said to have come to civilise backward Africans which the author creatively reimagines arguing that it is far from the truth. Instead their actions gave impetus to colonialism proper. In this book the omniscient narrator Everywhere is God's special envoy mandated to witness history with far reaching consequences for humanity. His investigation is to help nail David Livingstone on Judgment Day much the same way St Peter chronicles events in the Book of Life. Read about how Everywhere the spirit rides on wind walks on water enters into his characters stream of consciousness and even discerns how they interpret the world around them. The novel retraces Livingstone's early life from his deprived childhood in Blantyre Scotland his ideological evolution and training in London and his dramatic sojourn in Monomotapa kingdom which he half believes is his destiny. The satirical tone in the novel aptly captures that delusional aspect of Livingstone's God ordained mission to the world.

Regionalism in Africa Daniel C Bach, 2015-12-22 Africa which was not long ago discarded as a hopeless and irrelevant region has become a new frontier for global trade investment and the conduct of international relations. This book surveys the socio economic intellectual and security related dimensions of African regionalisms since the turn of the 20th century. It argues that the continent deserves to be considered as a crucible for conceptualizing and contextualizing the ongoing influence of colonial policies the emergence of specific integration and security cultures the spread of cross border regionalisation processes at the expense of region building the interplay between territory space and trans state networks and the intrinsic ambivalence of global frontier narratives. This is emphasized through the identification of distinctive threads of regionalism which by focusing on genealogies trajectories and ideals transcend the binary divide between old and new regionalisms. In doing so the book opens new perspectives not only on Africa in international relations but also Africa's own international relations. This text will be of key interest to students and scholars of African politics African history regionalism comparative regionalism and more broadly to international political economy international relations and global and regional governance.

Environment and Economics in Nigeria Toyin Falola, Adam Paddock, 2012-05-23 This volume gathers contributors across a wide range of disciplines to explore the relationship between the environment economics and development in Nigeria from the twentieth century to the present examining issues such as violence health and contemporary concerns about sustainability and conservation. It sheds light not just on the environmental history of Nigeria a crucial paradigmatic case in its own right but also offers insights into these issues as they manifest themselves throughout the developing world.

The Storied City Charlie English, 2017-05-02 Timbuktu is a real place and Charlie English will fuel your wanderlust with true descriptions of the fabled city's past present and future. Fodor's Two tales of a city. The historical race to discover one of the world's most mythologized places and the story of how a contemporary band of archivists and librarians fighting to save its ancient manuscripts from destruction at the hands of al Qaeda added another layer to the legend. To Westerners the name Timbuktu

long conjured a tantalizing paradise an African El Dorado where even the slaves wore gold Beginning in the late eighteenth century a series of explorers gripped by the fever for discovery tried repeatedly to reach the fabled city But one expedition after another went disastrously awry succumbing to attack the climate and disease Timbuktu was rich in another way too A medieval center of learning it was home to tens of thousands according to some hundreds of thousands of ancient manuscripts on subjects ranging from religion to poetry law to history pharmacology and astronomy When al Qaeda linked jihadists surged across Mali in 2012 threatening the existence of these precious documents a remarkable thing happened a team of librarians and archivists joined forces to spirit the manuscripts into hiding Relying on extensive research and firsthand reporting Charlie English expertly twines these two suspenseful strands into a fraught and fascinating account of one of the planet s extraordinary places and the myths from which it has become inseparable
